## Anatomik Shoes Are Scientifically Constructed

The Anatomik booklet to be had at our store explains how the scientifically constructed bottom of Anatomik Shoes receives the thrust of the body's weight, which in ordinary shoes, comes upon the soft upper of the shoe so that the ankles turn in and the muscles are strained. If you have the least suggestion of foot trouble, if you get tired when on your feet, let us show you how quickly you can get relief in Anatomik Shoes sold only by us. Sizes for men and women.

## Windows Are the Eyes and Soul of Your Home

If there is any one thing about a home that reflects the spirit of its dwellers more than any other one thing it is the eyes of the house, and the windows of your home are the very eyes and soul of every room.

There is not much reason to believe that real happiness and contentment exist in the house whose window blinds are torn, or delapidated, for there is probably no other article of home furniture that costs so trifling a sum as a window blind.

Look at the windows (the eyes) of your home from the outside, which is the viewpoint of the passerby, and if you find a single window that needs a new blind just telephone to our drapery section for an estimating man. The estimate will cost you nothing.

## WORTH KNOWING

Women are liable to ailments which cause constant ill-health and on which they may consult doctors with- out much relief. It is well worth knowing that they can get at the nearest drug-store a simple medicine, made of roots and herbs, which is just what they need to recover health. That medicine is Lydia E. Pinkham's Vegetable Compound.—Adv.

## Boy Is Knocked Out and Robbed in Reading School

## STATE FORESTERS GIVE WARNINGS

Time of Danger For Fires Is Pointed Out by the State Officers

First warnings of the approach of the Spring forest fire season were issued to-day from the office of the Commissioner of Forestry. Two-thirds of Pennsylvania's 1,100 forest fires last year burned between April 15 and June 1, and everyone who visits the woods during these times of ex- ceptional danger is asked to be more

than usually careful with fire.

All the snow has left the mountain- sides, and a very few days of dry weather will make the forest floor a mass of tinder, to be ignited by the smallest spark. To add to the hazard, trout season opens Saturday the 15th, and thousands of fishermen will be traveling along the mountain streams every day during the months of greatest fire danger.

The fire warden system has been placed on a working basis, and every other preparatory step has been taken which the small amount of money available will allow; but no fire warden system can entirely counteract the carelessness of the individual so- journer in the forest. Snows have been heavy and frequent in the forested parts of the State and this will somewhat reduce the fire danger; but two weeks of dry weather will com- pletely neutralize the influence of the whole winter's snowfall.

The Department of Forestry offers these suggestions to the man who does not want his favorite camping ground next year to be a charred and dis- figured reminder of his own careles- ness:

## Don't Let a Cold Get a Good Start

The way to check a cold is to fight it from the first. Even the worst maladies often are easily conquered if attacked early enough. Colds may lead to asthma, bronchial troubles and pulmonary affections. In the treatment of these one of the first needs is to build up body resistance. Eckman's Alternative often has as- sisted in such upbuilding. As a treat- ment for the troubles named, it has been used for more than twenty years. And in many instances it has effected lasting relief.  
As with any other medicine, it should be regarded only as a first aid to right care and hygienic living — and a safe one. For it contains no narcotics, opiates or habit-forming drugs of any sort.

## Barnes Denies He Will Support Col. Roosevelt

New York, April 11. — William Barnes, formerly chairman of the Republican State Committee, in a statement issued here yesterday at- tacked ex-President Roosevelt and denied a published report that he would not oppose the nomination by the Republican party of Mr. Roose- velt for the presidency.  
"This year," Barnes asserted, "the periodical candidacy of Mr. Roosevelt is based upon Americanism, and such sporadic support as he is receiving comes from his declaration in behalf of proper national defense. Mr. Roosevelt is not responsible for any natural phenomenon, nor has he a patent on the obvious. That this country should be properly defended, as it is not defended now, is not open to debate."

## DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys, especially if the kidney action is dis- ordered, passages scanty or too fre- quent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Harrisburg testi- mony:  
William Miller, 1958 North Seventh street, Harrisburg, says: "I had a constant ache in the small of my back; I was so lame at times that I could just manage to straighten after bend- ing. It took only a little more than two boxes of Doan's Kidney Pills, which I got at Jno. K. Garland's Drug Store, to cure me and I have been per- fectly well now for a year or more."  
Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Miller had. Foster-Milburn Co., Props., Buffalo, N. Y. — Advertis- ment.
