9,000 VISIT NEW STROUSE STORE

Big Clothing Establishment
Thronged at Formal Opening Event

W.M. STROUSE

Harrisburg's new clothing store, 310 Market street, of which William Strouse, long identified with this line of business, is the proprietor, opened last night. It was an occasion that brought out many thousand people, who thoroughly inspected the new, up-to-date establishment with its large stock.

Nothing was sold last night. Mr. Strouse, associated with his son Josef, and with his large corps of salesmen, officiated as a reception committee, and welcomed the visitors. The doors opened at 7.30, and until 10.30 it is estimated that at least 9,000 people visited the new store.

The Municipal band occupied a decorated platform on the outside and Updegrave's orchestra furnished music on the inside. The decorations were elaborate and included several hundred baskets of flowers and numerous tropical plants. The artistic display of the interior added to the attractiveness of the scene and brought forth favorable comment.

The store has been furnished in English oak. Each piece of furniture was designed especially for this store. The lighting is a new feature, making the store a daylight establishment at all times, there being no direct glare from the lights. The color tints on the walls and ceilings are in keeping with the artistic finish of the furniture.

The stock is large and complete, including everything needed to clothe men and boys. Some new things are offered in styles and patterns and in addition to the clothing department there are gent's furnishings and hat departments, which attracted much attention last night. Souvenirs were given the visitors. Mr. Strouse received many congratulations, including a large number of telegrams from business firms and friends in the East.

Judge Kunkel Sends "Mooney" Campbell to Pen For 2 Years

Sentences of from eighteen months to two years in the Eastern Penitentiary was imposed to-day by President Judge Kunkel upon Albert, alias "Mooney" Campbell, the youth who was convicted of criminally attacking a 12-year-old girl in the Thirteenth ward.

Campbell, it appeared, has a Huntingdon Reformatory record and in the case of the late Judge Kunkel declared that a mistake had evidently been made in confining a man of Campbell's type in the reformatory. Other sentences imposed to-day included: Fred Gilmore, burglarizing jewelry stores from two and a half to five years in the penitentiary; William Webster, striking Ella Boone on the head with a hatchet, one year and a half to three years in the penitentiary; Walter Henry, larceny of milk, sentence suspended; James Metovic was tried for larceny because he refused to pay for some household goods bought at a sale. His wife pleaded guilty to "interfering with a legal process" in tearing down the door of the store. Isaac Heimer was acquitted of larceny.

Three months in jail was doled out to George Robinson, a negro, convicted of undue influence with a white girl in a moving picture show.

SMALL FIRE AT DOUTRICH'S

A small fire was discovered yesterday afternoon in the basement of the clothing store of Doutrich & Co., 304 Market street, but was extinguished before any damage had been done. Fire Chief John C. Governor Troop Veterans Organize Association

Washington, D. C., March 24.—Senator Lewis, Democrat, declared in a resolution, introduced to-day, that American authorities had knowledge of supplies and money furnished to Villa from foreign countries and from the United States. His resolution proposed to brand Americans who give such aid as "guilty of actual treason."

Last evening the "Governor's Troop Veterans Association" was organized at the armory of the active command at State and West streets. There was a large attendance of ex-members who had served in the troop in the twenty-eight years of its existence in part of the National Guard of Pennsylvania and also in the Governor's Troop, Pennsylvania Cavalry in the Spanish War. The members of the troop had prepared an inviting sauerkraut luncheon for their guests of the evening and it was thoroughly enjoyed by all. Captain George C. Jack, the troop commander, presided and addresses were made by many of the officers and members and the ex-members.

Preliminary work was done toward perfecting the new organization and temporary officers were chosen as follows: President, Captain Charles P. Meek; treasurer, Trooper S. Brady Caveny; and secretary, Sergeant Hugh L. McLaughlin. The next meeting of the association will be held at the armory on Friday evening, March 21, when permanent officers will be chosen. Men who have served in the troop are invited to attend this meeting and join the association.

TO REMOVE DANDRUFF

Get a 25-cent bottle of Danderino at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.—Advertisement.

NEW TREATMENT FOR SWOLLEN VEINS

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength) at any pharmacist and start to reduce the veins and burches at once. Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time because it is very concentrated. Apply night and morning with the soft brush as directed until the swelling is reduced to normal. It is so marvelously powerful that swollen glands, and even gonorrhea disappear when used steadily. All druggists can always supply you.—Advertisement.

SAFETY CONFAB WIDE REACHING

Organized efforts on the part of employers and employes to make safety first consideration in Pennsylvania's industries, the establishment of safety committees in every plant, on every railroad and in every factory and the education of the men and women who work to the prime importance of self-preservation were the objects announced as the aim of the accident prevention conference at the Capitol yesterday.

Following a series of notable addresses by captains of industry and State officials the conference late yesterday afternoon adopted resolutions which formally set forth its approval of the idea of calling the conference and announce desire to work for the objects enumerated. The resolutions adopted by the conference pointed out that, from present indications, there would be 300,000 employees injured during the present year.

at a tremendous loss to both employers and employes. They pointed out that twenty-two large manufacturing companies reduced their accidents by 58 per cent. by persistent and continued safety efforts by the executives and employes. The keynote of safety was declared to be education with a safety organization in every plant to promote safety.

It was resolved that the establishment of safety organizations be urged in all plants, and the delegates to the conference pledged to exert their efforts for the establishment of such organizations. The resolution committee included: Lew R. Palmer, chairman; James H. Maurer, H. D. Williams, C. C. Boner, Herbert Lloyd, Steve McDonald, L. S. Hubbard, William Young and Henry C. Eeling.

The following committees were appointed to promote safety in the various industries: Steel—Quincy Bent, Bethlehem Steel Company; C. W. Heppenstall, Heppenstall Forge & Knife Company; William B. Dickson, Midvale Steel Company. Coal—Robert A. Quinn, Susquehanna Coal Company; John B. Kerr, Scranton Coal Company; H. A. Taylor, Pittsburg Coal Company. Railroads—L. F. Loree, Delaware and Hudson; W. H. Truesdale, Delaware, Lackawanna and Hudson; C. H. Ewing, Philadelphia and Reading Railway. General—Paul Thompson, United

Gas Improvement Company; W. F. Lowrey, American Car and Foundry Company; Herbert Lloyd, Electric Storage Battery Company.

DARK AT SAVOY AND ALDINE
All the liquors, furniture and fixtures of the Savoy Hotel, one of the three hosteleries which were closed by the court's order, were sold by Sheriff Caldwell to-day. The furnishings brought \$1,025. This doesn't begin to satisfy the debts which include \$1,100 for rental of the building to ex-Selectman Jesse Hetrick, and \$1,500 to a brewing company for beer. E. S. Miller, proprietor of the Aldine, has been adjudicated a bankrupt. His effects will be placed in a trustee's hand.

Notice to Mothers

Please don't let your children read this—nor read it to them—unless they guessed the right name of the only family in Harrisburg that don't like SAVE-A-CENT.

I promised to tell those who guessed my puzzle how they could get a package of Wrigley's Spearmint Gum without drawing a single cent from their savings banks.

This is how. First ask mother whether you can't go to the grocery store for her and carryhome her groceries.

Then remind her that she's running short on scouring powder. She'll give you ten cents to buy a can.

Then say, "Suppose I can get something that does more work than three cans of scouring powder and does it better and easier for less than ten cents, can I have the change?" She'll be sure to say "yes."

Then hustle to the grocery store and say SAVE-A-CENT to the grocer man.

Ma will thank you—pa will thank you—and you'll thank yourself as you chew the Wrigley's Spearmint Gum.

Yours sincerely,
SUSIE SMART.
