COMMISSION PLANS

Will Sit Here Next Week—News Notes Found About the State Capitol

Members of the State Forestry Commission to-day discussed extension of the reforestation work of the Department which has been planned on a broad scale and which is being actively supported in all parts of the State. The Department has made available for its own use and for the public millions of young trees and the co-operation of a number of organizations interested in conservation has been promised.

Senatorial Visitor.

Senator W. M. Lynch, of Scranton, was among the visitors to the State Capitol. Honorary Commissioner of the State Board of Education are being complimented by many people for the appointments made by the board for the new trustees for the Clinton and Slippery Rock State normal schools. The new trustees are among the most prominent people in their parts of the State.

Mr. Cunningham Home.—Highway Commissioner Cunningham reached home last night having stood his trip pretty well. He will take a rest for a couple of weeks.

Ex-Member Here.—Ex-Representative Marvin, of Pike county, was here to-day on departmental business.

Argument Completed.—The argument in the case of the service on the Valley Railway's Marysville line was completed before the commission last evening. It will be decided later on.

No Strike Breakers.—According to local directors of bureau of the State's employment bureau will not furnish strike breakers to any person, firm or corporation that is a party to any industrial dispute, strike or walk-out. Compensation Referee Jacob Snyder, in whose office at Altoona the local branch is located, was so advised by Director Jacob Lightner. He requested Snyder to keep posted on any labor troubles in any plant in the district, and advise the headquarters as soon as the differences are adjusted.

New Compensation Rule.—Notwithstanding the resignation of Coal and Iron Company alleged that Frank Polwicz, of Silver Creek, died from natural causes, including asthma and dilation of the heart, Paul W. Houck, State compensation referee, at Pottsville, awarded the widow and children \$1,800 damages and funeral expenses. Polwicz was injured at the Silver Creek colliery by being struck by a steel beam and died several days afterward. Both the claimant and the company relied on the testimony of the same physician, Dr. N. W. Stein, who stated that Polwicz suffered from injuries received in the colliery, but that in all probability death resulted from natural causes.

Commission Plans.—The Public Service Commission, which adjourned for the week last night, will meet here again on Monday when the regular calendar will be taken up, but whether an executive session will be held on the Philadelphia Electric matter is not known. Tuesday two members will sit in hearings at Pittsburgh. The one-way ticket case is now before the commission on a plea for a reopening of the case.

EXCESSIVE MEAT EATING

Most people who are troubled with flatulency eat more meat than is good for them. Flatulency is wind on the stomach. Excessive meat eating or defective nerve force is responsible in most cases.

Cutting down the amount of meat in your diet and taking a course of treatment with Dr. Williams' Pink Pills to strengthen the weak nerves that control the digestive processes is well worth trying if you have wind on the stomach, sour risings in the throat, a feeling of weakness in the stomach, and palpitation of the heart. Dr. Williams' Pink Pills are recommended for thin blood and weak nerves, whatever the cause. Send today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for the diet book "What to Eat and How to Eat." It gives information regarding the tonic treatment for many forms of stomach trouble. There cannot be perfect digestion without a sufficient supply of red blood and there is nothing better than Dr. Williams' Pink Pills to enrich the blood and tone up the stomach.

Your own druggist sells Dr. Williams' Pink Pills or they will be mailed, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

DOVE OF PEACE IS DRIVEN FROM CAPITOL

[Continued From First Page.]

Does not propose to remain quiet under certain veiled aspersions upon his character and upon alleged transactions in the gubernatorial campaign which resulted in his election. As to the presence of Congressman William Vare in Harrisburg last night, the Governor explicitly stated when asked about his visit here that Mr. Vare was entirely unaware of any possible retirement when he came to Harrisburg and that his visit had to do entirely with certain Philadelphia appointments which are pending and in which he is interested.

It is no secret that Governor Brumbaugh has been greatly disturbed over the situation and that his own candidacy for the presidential primaries has had little to do with his decision to remain in the fight. It is believed further that he would have retired except for certain rumors and intimations that have reached him regarding a possible attack upon him. Under the circumstances he is said to feel that his dropping out of the contest now would be misunderstood and he prefers to defend himself rather than be the subject of political reprisal. It is known that certain overtures were under consideration and that friends of the Governor were acting for him in an effort to bring about an honorable adjustment of the factional difficulties. It is also known that there was a disposition to compose the unfortunate differences which exist and agree upon an honorable settlement of all the matters involved.

All Hopes of Peace Vanish.—All hope of peace, however, has apparently vanished and a bitter factional contest is anticipated. This likely means the submission to the voters in the primary election of two slates for delegates to the Chicago National Convention and while a number of names have been considered which are acceptable to both sides, it is entirely probable that several of those who have been regarded

as available will decline to permit the use of their names in view of a continuance of the factional outbreaks. It is expected that the developments of the next day or two will be of a more or less startling character and that the contest of the Inauguration administration against Senator Quay and the organization of that day will be more or less duplicated. There has been an insistent demand for peace upon the part of the rank and file throughout the State, but peace apparently is now far away and a showdown will come in the primary election. But for the alleged impending attack upon him it is stated in quarters friendly to the Governor that he would probably have eliminated himself from the contest this week with a view to bringing about a united party front at Chicago.

The Governor's reluctant consent to the tentative use of his name in the primary in the expressed hope of reunifying the combative and apparently irreconcilable factions which have threatened the very existence of the party in Pennsylvania has tended to aggravate rather than allay the bitterness of the preliminary campaign.
