FLAYS PRESIDENT FOR MEXICAN SNARL

[Continued From First Page]

States were responsible for stirring up strife in Mexico.

The Colonel asks a number of pertinent questions of Mr. Wilson and refutes his allegations.

Colonel Roosevelt's Statement
Colonel Roosevelt's statement in part follows:
"I have received many requests from

good American citizens in Mexico asking if there is not some way by which the American people may be made to understand the utterly baseless character of President Wilson's recent charge that American property owners in Mexico were responsible for stirring up the trouble therein. All that is necessary is to ask President Wilson to answer these perfectly simple questions:
"What American or other property owners in Mexico secured the killing of the 276 Americans who have been killed by Mexicans?"
"Does Mr. Wilson mean that it was American property owners who inspired him to permit the shipping to

the Villistas of the thousand of rifles and munitions of war which they have now used to kill our people?"
"Does Mr. Wilson mean that American property owners inspired his then friends, the Villistas and Carranzistas shooting across our border on different occasions to kill on our own soil nine American soldiers and wound many others?"
"Does Mr. Wilson mean that property owners in Mexico were responsible for his alternatively placing and lifting the embargo on the export of arms and munitions to Mexico until every bandit who wished arms with

which to shoot Americans had them?"
"Does Mr. Wilson mean that these property owners got him to go to war by taking Vera Cruz after fighting in which several hundred Americans and Mexicans lost their lives, this war being entered into for the purpose of getting the flag saluted and then abandoned it without getting it saluted?"
"For three years there has been murderous anarchy, frightful destruction of property, frightful destruction of life, nameless infamies committed on women, and every element telling for law and order systematically hunted down, and throughout the time

he has consistently interfered on behalf of some representative of banditry, or the forces of anarchy. He has done everything he could against or in disregard of the men who represent the only chance to get peace and orderly liberty for the Mexican people."
"He is now engaged in a second war in Mexico. He is waging a war against Villa, with whom but a little more than a year ago he concluded what was in effect a treaty of peace and friendship formally entered into through one of the highest officers of

the United States Army, General Scott, by President Wilson's direction.

ENGINE GOES OVER BANK
Lewistown, Pa., March 30. — Milroy branch passenger train leaving here at 4:40 o'clock yesterday afternoon, was wrecked near Schrader shortly after it left Lewistown, when the engine went over an embankment. None of the cars left the track. The cause of the wreck has not been learned and officials are investigating. Theodore Heller, engineer, and Earl Pennepacker, fireman, escaped with slight burns of the body. None of the passengers were injured.

KILLED IN THE DARDANELLES
Bees hummed and rooks called hoarsely outside the quiet room where by an open window Gervais, the restless boy, fretting the while for cricket, read of Patroclus' doom. And flower of youth a-dying by far-off windy Troy.
Do the old tales, half-remembered, come back to haunt him now Who leaving his glad school days and putting boyhood by, Joined England's bitter Iliad? Greek beauty on the brow That frowns with dying wonder up to Hisarlik's sky? — Margaret Adelaide Wilson in the April Yale Review.
