LEAGUE ENDORSES COMMISSION PLAN

Will Ask Council to Create Body of Five to Handle Playgrounds

Recommendation that a park and playgrounds commission of five representative citizens be created to supervise the establishment of a playgrounds system, handle the executive details and direct the park work will be made to Steelton's borough council at its next meeting by the Municipal League. This was decided at a meeting of the league last evening.

This commission, as was outlined in the Telegraph last evening, will serve without pay and will be composed of prominent men of the borough who have been endeavoring to obtain a comprehensive system of parks and playgrounds for Steelton.

The proposed loan for street paving and new fire apparatus, which council plans to submit to the voters in May, was also discussed by the league, but no action was taken.

It was also decided to co-operate with the Merchants' Association in arranging a smoker and banquet to be held in the near future and President H. C. Wright will name a committee later.

Charles R. Holton, who has accepted a position with the Bethlehem Steel Company, resigned as secretary of the league and these new members were admitted: Stanley Zimmerman, Charles Becker and David P. Baker.

Can there be any stronger proof offered than the evidence of Harrisburg residents? After you have read the following, quietly answer the question. Daniel Cless, 515 Peffer street, Harrisburg, says: "Whenever a cold settled on my kidneys, my back got weak and then for a long time it ached something terribly. Often I thought I could not keep about for it hurt me to get up out of a chair and also in bending. At these times the kidney secretions were too frequent in passage, highly colored and burned. Every time I have been this way, I have used a couple of boxes of Doan's Kidney Pills and they have always relieved me."'

Before an Insurance Company will take a risk on your life the examining physician will test your urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery, "Anuric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "Anuric" is the most powerful agent in dissolving uric acid, as hot water melts sugar; besides being absolutely harmless it is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it cleanses the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure. "Anuric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 50-cent packages. STRENGTH AND BEAUTY. Come with Dr. Pierce's Golden Medical Discovery. This is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It assists the body to manufacture rich red blood which feeds the heart, nerves, brain and organs of the body. The organs work more smoothly like machinery running in oil. You feel clean, strong and vigorous instead of tired, weak and faint.'
