FRIDAY BARGAIN DAY

AUGUSTA SWEPT BY Didn't Expect To Live

In a letter to the Pinus laboratories, Mrs. G. O. Walker, of Walker, Lane County, Oregon, writes:

"I have been taking Fruitola and it has been a great relief. I suffered so with gall-stones my family and friends didn't expect me to live."

Fruitola is a powerful intestinal lubricant and softens the harden-ed particles that cause so much suffering, expelling the congested waste in an easy, natural monner, to the sufferer's great relief. A single done is usually sufficient to clearly indicate its efficacy. To build up and restore the weakened, run-down system. Traxo is highly recom-mended as a tonic-alterative that acts on the liver and kidneys, stimu-lates the flow of gastric juices to aid digestion and removes bile from the general circulation.

Fruitola and Traxo are prepared in the Pinus laboratories at Mon-ticello, Ill., and arrangements have been made to supply them through representative druggists. In Harrisburg they can be obtained at Gorgas, the druggist, 16 North Third street, P. R. R. Station.

A fund was started by voluntary do-nations and several thousand dollars was raised. Residences were thrown open to the homeless, commercial organizations remained open all night and churches turned their auditoriums into sleeping quarters. The State pro-vided 500 tents and blankets.

Paris Fire Sufferers Are **Being Rapidly Relieved**

By Associated Press Paris, Tex., March 23.—Work of re-lieving the 8,000 persons made home-less by the fire of Tuesday night was carried along swiftly to-day. Large sums of mones, raised in Paris and in cities nearby are being distributed by the relief committee. Hundreds of persons slept on lawns and in public buildings last night. Railroad stations were turned into dormitories for women and children. The death list remained at three, with one person missing.

TAXIMETER GIVES CUSTOMER PRINTED FARE RECEIPT

PRINTED FARE RECEIPT Arguments between cab drivers and their customers over fares charged are to be done away with by using a contrivance recently devised and now being tried out in an eastern city. Its special feature is that a printed slip is automatically delivered to the custo-mer at the end of a trip. The device and its operation are described in the Popular Mechanics Magazine. On the slip is given the straight fare, any extras that may be due, the meter number, and the date. A duplicate record is kept inside the machine for the company's benefit. This latter is even more compute than the former, and gives among other things the dis-tr.nce in miles traveled while the tasi-cab was hired; total distance covered by the cab whether hired or not; non-revenue-earning time in minutes, such as time lost in repairing times, etc., and the total fares in dollars and cents that have been collected by the driver, as well as each individual bill.
