Present Building Insufficient in Size States March Sessions

Report

March quarter sessions grand jury to-day recommended the erection of a new courthouse for Dauphin county in reporting to President Judge Kunkel on its work for the week.

"We find the courthouse insufficient in size and capacity to conveniently accommodate both the city and county offices and therefore concur in the recommendations of former grand juries for the erection of a new courthouse to overcome the present conditions," said the grand jury.

In accepting the report President Judge Kunkel said the suggestions were timely and that the county commissioners would undoubtedly consider them when the report was presented them.

Suggestions for repainting the entire courthouse, installation of coat racks in the grand jury room were also offered. New plumbing and safe-guards for radiators were recommended for the almshouse, along the lines recently suggested by the inspectors of the State board of charities.

Family of 11, Dies

Mrs. Emma E. Lingle, wife of Calvin D. Lingle, 113 North Seventeenth street, died this morning after a lingering illness of three months, aged 54. Mrs. Lingle was a daughter of the late Samuel McIlhenny and the first of the eleven children of that well-known family to pass away. The eldest of the family is 71 years old and the youngest 46, and all their lives they have lived together, residing either in Harrisburg or in the vicinity of Linglestown. John H., George W., and William A. McIlhenny, brothers, have been for years prominent in politics of Dauphin county, as was their father before them. John H. is a member of the county prison board George is secretary of the school board of Harrisburg and William A. is warden of the county jail. The other survivors are sisters.

Mrs. Lingle's death breaks the chain that has bound the brothers and sisters together for nearly a half century.

The funeral will be held on Tuesday at 2:30 o'clock, with services in the United Brethren church at Linglestown, at which place many of her friends and relatives reside.

Walsh Made Manager of Briscoe Advertising

The Briscoe Motor Corporation at Jackson, Mich., have just announced the appointment of Robt. T. Walsh as head of their advertising department. Mr. Walsh recently resigned a similar position with the Maxwell Company, of Detroit, and at one time he was assistant advertising manager of the Ford Motor Company.

He is familiar with all phases of advertising, which has been his work and study for the past eleven years.

Mr. Walsh's appointment is in line with Benjamin Briscoe's policy of building up an organization of specialists at the head of the various departments.

Soldiers Patrol El Paso
As far as El Paso is concerned, interest seems about equally divided between events in the interior of Mexico and the wild alarms over the border situation, which seem to die away each morning only to revive to renewed life and vigor with every nightfall. These were given impetus last night when it was learned that two companies of the Seventh Infantry had been ordered to report to the police headquarters in full marching order. After having been kept at the police station for a short time they were sent to the courthouse, where they passed the night. At the same time the military patrols on the streets were reinforced.

Mexican War Council Is Called at Queretaro; Only One "Battle" in Day

Queretaro, March 25.—With the arrival of seven generals and their staffs, Queretaro presents a warlike appearance. Generals Dieguez and Manzo, from Sonora, who have been with Obregon during his entire campaign, were called to Queretaro for a conference supposedly about the situation in the north. The border generals, J. Augustine Castro and Mujica, military commanders of the southern States of Tabasco and Oaxaca, have arrived to discuss military novements in the new Zapatista campaign.

The ministers of Italy and Spain paid their respects to Carranza.

Minister of War Obregon stated yesterday that during Wednesday there was only one fight in the whole republic and that there were only twelve soldlers killed. This statement was made to show that the entire republic was being rapidly pacified with the exception of the Zapatista region.

Massing of Mexicans Across Line From Douglas Causes Grave Fears

Washington, March 24.—Conflicting reports of the massing of Carranza Protests Delay of His Ammunition in reach here.

American consuls in northern Mexico reported that they found no massing of troops in the north.

Senator Ashurst, Arizona, however, received from D. A. Richardson, of Douglas, a telegram saying a Mexican general with 3,000 cavalry and forty cannon had arrived at a point over the border not more than ten blocks from the center of the city and that 7,000 additional Carranza cavalry were six miles south. Richardson telegraphed that the American troops stationed two miles from Douglas were inadequate.

Battalion Will Be Placed Along Border in Texas

By Associated Press

San Antonio, Texas, March 25.—In answer to protests from residents at Presidio, Marfa and Del Rio, Texas, for more protection, Major General Funston to-day announced that a battalion of the Twenty-fourth Infantry now on the way here from Fort D. A. Russell will be stationed in that district.

Consider Plans to Stop Spread of Wild Cat Rumors Along Border

By Associated Press

By Associated Press
Washington, March 25. — Convinced that powerful influences are at work to force intervention in Mexico through the spreading of alarming rumors, administration officials to-day were considering what steps shall be taken to bring the agitation to an end.

ing rumors, administration officials to-day were considering what steps shall be taken to bring the agitation to an end.

Many officials believe that a well-defined effort is being made by interests owning property in northern Mexico to inflame the minds of people in the United States and in Mexico to a point where war between the two countries would be inevitable.

Following a thorough discussion of the subject at yesterday's cabinet meeting, Secretary Lansing prepared a formal statement which was awaited to-day. President Wilson is said to be determined to stop the circulation of the inflammatory rumors and to take legal steps if necessary. The use of the law against the publication of reports tending to incite "arson and riot," tightening of the censorship on Mexican news and warning army officers on the border against giving out unconfirmed reports are all under consideration by administration officials.

Statement From Border

Fresident Wilson probably will issue the expected official statement on a darmist reports from the Mexican border instead of having Secretary Lansing do it as was at first planned. The President and the cabinet are so convinced that certain reports are part of a propaganda to force a general intervention in Mexico that it was decided the subject was of sufficient importance for the President to deal with personally.

To-day's advices from Consul Rodgers, at General Carranza's headquarters at Queretaro, reported a continuing favorable sentiment but made no mention of the American request for use of Mexican railway lines for transporting supplies to General Pershing's expedition.

With the wireless working satisfactorily for almost the first time since American troops have been in Mexico General Funston is awalting dispatches from General Pershing to confirm reports that United States troops have engaged Villa forces near Namiquipa.
