Fashion Park Clothes

America's Foremost Clothes For Men and Young Men

This "Big Live, Progressive Store" has weighed the merits of every well-known make of clothes, but none can equal the famous Fashion Park Clothes.

We do not consider Fashion Park Clothes from the standpoint of profit—but of your satisfaction, in every feature—from the fabric of which they are made; the artistic taste with which they are designed and the skill with which they are tailored. These are the points that place them in a class by themselves—at the head of the procession.

See the great display now in our windows and you'll know why Fashion Park Clothes are the choice of men who know clothes values.

DEPENDING ON HOME FERTILIZERS

Department of Agriculture Issues Some Interesting Facts and Figures

Some interesting figures which support the State Department of Agriculture contention that Pennsylvania farmers are depending on home fertilizers such as lime and manure now that the war has shut off the foreign supply have just been made public by Secretary Patton's facts and figures men. Some time ago attention was called to the manner in which the fertilizer market had been hit by the war and Secretary Patton urged that farmers develop their own sources of fertilizer, promising that the State would do its share toward putting an end to the frauds which might be turned up.

RAILROAD RUMBLES

NEW SAFETY MARK R. J. STACKHOUSE HAS GOOD RECORD

Not One Passenger Killed on Lines East; Close Attention to Rules

Special to the Telegraph Philadelphia, March 29.—In 1915, the third successive year in which no passenger was killed in a train accident on the Pennsylvania Railroad lines east of Pittsburgh and Erie, 4,364,519 tests and observations were made to determine how well the train operating rules and signals were being obeyed. These tests covered the work of both officers and employes. The results, which have just been compiled, show that only one error occurred in 1,110 trials, giving a record of 99.9 per cent. of absolute perfection. In four classes of tests, including obedience to various "stop" signals, not a single failure on the part of any employe occurred throughout the year.

Observe Rules Closely

An exceptionally high record was made in the observance of rules intended especially for the protection of the employes. These included such matters as the shifting of trains and also the safety regulations governing men engaged in track work. The shifting of trains, 68,941 observations were made and 17 errors recorded. There were 342,991 tests for obedience to the safety rules for track workmen and in only 73 cases were these rules disregarded in any way. That meant one error in every 4,699 trials. Last year accidents to employes were reduced 11 per cent. Only eight failures to follow strictly the rules governing watchmen stationed at grade crossings occurred in the 62,934 instances which were observed last year.

Re-elect Penny Directors; President Rea Is Returned

The annual election of the Pennsylvania Railroad, which occurs two weeks after the stockholders' annual meeting, was held in Broad Street Station yesterday and the following directors were re-elected: Henry C. Frick, Charles E. Ingersoll and Samuel Rea. The polls were open from 10 o'clock to 12 o'clock. Contrary to custom, the Pennsylvania did not announce the number of votes cast. Of the 10,000,000 shares of Pennsylvania shares outstanding, about 12 per cent. or 1,200,000 shares, are held in foreign countries, and because of the European conflict it is possible that these shareholders were not so active in voting as in former years. It was noticed at the annual meeting that there appeared to be present a smaller number of proxy holders than usual.

VETERAN DIES

After an illness with a complication of diseases, Rufus M. Pile, retired assistant general agent of the Pennsylvania Railroad, died yesterday at his home, in Philadelphia.
