What the Kirschbaum Label Means in a Man's Clothes

—the difference between an adulterated cottony fabric and guaranteed all-wool cloth which traces its lineage direct to a real sheep's back.

—the difference in style between the ordinary, the dull, the commonplace and the exclusive fashion creations of one of the country's most famous designers.

—the difference between listless routine workmanship and sturdy, conscientious tailoring from beginning to buttons, which can only be done by a corps of highly trained specialists.

—the difference between staking your money on a chance and investing it in a certainty of your absolute and lasting satisfaction.

—That, in short, is what the Kirschbaum label signifies in these Spring suits and topcoats which the combined resources of Bowman and Co. and the Kirschbaum Company enable us to offer at

TO HEAR MINERS OF 60 YEARS AGO

Rush-East Hanover Boundary Commission Holds First Session Today

Silvery-haired miners who, more than sixty years ago, helped take coal from the foothills along the Rush-East Hanover township borders will be among the witnesses called before the boundary commission recently appointed by the Dauphin county court when that body meets in the near future to hear further testimony on the subject. Some of the witnesses who have long since passed the four-score milestone will tell of the little village that once existed in the disputed territory and will point out the moss-grown foundation stones that mark the foundations of a little schoolhouse and perhaps a church. Rush claims a certain section of what is now within the boundaries of East Hanover.

bid was received by the county commissioners to-day for repairing the rear elevator of the courthouse. This was from the Otis Elevator Company which proposed to do the work for \$198. The front hoist will probably be repaired by the commissioners.

Withdrew as Candidate. — George Mauck, who filed a petition as a Republican city committeeman from the first precinct, Twelfth ward, to-day withdrew because of his removal from the city. Petitions filed included Charles L. Witmer and Charles Fleming, Republican county committeeman from West precinct, Williams township, and Second ward, Middletown, respectively; Charles Sollers and Simon C. Bertram, Republican city committeemen, from the second precinct of the Sixth ward, and Daniel R. King, Democratic city committeeman, second precinct, Third ward.

At the Registrar's Office. — Letters on the estate of Ed. T. Mattis, Middletown, and Katherine S. Mathias, Highspire, were issued respectively to Charles S. Mattis, and Geary J. Mathias.

Prothonotary Ill. — Prothonotary Harry P. Holler is ill at his home in Hummelstown with a severe attack of grip.

Appeal From Decision. — The Harrisburg Light and Power Company to-day filed appeals from the decisions of Alderman George D. Herbert, Eleventh ward, who recently awarded the judgment claims of Cyrus Weidel and Joseph O. Winemiller for bonuses of \$67.20 and \$35 respectively.

Equity Action Filed. — In order to obtain an accounting of business transacted in stores at 109 North Front street, Steelton, and 19 North Fourth street, city, Louis Mueller to-day filed an action in equity against Daniel Polleck, his employer. Polleck, according to Mueller had engaged the latter to manage his stores on premises of shares of the proceeds but since the severing of business relations on October 2, 1915, no division of profits has been made nor will examination of the books be permitted by Polleck.

FACTORY GIRL STRIKERS CLUB FELLOW-WORKERS

[Continued From First Page]

Officers Balthasar and Erine were sent to the scene to help keep the crowd orderly.

No arrests were made and no one was injured in the row which started shortly before 7 o'clock, the time the employes report for work.

The police believe that a misunderstanding exists, rather than a strike. A number of the girls can understand little English, and when they were told by managers in the local plant that the matter must be referred to the main offices of the company the girls refused at first to consider it, they said. A number returned to work with the understanding that if a raise is not received on Monday they will join the other employes now on a strike, who have refused to work until next week.

Operations at the factory have not been stopped and according to the managers stock is being shipped and received.

The girls, it is said, had no organization, but decided among themselves to quit unless they were given more money for their work. The rollers have asked for 25 cents a hundred and the bunch makers 20 cents a hundred, they said to-day.

What action will be taken is not known and officials declined to discuss the situation. No more trouble at the plant is expected at present by the police. The girls who refused to return to work stood in a drenching rain for several hours before leaving the place.

Bangor, Me., March 29. — The foreign policy of President Wilson and the record of Congress under Democratic control were unqualifiedly praised by United States Senator Charles P. Johnson, in his address as chairman of the Democratic State convention here to-day.

STEELTON NEWS BETHLEHEM MEN ON WAY TO CHILE

Officials Will Hasten Operations at Mines, Subsidiary of Local Company

Accompanied by other officials of the company, C. A. Buck and H. S. Snyder, vice-presidents of the Bethlehem Steel Company, on Saturday sailed from New York City for Chile, where they will inspect the properties of the Bethlehem-Chilean Iron Mines Company, of which Mr. Buck is the president. They will be gone until the middle of April.

The officials, it is said, expect to hasten the mining operations so that Bethlehem Steel may receive increased shipments of the raw product for reduction into iron and steel, the demand for which is becoming greater daily. One of the local officials is quoted as saying that 600,000,000 tons of ore are available in the South American mines, and that increased facilities for the transportation of the ore are being provided in the construction of a private merchant marine for that sole purpose.

Besides the two vice-presidents, Chas. F. Rand, president of the Spanish American Iron Company, a subsidiary of Steel Co.; W. S. Bourlier, H. W. Worley, C. R. Corning and W. L. Cummings are in the party.

Exhibits Articles Found on Battlefield of Marne

Articles from the battlefields of Europe that tell their silent, grim tale of the carnage wrought, form an interesting display in the window of the Quality Shop, Front street.

A Prussian helmet with the spike missing, a solid metal and leather lining that was left by a dead Prussian artist at Chateau-Salin, one of the most interesting of the relics with its label, "For God, For King, For Fatherland."

Many of the relics were gathered from the battlefield of the Marne where the German retreat from Paris in the early stage of the war turned to meet the French in pursuit. Each article bears a card which gives the battlefield on which it was found. Some are familiar names and others that were lost sight of in the many battles that extended along the 400-mile front.

It is a most interesting collection and has been viewed by hundreds.

Leroy L. Brook Will Carry Horseshoe Always

Leroy L. Brook, of 42 Furnace street, will always carry a little aluminum horseshoe with a copper cent in the center as a pocket piece.

Yesterday Brook had an argument with Leonard Holland, a fellow employe at No. 2 big furnace of the steel works. Holland, it is said, ended the argument by whipping a revolver from his pocket and firing a shot at Brook. Fellow employes carried Brook to the emergency hospital where a bent and twisted pocket piece was taken from his pocket. The pocketpiece had deflected the bullet.

Both men will be given a hearing before Squire Frank Stees. Holland for felonious assault and Brook for assault and battery.

ART EXHIBITION PLANS

An exhibition of art pictures will open in the Steelton schools next week. In speaking of the pictures to-day Superintendent L. E. McGinness said: "The collection of pictures to be exhibited next week contains only the very best reproductions of the masterpieces of different countries and periods. Nearly every gallery and art country in the world would have to be visited to see the original pictures which are here brought together in one collection."

"No city or town can be indifferent to the culture and enlightenment of its people and it is a part of the school work to inculcate these qualities in the children through whatever means it has at its disposal."

RAIL MILL STARTS

South Bethlehem, Pa., March 29. — On account of the increased demand for rolled products, particularly rails and structural steel, the Bessemer department of the Bethlehem Steel Works, which has been shut down since June 30, 1913, will be in full operation by April 1.

MFARLAND TO LECTURE

"See Pennsylvania First" will be the subject of a lecture by J. Horace McFarland, of Harrisburg, in the High School auditorium, Monday evening, April 12. The lecture will be under the auspices of the Steelton Civic Club and will be illustrated. Mrs. L. E. Johnson is chairman of the committee in charge.

MEETING FOR MEN

Under the auspices of the Ministerial Association, a political meeting will be held in St. Mark's Lutheran Church Sunday afternoon. The Rev. J. W. Markward, pastor of Bethlehem Lutheran church, Harrisburg, will be the principal speaker.

SERBIAN TO LECTURE

Chester Milatovic, a political leader in Serbia, and a former portfolio holder in the Serbian cabinet, will lecture in Slovenian Hall, South Second street Friday evening. Mr. Mijatovic recently visited London as the representative of the Serbian government and has been in America but a short while.

NEWLIN RESIGNS

Word was received at Steelton to-day of the resignation of Howard Newlin, traffic manager of the Pennsylvania Steel Company, with headquarters at Philadelphia. Mr. Newlin, who was president of the Philadelphia Traffic club, will become traffic supervisor for the Maxwell Motor Car Company, Detroit, April 1.

Children Find Hermit Riddled With Bullets
By Associated Press
Wilkes-Barre, Pa., March 29. — John Messler, 75 year old, a hermit living on the outskirts of the village of Whyomung, near here, was found dead with four bullet holes in his head to-day.

His pockets were rifled and the small house in which he lived had been ransacked. The discovery was made by children on their way home from school.

E. L. DARON HAS BEEN PROMOTED

Former Steelton Man Now General Manager of Consolidated Telephone Co.

E. L. Daron, a former resident and prominent businessman, now general manager of the Consolidated Telephone Company with headquarters at Scranton, was in Steelton to-day and called upon a number of his former associates.

His many friends here were pleased to learn that Mr. Daron has recently been made general manager of his company, and he received many compliments upon his rapid rise in the telephone business.

While conducting the Daron Jewelry Store, Steelton's first business place of the kind, Mr. Daron became interested in the telephone business and accepted a position with the old Dauphin telephone company as collector and solicitor. Later he went with the American Union company at West Chester as district manager. He then went to Carlisle as division manager of the Cumberland Valley Telephone company. In 1914 he became connected with the Bell Telephone company as a salesman from which position he went to Allentown. His progress here was rapid and he was offered a position with the Consolidated Telephone company at Scranton which he accepted. Since that time he has had a rapid rise and was recently made general manager.

MIDDLETOWN

NEW INDUSTRIAL PLANT TO LOCATE AT MIDDLETOWN

Persistent rumors afloat in Middletown say that a new industrial plant will locate here soon. The rumors are largely based on the fact that the J. E. Baker Company, of York, recently received an inquiry from a corporation requesting prices on large quantities of lime and crushed stone to be delivered at Middletown from the Baker quarries at Bainbridge.

SURPRISE NEWLY-WEDS

Mr. and Mrs. Harry Judy, who were married Saturday at Hagerstown, were given a pleasant surprise Monday evening when the Rescue Band and several members of the Rescue Hose Company, of which Mr. Judy is an active member, called at their home in Fisher avenue and presented them with a handsome rocker.

PALE WIVES AND MOTHERS

Many women who had a good color in their girlhood grow pale and colorless when they become wives and mothers.

When the fading color in cheeks and lips is accompanied by a loss of brightness in the eyes and an increasing heaviness in the step, the cause is to be sought in the state of the blood.

A hundred causes may contribute to the condition of thin blood that is known as anemia. Overwork, lack of outdoor exercise, insufficient rest and sleep, improper diet, these are a few of them. The important thing is to restore the blood to normal, to build it up so that the color will return to cheeks and lips, the brightness to the eyes and lightness to the step.

Dr. Williams' Pink Pills are the great blood builder and invigorator. They begin at once to increase the red corpuscles in the blood and the new blood carries strength and health to every part of the body. Appetite increases, digestion becomes more perfect, energy and ambition return.

A pamphlet, "Building Up the Blood," will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. If you mention this paper, your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box, six boxes, \$2.50.

GERMANS RENEW ATTACK

Paris, March 29. — After a six days' lull the Germans resumed the offensive at Verdun yesterday with redoubled violence. The German effort was confined to a small section, hardly more than half a mile in width, between Avocourt and Malancourt. The attack failed completely.

Restorative Treatment For Nervous Men

Coming from a source of unquestioned authority on the ailments of men it is presumed to be infallible, while the profession generally endorse the ingredients and prescribe them in many different forms of various diseases. The following formula is highly efficient in quickly restoring in nervous exhaustion, melancholia, anxiety, timidity in venturing, dizziness, heart palpitation, trembling limbs, insomnia, thinness, cold extremities, tired-out in feeling and general inability to do those natural and rational acts upon which depend a man's success and happiness in social and everyday life.

The instructions for obtaining in three-grain tablets are simple, as a physician's prescription is no longer necessary, because the tablets do not contain any opiates or habit-forming drugs. Just ask for three-grain cadomene tablets in sealed tubes, with full directions for home use. Astounding nervous force and equilibrium follow the treatment, no matter how serious the case, and the joy of a healthy body and strong nerves is soon experienced.

Strike or No Strike

The demand for coal will continue the same—but the supply may be curtailed through the stoppage of work in consequence of the failure of the operators and miners to reach an agreement before April 1.

Are you prepared with enough coal to keep you comfortable until warm weather?

Most bins need replenishing. Does yours? You'd better investigate and hurry your order to us.
