An Ideal Remedy for Nursing Mothers

Compound of Simple Laxative Herbs Safe For Baby and Mother.

Constipation is a condition that affects the old, young and middle-aged, and most people at one time or another need help in regulating the action of the bowels. Harsh cathartics and purgatives should not be employed to relieve constipation, as their effect is only temporary while they shock the system unnecessarily.

A remedy that can be used with perfect safety for the tiniest babe and that is equally effective for the strongest constitution is found in the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores everywhere for fifty cents a bottle. This is an ideal household remedy and should be in every family medicine chest.

Mrs. F. I. Barsolow, 18 Leslie St., Holyoke, Mass., wrote to Dr. Caldwell, "Syrup Pepsin certainly is fine. I gave it to my baby, Evelyn, and also took it myself. It is the only medicine I have been able to take without affecting baby in the nursing. I have used it for all four children and

it is fine; they like it and ask for it." A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

COMMONWEALERS HEAR FINE TALK

Dr. H. H. Wheaton Makes Telling Address on the Immigration Question

The Commonwealth Club had one of the most interesting sessions in its history last evening, when Dr. H. H. Wheaton, of Washington, D. C., a Federal consulting expert spoke in the John Y. Boyd Hall of the Y. W. C. A. Fourth and Walnut streets, on "Immigration."

Dr. Wheaton, who is making this work a life study said that there are five important points in this great question. We can never have the foreigner as a real citizen of the United States until (first) we stop our exploitation of him from the time he arrives on the steamer. (Second) Until we can fit him to his proper occupation, which is usually agriculture and keep him out of the mines where his naturally strong constitution breaks in a short time and he becomes a charge on the country because of ill health.

(Third) The foreigner must be distributed properly and not placed in small colonies. (Fourth) The greatest problem of all, is the matter of education. In 1890 the country had over 3 millions of a non-speaking English population and now it is probably five millions. These men and women must be educated, not in the grammar, higher mathematics, etc., usually forming a "common school education" but in conversational English to be used at once, so they will understand what their prospective employer is saying and be able to give intelligent answers, as to where they have worked and what employment they desire, and in simple arithmetic to care for their money.

(Fifth) Naturalization—until the red tape of the naturalization process is lessened, many foreigners of education are kept from becoming good and useful citizens of this country. For example, in one instance a man residing in a community asked for his papers and moved away to another place before they were secured, a second application had to be made and many others, and several years have passed and the man, who speaks five languages, and is highly educated is kept from his rights here, because he has moved in order to better himself. Dr. Wheaton was asked if the test for illiteracy would solve the immigration problem and he says, "No, because some of the greatest crooks and criminals are the cleverest people." He urges the bringing in of these people and giving them the chance to become a part of the United States.

April Club Events
The month of April will bring some of the finest events to the Commonwealth Club. April 19, Dr. Carl Schmucker, of the West Chester Normal school will make an address on "Evolution as Related to Modern Progress." Club members will present their cards for this evening and non-members may attend by the payment of a quarter. April 24 comes the Shakespearean entertainment of the club celebrating the three hundredth anniversary of the Bard of Avon. The Rev. Dr. John D. Fox, of Grace Methodist Church will be the speaker and members of the club will present a scene from "Midsummer Night's Dream." The club invites their friends to this meeting.

Mr. and Mrs. F. Herbert Snow entertained Sunday evening for Miss May Mitchell and her brother, Ehrman B. Mitchell, Jr., who are leaving this week for their country place, Beaufort Farms.

GIRLS! BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Hair becomes charming, wavy, lustrous and thick in few moments. Every bit of dandruff disappears and hair stops coming out.

For 25 cents you can save your hair. In less than ten minutes you can double its beauty. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and charming as a young girl's after applying some Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it—Advertisement.

WHAT THE SHOPS ARE SHOWING

The great test of a range is the possibilities of its oven. Some ranges are good enough for ordinary cooking, but the ovens are poor, hard to heat and to maintain at an even temperature, and either burned or underdone dishes are the invariable result when the oven is used. Therefore it is of the highest importance to select a range which has a good oven, and the Himes Hardware Store, 10 North Market Square, offer a range of exceptional merit which is especially noted for the excellence of its oven. This is the Penn Esther range, and is sold at most reasonable rates either with or without nickel trimmings.

Competent Service
The Superiority of Eastman kodaks and cameras is unquestionable, and while they may be obtained at many reliable stores, at no store is a better assortment or more courteous service found than at the Gorgas Drug Store, 16 North Third street. Competent clerks will explain to the amateur the different features of the many various kodaks shown so that it is easy to select the one best fitted to one's purpose as well as to one's pocketbook. The range of prices is from \$1.00 to \$25.00, and whether it is the cheapest or the best, the service at Gorgas' will always be found entirely satisfactory.

Spring Salads
Nothing is more healthful and beneficial than salads, and the Studebaker Grocery Store, Second street at the crossing of State, offers many suggestions. They sell a brand of large, plump, seeded cherries, specially prepared for salad use. They are a bright red, and very firm and solid, and make a beautiful and delicious salad. Asparagus, canned, both green and white, as well as fresh asparagus, is offered, while green peppers, little red radishes, fine, solid tomatoes, crisp lettuce, nut-like celery, fresh fruits and shelled nuts, are other appetizing ingredients for many successful salads. Studebaker's, too, make a specialty of Tuscan olive oil, which is splendid for salad dressings.

The Newest of the New
Fashions in footwear have each day presented us with newer and more charming styles, until it seems that we must have reached the zenith of beauty, when along comes a smart Colonial pump which is newer than the newest, prettier than the prettiest, and it is the Walk Over Shoe, 226 Market street, that offers it. It is an extreme Colonial style, developed in the finest of gray kid, with Louis XVI heel, and a big square buckle in dull finish, suggestive of a rare antique bit of jewelry, with just a hint of bluegray tones in the carving to give distinction. The price of this new model is \$7.00, and its unusual beauty makes this price very reasonable.

The "Georgette" Sailor
Never since Merry Widow days has the vogue for large hats been so pronounced as it is this season, and among scores of graceful models the broad low sailors after the mode of Georgettes are a noteworthy attraction in the French Room at Astich's, Fourth and Market streets. One shows the smart flat arrangement of imported flowers, while another is attractive with an unusual ribbon trimming, and still others are delightfully pretty with soft fluffy effects in ribbon, tulle or ostrich. The soft, beautiful colors—dove grays, greens, new blues and rose shades—add greatly to the charm of these cleverly trimmed models.

Cut Flower Specials every day

Flower Lovers should, if they are in the vicinity of Philadelphia, attend the Fourth Annual Flower Show being held this week in Convention Hall. It is, in our opinion, unparalleled in the history of floral display.
