BELL—1991—UNITED

If you have the young man's natural inclination for a sack suit fashion, so new that the designer's chalk—figuratively speaking, still lingers upon it, glance at

The Kirschbaum VOGUE

—Note the narrow lapels; the two closely spaced buttons; the high waist effect—and then consider how it would look in the new gray plaids, banjo stripes or color flecked mixtures.

\$15, \$20, \$25

IN any garment bearing the authority of the Kirschbaum signature, you may be sure of this:

First, that the fabric is all wool, absolutely; with the softness, the tailoring qualities which only all-wool can impart.

Second, that from the time the fabric goes to the cutting tables until the last button is sewed upon the finished garment, no pains are spared to infuse into it the right style, fitting and wearing qualities.

Third, that you will get the right fit, the right wearing qualities or your money back.

A department of Spring Furnishings awaits the particular man who looks to style and wear in Shirts, Hosiery and other accessories.

Come in and make your choice, in the genial, accurate, truth-telling light of the sun. Our Men's Store is situated on the second floor---just a second off the street.

PORCH CAMPAIGN FLIES OVER THE RIVER

[Continued From First Page.]

In Co-operation With the Campaign For **A MORE BEAUTIFUL HARRISBURG** now being conducted by the TELEGRAPH, we will agree to accept this COUPON as worth **25 Cents** running foot of Porch Window boxes in excess of two feet. Coupons may be presented at "The Berryhill" on Locust Street at Second or at the Nursery on the Jonestown Road. **The Berryhill Nursery Co.**

friend who would give \$10 as a prize to the company in the union having the best decorated firehouse at the close of the coming summer. The idea took hold at once and it is likely that the West Shore firehouses will be striking examples of what may be done in the way of town beautification at the expense of a few dollars. Meanwhile the project is meeting with steady favor in this city. A letter from a lady residing on Allison Hill, but who asks that her name be withheld, says:

"Your artist's picture of State street as it would look with porch and window boxes is not exaggerated. Three years ago I was in Europe and I can assure you that the picture as published by the Telegraph looked very much like many of the street scenes in Berlin and other European cities, where the art of floral and plant decoration is practiced much more extensively than here. I am delighted that the Telegraph has taken up this work. You can rely upon me to do all I can for it and my friends are with me in

this. Keep up the good work until all Harrisburg is beautiful."

The offer of the Berryhill Nursery Company for reduced rates on window boxes has taken many into the contest who otherwise would not have entered. One of the Berryhill coupons is herewith reproduced.

TO CLOSE GRADE SCHOOLS AGAIN

[Continued From First Page.]

Children under 10 years of age barred from Sunday school again on Sunday, and that his decision would not be reached until later in the week, when the result of last week's stringent rules are expected to cause a big drop in the number of cases of measles in the city.

Forty new cases were reported for the eleventh day in April, making the total 497 cases for the month, and 1,518 since March 1.

Four more families were found with children suffering from the disease and no physician in attendance.

Neighbors made the complaints and Assistant Health Officer Dr. A. Z. Ritzman investigated, quarantining the premises in each case.

Figures compiled for the first eleven days in April follow: Cases reported daily: 37, 26, 22, 46, 45, 67, 57, 48, 46, 53, 40; highest number of cases for first week of April by wards: Seventh and Ninth, each 67; Second, 48, and Tenth, 21.

CHILDREN DIE IN POWDER EXPLOSION

[Continued From First Page.]

Howard Mathena, a glazer, had just entered the glazing shop when the explosion occurred, and he was blown to pieces. Calvin Butts, a watchman, was nearby and was so seriously hurt that he may not recover. George and Roy Crawford were asleep in their home almost a mile from the mill, and were crushed to death under a great rock blown through the roof by the force of the blast. Two other persons in the village were injured by falling

debris. The sites of the buildings which made up the plant are marked by great holes. Officials are unable to assign any cause for the explosion.

LOSS LESS THAN \$75,000

Wilmington, Del., April 12. — Officials of the Du Pont Powder Company said here today that the loss as the result of the destruction of its plant in West Virginia would probably be less than \$75,000. The plant there had never been engaged in war orders, but was exclusively used to manufacture blasting powder for the coal mines in the vicinity, according to the company.

Stelton Woman Held as Suspect in Murder

Mrs. Rosie Gugger, a foreign woman, of 472 Mohn street, was arrested yesterday afternoon by Detective Harry White, charged with being implicated in the murder of Joseph Heller, who, together with John Knoke, both formerly of Steelton, left the borough in December, 1914, with Mrs. Gugger, it is said.

Mrs. Gugger returned in January, 1915, and three months later Heller's body was found under a pile of ties near Pembine, Wis. County authorities there said that Heller had been dead at least three months. Arthur J. Hoelt, of the Wilson Detective Agency, Milwaukee, came east to see the Gugger woman and yesterday Wisconsin authorities ordered her arrest. As soon as requisition is granted she will be taken to Milwaukee for a hearing. Knoke is already under arrest, charged with the murder. It was intended at first to take the Steelton woman as a witness. The local end of the case was investigated by the White Detective Agency.
