

## GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR

It becomes beautifully soft, wavy abundant and glossy at once.

Save your hair! All dandruff goes and hair stops coming out.

Surely try a "Dandierine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Dandierine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, luster and luxuriance.

Besides beautifying the hair, one application of Dandierine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Dandierine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Dandierine from any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful. You will say this was the best 25 cents you ever spent.—Advertisement.

## How To Prevent Acid Stomachs And Food Fermentation

By a New York Physician

"My experience has forced me to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which is all the pain and difficulty, is caused by excessive acid in the stomach, aggravated by food fermentation. Hyperacidity irritates the delicate lining of the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach wall is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all cases—and they comprise a great majority of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking a small amount of cold water immediately after eating, from one to two teaspoonsful of bisulphated magnesia, which is the most effective antacid and food corrective I have ever found. The excess acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy normal manner. I would ask your druggist for bisulphated magnesia rather than magnesia in any other form."—Advertisement.

## HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY

People who are overburdened with surplus fat know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unwholesome fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of "Korein" capsules, and after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, and helps digestion. A few days of its use will be reported to show a noticeable reduction in weight, footprints become lighter, your work seems easier and more buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.—Advertisement.

## BIG EATERS GET KIDNEY TROUBLE SAYS AUTHORITY

Take a tablespoonful of Salts to flush Kidneys if Back hurts.

Omit all meat from diet if you feel Rheumatic or Bladder bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid, which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous, aches, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delicious effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

## NEWS OF STEELTON BAR CARNIVALS FROM BOROUGH

Steelton Councilmen Afraid of New Lawless Element in Town

Steelton's pleasure-seeking element this summer and every summer hereafter may be compelled to hie away to some other town if they desire to "take in" the sights of a carnival, Wild West Show, or any other kind of outdoor amusements.

The borough council is of the opinion that carnivals, street fairs and all kinds of shows have had bad effect on the residents of the town and at last evening's session Councilman E. C. Henderson proposed a resolution banning all carnivals or shows of other sorts from exhibiting within the borough.

His reason was that just now there are hundreds of negroes from the far South and from the Portuguese possessions working at the big steel plant who like to play the gaming devices which usually accompany carnivals.

"We have an element now," said the councilman, "that would gamble away their last cent and then murder the man that wins to get their money back."

At the request of some of the councilmen the measure was held over until a special meeting of council.

As the measure now stands, even the "Clive Club" open-air carnival, an annual affair, will be banned and no fire company will be permitted to conduct a carnival.

**CATHERINE THOMPSON**  
Funeral services for Catherine Thompson, who died Sunday night, will be held from the home of her parents, Mr. and Mrs. Robert V. Thompson, to-morrow afternoon at 2:30 o'clock. The Rev. C. B. Schellen, pastor of the First Presbyterian Church, will officiate. Burial will be made in Baldwin Cemetery.

**ANTONIO GONSALES**  
Antonio Gonsales, a Jamaican negro, who lived at 721 South Third street, died at the Harrisburg Hospital last evening from pneumonia. His only relative in this country is a cousin in South Third street.

**COUNCIL DECIDES TO NUMBER HIGHPIRE HOMES**  
At last evening's meeting of the Highpire council it was decided to number all houses in the borough, starting at the borough office, running south and from the river, east.

**Alleman To Sing.**—M. R. Alleman will sing a tenor solo at the services this evening in the Lutheran church. The Rev. G. N. Lauffer will preach on "Man's Inability."

## MIDDLETOWN Middletown's Council Passes Many Important Measures Last Evening

The borough council met in regular session last evening. On motion of councilman Hipple the Highway committee was instructed to repair as much of the borough as possible. Burgess Thomas Jordan asked and obtained permission to put on an extra police officer Saturday afternoon and evenings. The ordinance giving the York Haven Power Company the right to change its line running into the Middletown Car Works was passed on third and final reading. H. R. Brinser, of the Golden Leader Milling Company, asked that the grade of Mill street be given the company as they desire to lay sidewalks along their property. The matter was placed in the hands of the Highway committee for investigation.

**PLAN EASTER VACATION**  
At a meeting of the Middletown school board last evening it was decided to close the borough schools from April 20 to the 25th on account of Easter. Supt. H. J. Vickey was granted permission to take the examining on the State board at Clarion, Pa., on June 30. Charles Houser was elected trustee officer.

**WOMAN STOLE \$36. CHARGE**  
Mrs. Sophia Kovecheck, of Water street, will be arraigned before Judge William J. Kennard this evening on a charge of taking \$36 from a suitcase belonging to one of her boarders.

**CRICK FUNERAL TO-MORROW**  
The funeral of Frank Crick will be held to-morrow afternoon at 2 o'clock at the home of his son, A. B. Crick, of Catherine street. The officiating clergyman will be the Rev. Mr. Albright, of town, the Rev. Mr. Rupp of Harrisburg. Burial will be made in the Middletown cemetery.

**MAIL CARRIER ILL**  
Frank Shenfeld, mail carrier, is off duty threatened with pneumonia. Davis Garver is substituting for him.

**BURY MRS. JOHN SLESSER**  
Funeral services of Mrs. John Slessler were held this morning at her late home near Round Top and at the Sand Hill Lutheran church. The Rev. John Brinser officiated and a burial was made in the cemetery adjoining the church.

**PLAN ANNUAL BANQUET**  
Plans for the banquet given annually by members of the Junior class of the High School to the Seniors are now being discussed. An innovation this year will be the rendition of a class play by the Juniors. The tentative date for the affair is April 28.

## New Contract Ratified by Miners' Organization

By Associated Press  
Indianapolis, Ind., April 11. — The wage agreement adopted at a conference of the officials of the United Mine Workers of America and representatives of the coal mine owners in New York, has been ratified by a referendum vote of the members of the miners' organization, according to an announcement made to-day by William Green, international secretary-treasurer of the union. The vote was \$4,498 in favor of the agreement and 42,820 against it.

The new contract is for a period of two years, dating its beginning from April 1, 1918, when the old agreement expired. It provides for the payment of mining coal on a mine run basis, an increase of 5 per cent. for day labor, dead work and yardage.

This agreement is used as a basis for the negotiation of wage contracts and especially in what is known as the central competitive fields, comprising the States of Indiana, Ohio, Illinois and Western Pennsylvania.

## RUSH MEASURES; HONOR REYNERS

Pass \$75,000 Improvement Ordinances; to Go Before People in May

### STEELTON COUNCIL'S ACTION

C. R. Holton resigns as assistant secretary. Markwood D. Myers assists Borough Secretary Charles P. Feidt, hereafter.

Postpone action on proposed license code.

Report only \$27 delinquent water rents remain on books.

Municipal League completed payment of \$1,250 for share of Locust street bridge.

Railroad ordinance held over until special meeting.

Pass \$75,000 paving and motor fire apparatus ordinances finally.

Order tank car of crude oil for streets.

Purchase 900 feet of hose and other supplies for fire companies.

Ask another legal opinion on legality of patrolmen turning over their arrests to constables who collect fees for same arrest.

Pay bills amounting to \$3,277.91.

Vote \$169.05 to Shade Tree Commission.

Order warning signs placed in Luther R. Keller park.

Consider resolution banning all carnivals and tented shows as safety measure.

Show willingness to appoint Park and Playgrounds Commission.

As a tribute to the leadership of President J. V. W. Reyners, under whose leadership as the presiding officer of borough council practically all of Steelton's big public improvements have been carried out, Steelton's borough council last evening unanimously passed the two ordinances calling for a vote at the May primaries on a bond issue of \$75,000 for additional improvements.

Not only did the council pass the ordinance first reading but the rules were suspended and the measures were passed unanimously second and final readings. They will now be advertised thirty days and submitted to the voters May 16.

The ordinances call for an issue of \$50,000 worth of bonds for additional street paving, and \$25,000 bonds for purchase of motor fire and garbage collecting apparatus.

**Misunderstood League's Request**  
Council also showed its willingness to create a Park and Playgrounds Commission when, following receipt of a letter from the Municipal League requesting appointment of a commission, council authorized President Reyners to appoint three councilmen and two citizens as members of a committee to handle the fund recently created for playground establishment.

Owing to a misunderstanding of the wishes of a large body of citizens who have the best interests of parks and playgrounds at heart this suggestion of a committee was made. It is not likely, however, that the committee will be appointed.

It is planned to have the commission idea further explained before the next special meeting of council when an ordinance will likely be introduced calling for the appointment of a regular Park and Playgrounds Commission.

**Money For Shade Trees**  
A request from the Shade Tree Commission for an appropriation for this year's work was granted and last year's appropriation, a large part of which was unexpended, was renewed. The Shade Tree Commission will now have \$469.50 for this year's work.

**Tribute to Holton**  
The resignation of Charles R. Holton, who has gone to South Bethlehem as assistant purchasing agent for the Bethlehem Steel Company, was accepted by council with regret, and upon a motion of Mr. Nelly a resolution was passed and read into the minutes praising Mr. Holton's excellent work as assistant borough secretary.

On the report of Chairman Henderson that his committee was "unable to obtain sufficient data" the railroad ordinance, around which interest in municipal circles now centers, was postponed for another month. A special meeting will likely be called to pass this measure.

**League's Work Appreciated**  
On the suggestion of President Reyners the account with the Municipal League was ordered closed and a resolution of thanks for the assistance rendered by the League in building the Locust Street Steps was passed. The League contributed \$1,091.50 to this work.

After considerable discussion it was decided that nothing can be done immediately towards taking up the \$12,000 now in bank at three per cent. and for which the borough is paying four-and-a-half per cent. The money was voted to build a municipal hospital and council issued the bonds before it had been decided not to build the hospital.

**Want Another Opinion**  
The police committee reported on Burgess Fred Wigfield's letter ordering the police to cease turning over their arrests to constables who collect costs for their work. Council, on recommendation of Mr. Henderson, asked another legal opinion for the borough solicitor who has already ruled that the Burgess is taking the proper course.

The West Side hosehouse was ordered repaired and a contract for thirty work was let to J. W. Wambach on his bid of \$113.

A request from an East End property owner for information about sewers and water lines to Front and "T" streets was referred to the sanitary committee. The man desires to build another house.

**Purchase Fire Supplies**  
Bids were opened and contracts awarded for 900 feet of hose as follows: 300 feet of Bi-Lateral hose at 95 cents a foot to the Bi-Lateral Fire Hose Co., Henry Gilbert & Sons, Harrisburg, agents; 300 feet old-style Paragon hose from the Eureka Hose Manufacturing Co., John A. Smith, Philadelphia, agent; 300 feet diamond hose from C. L. Brinzer and Son, of Steelton.

Other equipment purchased on the recommendation of Fire Chief J. E. Malchorn includes: 2 nozzles, 2 tin cutters, 2 plaster hooks, 50 feet of chemical hose, 18 rubber coats, 2 gate valves, 24 pair rubber boots; 12 pair suspenders and 1 Siamese Coupling. The cost was \$239.

**STEELTON SNAPSHOTS**  
Committee to Meet.—The Sanitary Committee of council will meet on Saturday to consider plans for sewers and water connections at Front and "T" streets, where C. W. Boyer plans a new residence.

## New Spring Waists

At prices incomparable—Voiles, Silk Stripes, Jap Silks, Crepes—

98c, \$1.50, \$1.98

## STOUT WOMEN TAKE NOTICE

We have installed a new department in this store, catering exclusively to each and everyone of your clothing requirements. You can now dress and appear just as stylish as your slim sisters. No more fretting, no more worries, no more paying exorbitant prices to tailors—for we can fit you in Suits, Coats, Dresses, Waists and Skirts that possess the new style features. Sizes up to 55.

## NEW SPRING COATS

\$10 to \$30

All the newest, classiest models.

## Confirmation Dresses

Dainty lacy creations of exceptional value, especially priced.

## "OVERLOOK," BEAUTIFUL FLEMING MANSION GIVEN CIVIC CLUB BY KUNKEL DECISION

Until the Civic Club of Harrisburg learns definitely whether or not the Central Trust Company of New York, administrator for the estate of Mrs. William R. Fleming, intends to appeal from President Judge Kunkel's decision in declaring valid Mrs. Fleming's bequest of her former residence "Overlook" to the club for permanent quarters, no steps will be taken by the organization to occupy the splendid residence that overlooks the Susquehanna at the foot of North street.

Mrs. William Henderson, president of the Civic Club, made that statement this morning.

"While I can't possibly understand how anybody could appeal from the admirable opinion of Judge Kunkel the club doesn't know what will be done in that respect and until we do know, we can do nothing relative to occupying the house," said she. "The question will be brought up at the meeting of the Club on Monday. To say that we are pleased is putting it very mildly indeed. As soon as the decision was handed down Mr. Weiss notified us—we were having a meeting of the executive board at the time—and when I read the opinion of the court in the Telegraph last evening I really couldn't see how there could be any grounds for appeal."

President Judge Kunkel's clear opinion in favor of the Civic Club in the matter of the Fleming property in North Front street, adjoining the pumping station, has caused general satisfaction throughout the city.

In her will Mrs. W. R. Fleming stated that the handsome building and grounds had been bequeathed to the club in fulfillment of a desire expressed by her husband "because of the great interest taken by him in all matters of civic progress and public improvements in Harrisburg."

She also bequeathed one thousand dollars for the purpose of erecting upon the clubhouse a suitable tablet or plate as a memorial to her husband.

In his lucid opinion Judge Kunkel comprehensively states the purpose and work of the Civic Club, particularly mentioning the many things which have been done by the organization for the betterment of the city.

One of the Organizers  
Mrs. Fleming was one of the organizers of the Civic Club and an active member during her residence in Harrisburg. As Judge Kunkel suggests "she was familiar with its objects and was deeply interested in its work." He says further that it is clear that the intention of the testatrix was to devote the property to the uses and purposes of the club, and that the be-

quest was a charitable gift in the contemplation of the law can admit of no doubt. Further Judge Kunkel says:

"The object and activities of the club show that it was engaged in a service to the residents of Harrisburg. To educate the public in principles of good citizenship, so as to promote better municipal conditions, to suggest and co-operate in carrying out measures designed to make the city more healthful, more moral, more comfortable and more beautiful as a place to live in, and to teach and encourage the residents to be interested in matters that conduct to this end, are great public services. The application of money and property to such purposes is manifestly a public charity and an association dedicated to such a work is a public charitable institution. The testatrix was familiar with the work of the club and clearly intended that her property, and its proceeds when sold, should be dedicated forever to the work in which the club was engaged."

In the opinion which covers every phase of the controversy Judge Kunkel points out that the work of the club contributes to the general object of promoting a better social order.

**Gendell Resigns Place With Engineers to Be Dubois C. of C. Secretary**

To End Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear a watch tick tell how they have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with lead noises or catarrhal deafness, cut out this formula and hand it to them and you will have been the means of saving some poor sufferer from perpetual deafness. The prescription can be prepared at home and is made as follows:

Paracetamol is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear and the result it gives are nearly always quick and effective.

Every man who has catarrh in any form should give this recipe a trial and free himself from this destructive disease.—Advertisement.

**PAUL GENDELL**  
Paul Gendell, manager of the Engineers' Society of Pennsylvania, Front and Chestnut streets, presented
