BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, Ohio.

REOPENING RICH IRON DEPOSITS

Ore Mines Located Near Pinegrove Furnace, Cumberland County, Will Be Worked

Special to the Telegraph. Carlisle, Pa., March 28.—That Cumberland county has one of the richest deposits of manganese iron ore in the world, which will soon be put on the market commercially, is the statement of Charles Wharton, Jr., of Pittsburgh present owner of the lands on which the veins are located, who inherited them from his father, formerly extensively interested in the mining industry in this section. The property, some 450 acres in extent, is located near Pine Grove on the Philadelphia and Reading Railroad. It contains veins 50 feet thick, which assay 40 to 45 per cent. pure ferro-manganese. Mr. Wharton says the veins are among the most valuable in the world and believes that Pennsylvania is soon to become again the chief iron producing State of the Union. The demand due to the war has made the product highly valuable. On the property are several old mines operated in the middle of the last century by his father. Manganese ore was mined in the late '90's.

Unwelcome Boarder Beat Landlady and Kills Self

Reading, Pa., March 29.—While police were hunting for Claude Walters, charged with attempting to kill his landlady, Mrs. Sue Good, at her Hamilton street lodging house, after a quarrel late yesterday afternoon, in which he hit her three times on the head with a hammer, Walters took poison in a street and died before he could enter the house of an acquaintance, where he was seeking shelter. The police say he took the poison immediately after the fight with the woman. The latter was taken to a hospital, seriously injured. Walters' refusal to stay away from Mrs. Good's home, where he is said to have been unwelcome, started the quarrel.

Robbers Beat Up Farm Hand When Chased Away

Special to the Telegraph. Waynesboro, Pa., March 29.—Thieves entered the barn of Harry Izer, tenant on the Jay F. Shank farm, near Waynesboro, but before they could carry off much loot, they were driven off by Frank Baumgardner, an employe. Baumgardner in doing this received a severe beating at the hands of one of the would-be robbers. Hearing a noise in the corn crib he secured a gun and as he neared the crib, the thieves made a hasty retreat, and he fired after them. As he was running around a corner of the barn, a third person hit him on the head with a blunt instrument, knocking him to the ground. The assailant threw himself upon Baumgardner, beat him terribly about the head and face, and then jumped upon the prostrate figure, kicking and trampling him. When the injured man regained consciousness the men were gone.
