Other Women Involved

Rumors that still other women were involved in the case brought forth a revelation to-day from the district attorney's office that he had under advisement certain reports which have warranted an investigation to determine whether Waite has committed bigamy.

The prosecutor has declared that he is satisfied with the evidence connecting Waite with the alleged murder of his millionaire father-in-law, John E. Peck, of Grand Rapids. Efforts are being made now to prove that the young dentist planned and perhaps executed a more extensive criminal campaign.

Reports that Dr. Waite has made a further "confession" to his brother, Frank Waite, are confirmed by the brother, but the latter says that any announcement regarding further revelations made by the accused man must come from the district attorney.
