It is understood that the railroads already have made ready a tentative answer which amounts to a conditional refusal that leaves the way open for further negotiations. The demands of the men went to the Wheeling and Lake Erie railroad yesterday and the eight-hour proposal was refused.

The position of the unions is explained in a statement by the executive committee of the adjustment boards, which has in charge the submission of the demands to-day. The committee's statement says:

Unions Feel Justified

"In making the demand for the eight-hour day, the unions feel themselves justified, believing that trains can be so managed that the 100 miles required of a railroad man per day can be put inside of eight hours. As the train service is now, single crew engines in the switching service, on which only one crew works in the 24 are often compelied to work from 10 to 16 hours a day. It is injustice such as this that the railway unions want ended.

There's fifty ladies in our society, look at all the pennies that'll be left for me."

"There's sixty ladies in the society at our church, I'll do the same with them," I sez. Gee but maw wuz glad when I told her. She called a lot of them up on the phone and I got over a dozen new SAVE-A-CENT customers already.

They will make many changes in its routine, in its stage setting, and will supply a wardrobe almost too large to enumerate, in order to prove that they have the original fashion display de luxe. And the girls will wear diamonds, too! Fifty thousand dollars' worth of diamond fine for the supporting well-known diamond merchant. Special police and detective service will be employed during the appearance of this production. Chief of the supporting Keith attractions will be the return of Hugh Herbert and c.mpany, offering a new comedy playlet called "Prosperity."
