Fourth row—L. R. Walters, D. T. Gregory, J. Fulford, R. E. Berry, P. E. Hilbert and W. M. Daniels.

### Water Supply Cut Off by Clogged Reservoir Outlets

Special to the Telegraph  
Mifflintown, Pa., March 30.—Mifflintown and Millin, the twin towns, suffered a water famine Tuesday night and yesterday in spite of the fact that a huge body of water separated them. There was no drinking water to be had in the two boroughs on account of both reservoirs at Macedonia Gap, six miles west of Mifflintown, becoming clogged with leaves and debris.

### Lassoed Log With Rope; Pulled Into Susquehanna

Special to the Telegraph  
Sunbury, Pa., March 30.—Putting a noose of rope over his head, Oliver Coop, of Milton, lassoed a log in the Susquehanna there. The log was heavier than Coop and it pulled him in. Being a good swimmer, the young man managed to keep up with the log until he freed himself of the rope.

### Recent Deaths in Central Pennsylvania

Special to the Telegraph  
Sunbury, Pa., March 30.—John Runyan, aged 30, of Milton, died at Montgomery following a short illness of pneumonia.  
Mountville.—Mrs. George Roland, aged 87, the oldest woman in this section, died Tuesday night. She is survived by her husband.

### WILL BUILD STORAGE YARD

Special to the Telegraph  
Lykens, Pa., March 30.—The coal yard at Lykens, owned and operated by W. H. Cooper, where Brookside pea coal is handled, has been sold to Charles Werner, who expects, in the near future to build a larger storage yard several hundred yards east of the one he now owns.

### ATE POISONED CANDY

Special to the Telegraph  
Marietta, Pa., March 30.—Mrs. Frank Schnellacker and two children, of Alpha, are in a serious condition from eating candy which, it is stated, was poisoned. The ages of the children are 6 and 9 years, respectively.

### DYNAMITE CAP IN COAL

Special to the Telegraph  
McVeytown, Pa., March 30.—William R. Beason, Pennsylvania Railroad fireman, was severely wounded in the right arm yesterday by the explosion of a dynamite cap left in the coal used on the engine.

## THE SAME KIDNEY REMEDY CURES MOTHER AND DAUGHTER

Obtain Permanent Relief Helpless From Kidney Trouble  
I was afflicted about five years with kidney and bladder trouble; there was one year during this five years that I was not able to do anything; in fact, I was helpless. I tried several doctors and several remedies, and my family doctor advised me that I would have to be operated on. I was then advised by a lady friend to try Swamp-Root; after using seven bottles of Dr. Kilmer's Swamp-Root I was restored to good health and have not been bothered with kidney or bladder trouble for the last ten years. I cheerfully recommend Swamp-Root to others for kidney or bladder trouble.  
Yours truly,  
MRS. J. R. TURNER,  
212 West Dalton St., Hugo, Okla.  
Personally appeared before me this 27th day of February, 1916, Mrs. J. R. Turner, who subscribed the above statement and made oath that the same is true in substance and in fact.  
J. H. FINCHER,  
Notary Public.

Prove What Swamp-Root Will Do For You  
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Harrisburg Daily Telegraph. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

### BANDIT LEADER AGAIN SLIPS BY

(Continued From First Page)  
for Villa has not been learned here, among the peon population.  
Brigadier-General Bell, commanding at Fort Bliss, awaited official orders to-day to ship supplies to the army over the Mexico Northwestern railroad. Gasoline, forage, canned goods and flour will go forward as soon as the orders are received.  
Supplies to Go in Soon  
The first supplies to be sent by rail to General Pershing's columns are expected to be forwarded to-day from Juarez following the permission granted by General Carranza for the use of the Mexican Northwestern railway.  
While army officials here did not conceal their disappointment over the first chief's refusal to permit rail train loads to enter Mexico under American military government, they were visibly relieved at the prospect of using the railroad in even a limited way.  
Line in Bad Shape  
Anxiety is now mainly centered on what can be hoped for from the dilapidated Northwestern railroad. For some time the road has been maintained in two days has been maintained between Juarez and Casas Grandes. The distance is 168 miles and the trip is made in from 12 to 20 hours. A heavily loaded freight train is expected to take much longer than this.  
One important question upon which the army officials here are anxious to obtain light is exactly what interpretation will be placed by the Mexican officials on General Carranza's instructions that supplies must be shipped in the ordinary method of commercial freight. If this is to mean that freight will only be forwarded on the regular trains, officials say the amount of supplies to reach General Pershing's base will be very small.

### Concert to Be Given by College Students Under Knights of Malta Auspices

Special to the Telegraph  
Annville, Pa., Mar. 30.—Tomorrow evening at 8 o'clock, the annual concert of the Lebanon Valley College Men's Glee Club will be given in the Technical High School Auditorium, at Harrisburg under the auspices of the Knights of Malta. The personnel of the club includes twenty-six members, the largest in the history of the organization. Prof. E. Edwin Sheldon, musical director, has developed a well-trained body of singers and tomorrow evening's entertainment promises to be one of its best. Many of the members reside in the vicinity of Harrisburg. Earl Eichleberger, reader, is well known in Harrisburg as a socialist, having sung in several of the local churches.

### Says Big Ships Point Way to Bloodless Victory

Washington, D. C., March 30.—Dreadnaughts have won the greatest victory of the European war, without firing a shot, Assistant Secretary of the Navy Roosevelt told the House naval committee. With enough dreadnaughts, he said, the United States would win a "bloodless victory" in a war.  
"To-day the United States is richer and weaker than ever in its history, in comparison with other powers," Mr. Roosevelt said, explaining that the nation has great potential resources, but a "handful of an army" and a navy weaker than several powers for immediate defense. By keeping the foe's fleet off the seas, Mr. Roosevelt said, British dreadnaughts had attained the aim for which they were built.

### WILLIAM COMREY DIES

Special to the Telegraph  
Newville, Pa., March 30.—William Comrey died at the home of his sister, Mrs. Annie Graham, in Bureman street, yesterday after an illness of a month or more. He was 81 years old and is survived by one son, who lives at Martinsburg, W. Va., also by a sister with whom he made his home. The funeral will likely be held tomorrow and burial will be made at Brick Church.

### Secret Service Finding Evidence That Villa Got Aid From Sources in U. S.

By Associated Press  
Washington, March 30.—Department of Justice agents following a trail which is said to lead to American sources of supply for Villa, have uncovered evidence in New York and other cities which they believe when fully developed will justify the charge.  
The allegation often made that Villa has received aid from German sources also is being investigated, but no indication has been given as to whether any evidence has been found.

### Deaths and Funerals

**MISS JUNIATA HINKLE**  
Miss Juniata Hinkle, aged 28, of Thompsons, died at 3 o'clock this morning in the Harrisburg Hospital from typhoid fever. She was admitted March 19.  
**JAMES W. GILLESPIE, ENGINEER, IS DEAD**  
James W. Gillespie, aged 70, an assistant engineer in the Public Service Commission, died yesterday afternoon at his home, 1309 Berryhill street, from pneumonia. Funeral services will be held at the home at 7 o'clock tomorrow evening. Only immediate friends of the family will be present. Burial will be made at Scranton on Saturday.  
Mr. Gillespie was a member of the Telephone Pioneers of America and the Engineers' Society of Pennsylvania. Mr. Gillespie acted as the commission's expert during the series of telephone hearings before the Public Service Commission. He is survived by his wife and two sons, Robert M., of Syracuse, N. Y., and Zenus C., of Pittsburgh.

### A Little Blossom To Delight the Home

When it is known that in the near future the home is to be blessed with a new arrival the first thought should be "Mother's Friend."  
This is an external remedy gently applied over the stomach muscles. It makes them firm and pliant, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."  
The directions are simple. Get it at any drug store. It is applied by the expectant mother herself; it penetrates deeply and affords quick and special relief in a most gratifying manner and reflects a physical betterment to the nervous disposition of the baby. Don't fail to get a bottle of "Mother's Friend" today and then write Dr. J. C. Rescator Co., 415 Lamar Bldg., Atlanta, Ga., for a pretty little book brimful of information for expectant mothers. It is a delight to read.

### Granting Use of Railway Helps Solve Most Serious Problems of U. S. Army

By Associated Press  
Washington, March 30.—General Funston to-day was expected to tender to the Mexican Northwestern railroad cargoes of supplies for shipment to the international pursuit of Villa.  
The first chief helped to solve the army's most difficult problem in the chase for Villa by promptly granting renewed requests for permission to use the railroad. Carranza has agreed that the line can be used on a commercial basis, and this is construed to mean here that all service shall be paid for at regular rates.  
The State Department will negotiate with Carranza further to bring about a more complete understanding pending the completion of the proposed protocol with the de facto government to cover the entire situation of the international pursuit of Villa.  
Assuming that Carranza had notified his officers on the border of the new agreement for the use of the railroad, an order was dispatched to Funston late last night to tender supplies for shipment.  
The arrival of the third squadron of the third cavalry at Fort Ringgold, Texas, was reported in separate department dispatches from General Funston to-day. The detachment was sent to that point to strengthen the border patrol in that vicinity.  
Navy Department advices from Mexico reported conditions on both coasts quiet and generally satisfactory.

### Strict Secrecy Imposed on Plan Regarding Use of Railroad by Funston

By Associated Press  
San Antonio, Texas, March 30.—Washington has imposed strict secrecy on a plan of General Funston regarding plans for using the Mexican Northwestern railroad to send supplies to the American troops. He declined to say early to-day whether the immediate use of the line would be ordered.  
General Funston received from Washington last night a code message believed to have contained instructions for use of the Northwestern, and orders that supplies be tendered for shipment from El Paso to Casas Grandes.  
It was expressed in military circles that further negotiations between the State department and Carranza might result in the Mexican government certain concessions by which the shipping problem would be easier. The army desires authority to place guards over supplies in transit, even if the goods must move as commercial freight.  
Because of the feeling that the railroad will not solve the transportation under present conditions imposed for its use, the operation of motor trucks between Columbus and the field base will be continued for the present.

### Aero Dispatch Line to Army Will Be Resumed; Troops Holding Up Well

By Associated Press  
Columbus, N. M., March 30.—Resumption of the army aero dispatch line, which has been suspended temporarily because of climatic conditions is expected to-day, Lieut. Edgar S. Gorrell said that he planned to start a flight to Casas Grandes and the first plane from the front for three days is scheduled to arrive.  
Lieut. Gorrell prepared to carry more than 100 newspapers from various sections of the United States, for which the troops had asked.  
Reports received at the base hospital here spoke well of the stamina of the men at the front, the per centage of sickness being at a minimum despite the burning sun of day and sharp chill of night to which the troops are exposed.  
A few cases of heat prostration have been reported, four negro infantrymen who recently finished a detail of duty in the Philippines, being brought here to-day.

### COUNTER ATTACKS ARE UNSUCCESSFUL

(Continued From First Page)  
a Paris dispatch but French airmen repelled them.  
Workers in the British munitions shops in the Clyde district, who have struck have been called upon by labor trade organizations to return to work, their strike being declared unconstitutional and in contravention of the munitions act.  
The British coalition government has won another victory in a bye-election. Its candidature for Parliament in the Hyde road district winning by a majority of 874.  
The recent war council of the entente powers was characterized by complete unity of purpose and all the members, without exception, were satisfied with the decisions reached, says Premier Salandra of Italy in an interview given a Paris newspaper representative.  
Distribution of propaganda by German submarines in the new underwater campaign is continuing. To day

### MORAVIAN GIRLS TO PLAY HERE

The Moravian parochial school girls' five of South Bethlehem, will play the girls' division team of the Hassett club to-night on the Cathedral floor. The local team claims the State championship and sent notices to a number of fast teams. The Hassett girls won all of the games kept this season and in four games kept their opponents from scoring a field goal.  
The Moravian five won the title from the girls' teams in Lehigh valley. The team includes, reading left to right: Top row, Miss H. Krause, P. J. Boquet, coach and physical director; Miss E. Drake; sitting, Miss K. Rebstock, manager; Miss E. Turner, captain; Miss H. Meyers and Miss I. Ross; bottom row, Miss H. Pritch, Miss M. Lamb and Miss L. Shimer.  
The Hassett quintet will line up as follows: Miss Marie Burns, forward; Miss Catherine McCarthy, guard; Miss Anna Devine, center; Miss Mary Cashman, guard; Miss Beatrice Hilton, substitute; Miss Esther Sweeney, forward.

### British Hold 100 Miles of Western Battle Front

London, March 30.—Reuter's correspondent at British headquarters in France telegraphs:  
"Official communications having revealed the fact that the British armies have taken over a length of the line previously held by the French, I am permitted to make reference to it."  
The new dispositions were carried out with great skill and secrecy and the result has been the release of large French forces which were manifestly of great value in another area. At present the British are probably holding something like one-fourth of the entire length of the western front, extending in an unbroken line from the Yser to the Somme.  
"Although the hour of the British army may be at hand, it is not yet. Nor is there any reason to believe that the Germans will succeed by their attacks on Verdun in upsetting the pre-arranged strategy of the coming great offensive."  
The extension of their line to the Somme gave the British a curving front of about 100 miles, double what they held in the great allied offensive of last September."

### Be Rid of Piles

A Free Trial of Pyramid Pile Treatment Will Amaze You With Its Results.  
"Take My Advice—Get Pyramid Pile Treatment!"  
It is only fair to yourself to TRY Pyramid Pile Treatment—the most popular home pill treatment in the world today and one that has stood the test of time.
