GOVERNOR PLANS BIG LOCAL OPTION RALLY IN APRIL

Brumbaugh Will Speak at State-Wide Gathering; Arranged by J. Denny O'Neil

HEADQUARTERS QUIET Pittsburgh Political Writers See Possibilities of Peace in National Delegate Contest

Governor Martin G. Brumbaugh will urge Pennsylvania to elect local option legislators at a big State-wide rally to be held in this city in the week of April 10. It will be a greater rally than those held during the last legislative session and the Governor will be given the support of eminent and influential men.

The details of the meeting were arranged yesterday by J. Denny O'Neil, the Allegheny county leader, who is in charge of the local option campaign in Western Pennsylvania. The meeting will be held here at the same time as the convention of Pennsylvania boroughs, many of whose prominent men are interested in local option. Mr. O'Neil said that his visit here was on local option matters only, nothing else.

Headquarters Drowsy The Brumbaugh headquarters in the Franklin building is not very speedy. The Governor was away and there was nothing doing. The painters who are brightening up the corner corridors were the only busy ones. Even Paul N. Furman, the director of field operations in the absence of the Attorney General, could not think of anything particularly new in the campaign. With the Governor away the center of interest shifted and there was nothing doing beyond the usual contests breed rumors faster than anything else except a riot in the next town, and there are many flying.

Rumors of Peace The Pittsburgh newspapers continually refer to possibilities of the whole contest being ended, although not much of this kind of material is printed in Philadelphia. Seranton has heard some of the peace rumors, too. The Pittsburgh Dispatch to-day says that the failure of the two wings to announce slates is due to existing a good many to think that there may be a compromise. Mr. Furman said that the Brumbaugh delegates would not be announced until possibly next week. Senator Penrose is equally quiet. The Dispatch comments on the fact that there is no rush to get slates started and remarks that "the financial consideration is complete, steps will be taken to get the impasse broken. The Pittsburgh Dispatch, says the Dispatch, "believe that there is more than a reasonable prospect that there will be no general fight at the primary election. They admit that negotiations are on and expect that the contest may be narrowed down."
