Girls of Sewing Club Enjoy Indoor Picnic While the Spring is still unsettled and the gathering of wild flowers a cold and muddy pleasure, an indoor picnic seems just the thing for a sunny day. Eight young girls gathered at the home of Miss Phoebe Carter this afternoon and after trying the old-fashioned games of fish pond, a flower contest and bean bag throw, luncheon was served from boxes and baskets. An unused room of the house, made to resemble a grove with artificial foliage and Spring flowers, did quite well as a substitute for the outdoors and the girls all agreed the "picnic" was a success. Mrs. Kenneth Davis and Miss Sara Davis have come to Atlantic City for a fortnight's stay.

How Hot Steero Helps Digestion Steero is a stimulant that does not harm. Its reaction is a bigger, keener appetite. Steero stimulates appetite because it is hot. It stimulates because it has a fragrance that tickles the palate and pleases the sense of smell. It stimulates because it has a sturdy, beefy flavor, combined with a smack of vegetables and spices. The flavor, the fragrance and the warmth of Steero are perfectly harmless, but they do make you hungry. A cup of Steero warns the stomach that food is coming and arouses the sense of taste. You digest your food better, because you are hungry--because you are in the mood to eat.

Did you ever stop to consider how much money you've got laying loose around the house? No, I don't mean so much in actual currency, but in inactive furniture, carpets, stoves, dishes, and the like. Too good to throw away, and for which you have no further use except to shift from one corner to another each housecleaning time. Sell it! That's the answer. Take that old stove, for instance. That's good for \$5 to \$15 if you knew who needed a stove like it. I'll tell you--just insert an ad like this in the TELEGRAPH: FOR SALE--Large stove; good as new. Double heater; burns coal or wood. Reason for selling, owner has no further use for it. Call 1027 Hill street. An ad like that will cost you 25c for one time, or three times for 50c, and there's mighty little doubt about your selling it. Among the twenty-one thousand readers of the TELEGRAPH there are plenty of folks who are looking for just those articles for which you have no further use. Better try it out and give us a chance to prove our assertion that there's a buyer for anything under the sun among the TELEGRAPH'S readers. Just call Bell 4100 and a courteous clerk will help you word your ad.

Dr. Schmucker Speaks Before Commonweal Club

In an address before the Commonweal Club last evening at the Y. W. C. A. Dr. Samuel C. Schmucker, of West Chester, who took for his subject, "Evolution and Progress," said in brief:

WEST SHORE UNION OUT FOR IMPROVEMENTS

With the purity of the water supply. The morning Patricia Russ, head of the water company, said this was news to him and that he would carefully consider the situation he would issue a statement covering the company's position and showing that the rates lowest in Pennsylvania. The company stands ready to cooperate with the union in anything that is responsible for the improvement of the water and sanitary conditions in the district it serves. At last night's meeting resolutions were passed and ordered forwarded to the war company, borough councils and to the health authorities, setting forth the unsanitary condition of the "dead end" of the water main in Midway. The Midway fire company is the last tap on this line and it is said that the water there cannot be used. Families drawing from this line also have trouble in securing pure water. The firemen said, "Conditions of the same nature are reported as prevailing in West Fairview and Wormleysburg. The matter of uniform water pressure was taken up by Col. H. C. Demming, Millard M. Tawney and John C. Williamson of the Harrisburg union, who will ask the State Fire Marshal to go and make an investigation. Good Roads, Too While the union was formed for the purpose of improving fire protection along the West Shore it promises to go considerably farther for the reason that good roads and traffic regulations enter into the matter of fire fighting to a large extent. The union sent a resolution to the supervisors of East Pennsboro township requesting them to repair the road between Pine street, Enola and Manns Woods. The Fairview council was requested to repair its part of the road in that borough. The Harrisburg Motor Club will be asked to co-operate. A resolution was sent to the State Highway Department reporting the condition of the State road between Lemoyne and New Cumberland. The union also petitioned the supervisors of East Pennsboro township to use their efforts to obtain 5,000 cubic feet of gas free of charge each month for firehouses in Midway and Enola. The other towns have this service free. The Valley Railway Company will be asked to change several traffic regulations at dangerous points. The meeting was largely attended and enthusiastic. The union is a new organization but is already having a weighty influence in shaping affairs in its line along the West Shore. The May meeting will be held in New Cumberland.

Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor--I want to write you about "Anuric." I was very sick, could hardly be up; I was in bed most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up, the pain was so great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Anuric Tablets so I thought I would try them. I took only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Sincerely, Mrs. WM. KELLER. NOTE: This "Anuric" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's great Institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys. Patients having once used "Anuric" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Anuric" in the drug stores of this country, in a ready-to-use form. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

GENTLE RUBBING HELPS VARICOSE VEINS

Rubbing the swollen veins nightly for two to three minutes with a gentle hand stroke brings benefit to sufferers and is a mighty good advice, says an authority. After the rubbing, which should always be done at night, because the blood in the veins flows that way, apply Emerald Oil (full strength) with brush or hand. Try this simple home treatment for a few days and improvement will be noticed. The only medicine that is reduced to normal. It is very penetrating and can be obtained at any drug store. It is so powerful that it also reduces golfing and tennis. All druggists have Emerald Oil in their stores and will be glad to supply it.--Advertisement.

WHAT THE SHOPS ARE SHOWING

Delightfully suggestive of the spirit of Easter time are the Bellerose flower baskets and vases offered by the Studebaker Grocery Store, Second street at the crossing of State street. The lovely colorings of these baskets, which sell from 35c up, makes a beautiful background for Spring blossoms and furnish a simple but exquisite Easter gift. New this season, are the tall single flower vases of glass with base and handle of beautifully-woven basketry. The glass in the vases is a wonderful blue-green shade, like deep sea water, and with a stately lily, or a few sunny daffodils, they make a novel and beautiful gift. Spring Birds Along with the robins which herald the Spring, have come the lovely bird trimmings for the Easter hat, and some of the most charming models in the French Room, at Astrich's, Fourth and Market streets, exhibit this clever trimming idea. One stunning sailor is a soft gray shade, with a beautifully-formed bird, with long graceful tail, plausibly perched at the side of the crown. Other models merely suggest the bird effect, and strikingly smart is a big black hat of unusual shape, with bird fancies in canary yellow and black ostrich daintily poised. A Pleasant Contradiction While everyone is disturbed over the high prices demanded for smart footwear this season, a pleasant contradiction is afforded by the Walk-Over-Boat Shop, 226 Market street, who offer a big assortment of new snappy models in Spring and summer pumps, finished with the usual Walk-Over skill and perfection of design.
