

"TIZ" FOR ACHING, SORE, TIRED FEET

Use "Tiz" for tender, puffed-up, burning, calloused feet and corns.

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "Tiz," and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25-cent box of "Tiz" now from any druggist. Just think! A whole year's foot comfort for only 25 cents.—Advertisement.

ISLANDS LIKELY TO BE HELD OVER

State Will Probably Not Grant Patents For a Number Now in Negotiation

Applications pending before the State Board of Property for a number of islands in the Susquehanna and other rivers of the State are not likely to be allowed as the result of the opinion given a few days ago by Attorney General Francis Shunk Brown in a lower Susquehanna case. At that time he set forth the opinion that notwithstanding what had been done in the past it was against the best interest of the State to grant patents for islands in the large streams. The State is spending considerable money to buy back for forest reserves what was given away years ago and the demands for recreation places make it desirable that the islands remain in public control.

Several islands have been farmed and others are used for picnic grounds according to papers on file here and the State will continue to hold them, the occupancy probably being given to the Forestry Department to regulate. The applications are for some islands in the Susquehanna, Allegheny and other streams.

To Make Improvements.—State Commissioner of Health Samuel G. Dixon has issued directions to Mt. Union and Berwick to take steps for improvement of present means of sewage disposal. Improvements to Jonestown and Wellsboro filter plants are also required.

Fish Work Halts.—The floods of the last week have prevented sending out of thousands of young fish from State hatcheries which had been planned to "plant" this month. The fish are all of a size able to take care of themselves and include a number of young trout. The demands for trout have been unusually heavy this Spring and probably more will be put out than usual in spite of the weather conditions. Extensive planting of bullfrogs will be worked out at the April meeting of the wardens in this city.

Pittsburgh Visitors.—A. W. Robertson, J. W. Dunkle and Henry Harris, prominent in Pittsburgh legal affairs, were Capitol visitors.

Paying Hospitals.—Good sized sums are being paid out by the State Treasury officials for appropriations for hospitals and other charitable objects. The list will be cleared up this week.

Bucks on the Job.—The Bucks county conservationists are certainly on the job. They are not only asking for more trees to set out in their forests, but have put in demands for fish and for game.

Deer Heard From.—Some of the deer placed in State Reserves recently have been showing tendencies to wander about. Those from Carbon county have been seen near Hazleton.

Pittsburgh Next Week.—The Public Service Commission will sit at Pittsburgh next week. A long list of Western Pennsylvania cases is being prepared for consideration.

Many Lime Samples.—The State Department of Agriculture has thus far received almost 175 samples of lime for which brands are to be registered. They come under the new law which is being enforced by the department's agents.

Commission Meets.—The new Agriculture Commission is meeting in Philadelphia to-day for discussion of the sheep raising industry.

Bank Call Issued.—The State Banking Department last night issued a call for statements from State banks, trust companies and savings institutions as of March 30.

Jitney Cases Go Over.—The application for the jitney line to run between Millintown, Lewistown and Burnham was held over for a week by the Public Service Commission yesterday after a brief statement of the case by H. E. Pettit, for the line, and James Collins Jones, for the protestants. Mr. Pettit said that the protestants owned a turpicks, on which they charged jitneys 10 cents a mile. The Altoona-Hollidaysburg line application was rejected.

Luncheon To-morrow.—The Pennsylvania State Society will have a number of guests to-morrow at the round table luncheon. Governor Brumbaugh will attend.

DOUTRICHS

The "Live Store"

A Proclamation

Copyright 1916 The House of Kuppenheimer

WHEREAS--The press has been most liberal during the past six months or more in devoting space to the expected advance in the price of Men's Clothing; and

WHEREAS--The increasing cost of woollen fabrics and the great scarcity of dyestuffs have brought about a fulfillment of this prediction in many instances; and

WHEREAS--We have exercised to the fullest extent the tremendous outlet and spot-cash purchasing power of the Several Great Doutrich Stores to discount this situation in advance; therefore

We Now Proclaim
to the Men of Central Pennsylvania
Our ability and determination to deliver the same high quality of merchandise at the same low prices as in the past.

This means in some instances, a curtail of profits which we can ill afford to stand, but we're willing to make any reasonable sacrifice rather than lower our tailoring standard, or retreat from our stand on dependable fabrics or raise in the slightest degree our justly famous low prices.

And we feel confident that the extreme values that we can now offer the public as a result of our preparedness will so far increase the volume of our business that in the end we shall be just as well off financially and richer than ever before in prestige, friends and good will.

Indoor Life Makes Fat

TRY OIL OF KOREIN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to a good druggist and get a box of oil of korein capsules, and take one after each meal and one just before retiring at night.

Even a few days' treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy, feet become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.—Advertisement.

SAYS DRINK LEMONADE FOR RHEUMATISM

Relief from rheumatism and sciatica can be obtained by drinking lemonade and avoiding alcoholic drinks.

To get rid of this stubborn disease, however, to stop the twinges, pain and swelling and drive the poisonous accumulations from the joints and muscles, all generously-inclined druggists will tell you to take half a teaspoonful of Rheuma daily until all misery ceases.

Rheuma is a powerful remedy, because only a powerful remedy can overcome such a terrible disease; but Rheuma acts speedily, the first dose taken and you'll know that you will soon be your healthy, happy self again.

H. C. Kennedy and all druggists know what Rheuma will do, for they sell a great deal of it and guarantee that two 50-cent bottles will overcome rheumatic agony or money back.

Prisoner's Cork Leg Delays His Freedom

Leavenworth, Kan., April 1.—Afrad

to trust his decaying cork leg over the bumps and pitfalls of the outside world, G. V. Stamey, prisoner of the Kansas State Prison, declined the privilege of being with his parents.

Stamey was sent up from Shawnee county in 1910 to serve a sentence of from five to ten years for arson. Governor Capper commuted his sentence. As he was preparing to leave the

prison to go to the home of his parents in Norton, Kan., he noticed that his cork leg, which he had brought with him when he entered a cell five years ago, was in bad shape. Then

he decided that he couldn't trust it any longer and turned back. He will wait until the prison board meets again, when he will ask that a new leg be bought for him, as he is without funds.
