BOWMAN AND CO. ISSUES CHALLENGE

Management of Majestic Accepts; "The Fashion Girls" Here For 3 Days More

"The Fashion Girls," who are riding gracefully about the Majestic stage the better part of an hour and a half every day for the benefit of the feminine contingent of Harrisburg who are interested in what milady will wear on every occasion, have created much interest among those who appreciate something novel in the form of amusement.

In connection with the appearance of these attractive models the first half of the week comes the announcement that Bowman & Co., confident in the belief that home industries cannot be outdone by foreign concerns, have issued a challenge to Manager Hopkins, of the Majestic Theater, daring him to keep the girls in the city for the latter half of the week so that they might wear some of Bowman's gowns and give the people of Harrisburg a fair opportunity to judge by comparison as to the soundness of the "shop at home" policy.

In reply to the bristling challenge of the big store, Manager Hopkins replies with the following ultimatum, declaring his willingness to accept the challenge. The die has been cast and on Thursday the contest between home and foreign products will begin. The letter follows:

Harrisburg, Penna., March 28, 1916. Gentlemen—Beg to acknowledge receipt of your communication of yesterday's date challenging the Majestic Theater to retain Miss Catherine Crawford and her twelve Fashion Girls for the entire week, allowing you the privilege of presenting your own style show on the Majestic stage the last three days of the week, using Miss Crawford's models. The challenge is accepted. Miss Crawford has consented to lay away her \$20,000 worth of lingerie and gowns after Wednesday night and use your apparel exclusively the latter half of the week. Nearly 4,000 persons saw Miss Crawford's Fashion Girls yesterday, and it is likely that between 8,000 and 10,000 will see the display between now and Wednesday night. In all probability fully as many will see your style show at the Majestic the last half of the week. Therefore, we will let the audiences

Mayor John V. Kosek and Sheriff George Buss are expected to swear in more deputies. They said there is no necessity for State police within the city limits, nor for the calling of other aid from the State at the present time.

A 10 Days Flesh Building Test For Thin Men and Women Who want to Increase Weight

Report Gains At Rate of Three To Five Pounds A Week in Many Instances. Full Directions Given. Most thin, rundown men and women would probably be glad to increase their weight with ten to twenty-five pounds of good, firm, solid, healthy stay there flesh and fat if they believed it possible to accomplish such result by merely making the flesh making materials in their daily meals do a little more work than they are doing now. This is said to be the chief reason why most thin people do stay underweight. They are so constituted that they fail to fully assimilate the nourishment of their food, a great deal of which passes from the body as waste, increase assimilation to normal and normal weight follows as a matter of course. If you are ten pounds or more underweight and believe this can't be done in your case, here is a simple inexpensive and really harmless test that is well worth trying. First weigh yourself. Then with each meal for ten days and each night as you go to bed take a single Sargol tablet. Then weigh yourself again and let the scales tell the story. Sargol may not increase your weight as much as one pound a day but with whatever increase in your weight may be shown you can decide what its continuing use does and if further may be able to do for you. Sargol does not of itself make fat, but consisting of a splendidly balanced combination of assimilative aids and flesh-building agents it mixes with your meals for the purpose of making it easier for your blood to accept their strength, flesh and fat-making nourishment any turn it into strength, flesh and fat upon your body. A great many people have gladly told the success of this test. There are many reports like the following: "I have increased 18 pounds in less than a month," wrote a man from Colorado. Another man who said he had been losing over a pound a week and was under 100 lbs. wrote a man from Colorado, "I have gained 15 pounds and am still gaining." Sargol as a rule should be taken 20 days or more where results like above are desired. The tablets are small, easily swallowed, produce no disagreeable effects, contain no habit drugs, are harmless and not at all expensive as compared with results said to be obtained. NOTE—Sargol, referred to above, is well known as a flesh builder to G. A. Gorgas as well as many other of the leading local druggists who furthermore sell it on the positive guarantee, as found in each large package, of satisfactory weight increase or money back. In view of this liberal offer and the harmless nature of the remedy, it would seem that all who desire increased weight should be glad to give this method a trial.—Advertisement.
