## STEELTON NEWS PRICE INCREASE BRINGS ORDERS

Huge Rail Orders Follow Predicted Boost; Pig Iron Breaks Records

March brought the production of American iron and steel to new and astonishing figures, so that the rate for pig iron is now 40,000,000 tons and for steel ingots 43,000,000 to 44,000,000 tons, says the Iron Age in its weekly review to-day. At the same time mills made no headway in March in taking orders; some of them fell farther behind.

Significant in its hearings both upon rail prices and upon the basis of the duration of large consumption of steel is an announcement just made by the United States Steel Corporation that its rail-making subsidiaries have decided to maintain the present prices until May 1, 1916, as to rails sold for delivery up to May 1, 1917, but will make no commitments beyond that date.

The statement is taken as the forerunner of advances in rail prices, which for some time have been justified on the score of wage additions, the high price of ferromanganese and the much higher prices paid for other forms of steel with which the mills are crowded. It may safely be added that this notification means a large influx of rail orders in the present month, though how much space is still available at rail mills for rollings in the first four months of 1917 is a question. On some of the rails ordered last month deliveries run up to July 1, 1917.

Some good-sized additions have been made to the heavy March rail orders already reported. The Santa Fe has reserved about 60,000 tons with the Colorado mill after placing 12,000 tons at Chicago. The Seaboard Air Line has bought 25,000 tons; the Buffalo, Rochester and Pittsburgh, 12,000 tons; the Atlantic Coast Line, 10,000 tons; the Washburn, 15,000 tons; the Delaware, Lackawanna and Western, 15,000 tons; the Erie, 30,000 tons. Probably 500,000 tons is under inquiry, including the Pennsylvania Railroad's quota. Considering their under-buying of recent years, the railroads have been entirely conservative in their late contracts. Efforts to increase orders thus far given would be no surprise after the Steel Corporation's notice.

Record Pig Iron Output  
Pig iron production in March was 3,337,691 tons, or 107,867 tons a day, against 3,087,212 tons in February, or 106,456 tons a day. Active capacity April 1 was 108,549 tons a day for 317 furnaces, as compared with 107,210 tons a day for 312 furnaces one month previous. Thus April opened with production at the rate of 32,806,000 tons a year for coke iron. Estimating charcoal iron at 1,000 tons of day brings the yearly rate within 30,000 of 40,000,000 tons.

### Superintendent McGinnes Pleased With Art Exhibit

The art exhibit which opened in the high school auditorium yesterday morning will continue four days. The pictures have been tastefully arranged on the walls and on four large frames in the center aisles.

In speaking of the exhibit this morning Superintendent L. E. McGinnes said:

"It is evident that our people are appreciating the educational advantages, as many pictures have been sold, and many more sales are likely to follow as the week progresses. The great majority of us will never have the opportunity to see the originals of these pictures, as they are scattered all over the world, Europe principally, and an opportunity of this kind that enables one to see and study real art, although reproduced, is eagerly taken advantage of by many. The pictures do not have the crude appearance that is seen in many reproductions, but show that the models who copied the masterpieces knew how to do it. They are beautiful. All who have seen the exhibit thus far have expressed themselves as greatly pleased."

### Steelton Snapshots

To Preach Here.—The Rev. R. M. Hartzler, pastor of the Reformed Church at Pembrook, will preach at the Lenten services at the First Reformed Church this evening. Immediately after the service members of the consistory will hold a meeting.

### Porch Climber Sent to Jail by Squire Stees

After a hearing before Squire Frank A. Stees last evening William S. Nichols, alias Charles Handley, colored, was committed to jail to await trial on a charge of attempted burglary. Nichols, alias Handley, was arrested by Detective L. N. Durburgh Saturday night after a thrilling chase from the home of Henry Maurer, Adams street.

In the arrest of Nichols the police believe they have put an end to a series of porch climbing incidents and other annoyances of recent weeks. Handley, the police say, has a police record.

### Body Covered With Hives

Baby Suffered Tortures. Healed by

Here is proof and baby's picture

"I am sending you a picture of my little girl, Eleanor, who was cured of a very bad case of hives by the use of Comfort Powder. Her little body was completely covered and she suffered tortures. She could not sleep and lost her appetite. We had tried different powders without benefit. Finally we tried Sykes' Comfort Powder, using it freely and she was soon entirely well again, and her skin healthy and entirely free from all irritation." — Mrs. H. Brown, Auburn, N. Y.

Used after baby's bath it will keep the skin healthy and free from soreness. Not a plain talcum powder, but a highly medicated preparation which subdues inflammation and neutralizes poisonous secretions; At Drug and Dep't Stores, 25c. THE COMFORT POWDER CO., Boston, Mass.

redoubt and successfully carried out an operation for connecting the redoubt with another French work on the edge of the woods to the north, occupying a large section of the area known as the "square woods."

Heavy fighting also occurred east of the Meuse, in the Vaux-Douaumont sector. No ground changed hands, however. Paris declares that German attacks north of Callette wood were repulsed while Berlin reports a similar result for French counter attacks.

Just to the west in the Argonne region the French carried out a surprise attack on a German trench near St. Hubert, inflicting losses and taking a few prisoners.

In the action which resulted in the German occupation of Haucourt village, the French lost 11 officers and 521 men, including 100 prisoners.

The French gain was scored north

of Avocourt, northwest of Verdun, where in the course of the engagement that began yesterday afternoon and continued throughout the night General Petain's troops succeeded in capturing a large portion of the position known as Bois Carre, or "square woods."

The German attacks northeast of the city were directed against the lines north of the Callette wood, where Paris reported a French gain yesterday. The efforts of the Germans to

regain the lost ground are declared to have been futile.

The French ministry of marine announces the sinking of a German submarine by a squadron of French and British warships. The submarine's crew was captured.
