

RAILROAD RUMBLES

"DINING CARS" TO HAVE NEW NAME

Term Is Misnomer and in Future "Restaurant Cars" Will Be Exploited

Philadelphia, March 30. — On April 1, the Pennsylvania Railroad will discontinue the use of the name "Dining Car." After that date, all cars now known as "Dining Cars" will be known as "Restaurant Cars." The term "Dining Car" is a misnomer, as the word "dining" properly applies to a place to eat dinner. As breakfast and luncheon, as well as dinner, are served in the so-called "dining car," it is actually a "restaurant" car, and the Pennsylvania Railroad has decided to take the initiative in abolishing the misnomer and in giving the car its proper title. This change marks the passing of a name that has been associated with first-class railroad travel for nearly 34 years. The first "dining car" was used on the Pennsylvania Railroad's "New York and Chicago Limited" in September, 1882. Previous to that date, through trains had been equipped with "hotel cars," which were sleeping cars with a kitchen or buffet in one end. "Hotel cars" were first used in November, 1878.

FOREIGN AGENTS SEEK OLD TIES

To Use Them in Building Trenches; Worth Five Cents Each

Until further notice old railroad ties will not be sold as firewood, or burned up as has been the custom. Both the Pennsylvania Railroad and Philadelphia and Reading Railway Company have a more profitable use for the ties. They will be sold to the allies, according to reports and used in building trenches. It is said agents for the United Kingdom are offering from seven to ten cents each for ties, and have asked for 500,000. Whether this number can be furnished is a question. The Boston-Maine Railroad is already supplying old ties, and shipping them to tide-water. Old ties could be had for the asking. Railroaders and others frequently cut them up into kindling wood, the only cost being in hauling them home. Where old ties become a nuisance, they are burned up. Instructions have been given track foremen to dispose of ties at a fixed market price, or hold them for shipment orders.

TO FURTHER INVESTIGATE STEAMBOAT LINE CASE

By Associated Press
Washington, March 30. — The Interstate Commerce Commission to-day suspended until further notice its order effective April 1 requiring the Pennsylvania and other railroads to dispose of their steamboat lines on Chesapeake Bay in accordance with the Panama Canal act. The commission will further investigate to determine whether the railroads warrant their operation by the railroads.

Standing of the Crews

HARRISBURG SIDE
Philadelphia Division — 106 crew to go first after 3:30 p. m.: 110, 120, 112, 113, 121, 116, 105, 124, 122, 119, 99.

RAILROAD NOTES

Colta and Alcorn, local railroad clerks, will be the feature of entertainments to be held in Lancaster, Coatesville and Altoona.

REDUCE STORAGE PERIOD

By Associated Press
Washington, March 30. — Railroad regulations to relieve congestion at Philadelphia and Baltimore by reducing from four to two days the period of freight storage in warehouses on carload shipments of hay, feed, hay, straw, grain and other commodities were approved to-day by the Interstate Commerce Commission.

RAINS AND FLOODS HALT LOCAL RAILROAD IMPROVEMENTS

Heavy rains and floods have put a crimp in railroad improvements in this vicinity. Work on the Cumberland Valley bridge has been halted for a time, it being unsafe to work during the rush of waters at the present stage. Grading is under way for the new turntable east of the Pennsylvania Railroad station, but has stopped until more favorable conditions. Little work has been done on the yard improvements. Electricians have been rushing the new pipes and wires at Enola, and hope to be ready by next week for final work.

CONTEST SCOPE TO BE DECIDED SOON

No Discord Among Hill Officials, Attorney General Brown Says

The extent of the contest which will take place over the election of Republican national delegates from Pennsylvania will be determined within a very few days. Senator Penrose is in Washington making his final plans and the "war council" of the State administration is completing its lists. A contest for control of the State committee is assured, and the question is how far the delegate elections will complicate matters. Men who have been active in party affairs for many years have not yet entirely given up hope of avoiding a battle which would take on features that made the contest of 1895 historic, but some of those who are interested in this move are showing resentment against the prominence given to those who bolted the party in 1912, but who instead of coming back in sackcloth are assuming high seats about tables in the State Capitol.

AN APPEAL TO WIVES

You know the terrible affliction that comes to many homes from the result of a drinking husband or son. You know of the money wasted on "Drink" that is needed in the home to purchase food and clothing. ORRINE has saved thousands of drinking men from ruin. It is a home remedy, a sanitary treatment. Can be given secretly. We are in earnest when we ask you to give ORRINE a trial. You have nothing to risk and everything to gain, for your money will be returned if after a trial you fail to get results from ORRINE. ORRINE is prepared in two forms: No. 1, secret treatment; ORRINE No. 2, the voluntary treatment. Costs only \$1.00 a box. Ask us for booklet. George A. Gargas, 16 North Third Street, Harrisburg; John A. McCurdy, 300 North Third Street, Harrisburg; Mechanicalsburg.—Advertisement.

ACID STOMACHS ARE DANGEROUS
NINE-TENTHS OF ALL STOMACH TROUBLE DUE TO ACIDITY
Says New York Physician

A New York Physician who has made a special study of stomach and intestinal diseases says that nearly all intestinal troubles, as well as many diseases of the vital organs, are directly traceable to a deranged condition of the stomach. This in turn is due about nine times out of ten to excessive acidity, commonly termed sour stomach or heartburn, which not only irritates and inflames the delicate lining of the stomach but may cause gastritis and dangerous stomach ulcers. It is interesting to note that the condition is the use of patent medicines, and practically all medical treatment that is designed to act upon the stomach itself, stating that the best results are obtained by the use of a simple antacid which acts upon the contents of the stomach and neutralizes the acidity of the food, thus removing the source of the trouble. As an antacid he prescribes ordinary bicarbonate of soda. He contends that it is foolish to treat the stomach itself as it would be for a man who stepped on a tack to rub liniment on the foot without first removing the tack. To remove the tack and the foot will heal itself—neutralize the acid and the stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remains acid. To remove the acidity of the food, there is no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach and heartburn should get a small bottle of bicarbonate of soda, and take a teaspoonful in a quarter of a glass of hot or cold water after each meal, repeating in fifteen minutes, if necessary. This being the dose which the doctor has found most efficacious in all cases.—Advertisement.

HEALS RUNNING SORES AND CONQUERS PAIN

"I feel it my duty to write you a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my left leg for one year. I began to use Peterson's Ointment three weeks ago and now it is healed."—A. C. Gilchrist, 702 Reed St., Erie, Pa.

"I'd rather get a letter like that, says Peterson, than have John D. Rockefeller give me a thousand dollars. It does me a lot of good to be able to be of use to my fellow man.
For years I have been selling through druggists a large box of "PETERSON'S OINTMENT" for 25 cents. The healing power in this ointment is marvelous. It cures in a few days all the sores, boils, ulcers, and other troubles that other remedies do not seem to even relieve are speedily conquered.
