

Dives, Pomeroy & Stewart

New Easter Suits in Cloth and Silk

For Women and Misses

Styles Adapted From Clever French Models

In the Dives, Pomeroy & Stewart assemblage of frocks and suits, the modes of the French style chieftains are shown concurrently with the exhibitions in Paris.

Adapted alike for dining occasions and for wear in the Easter promenade these reproductions of French modes. Will appeal to the most discriminating woman or miss.

The Easter showing is as complete now as it has been at any moment during the past 10 days of active selling, due to new arrivals in each incoming express.

Especially attractive are the suits for women and misses at \$16.50 to \$30.00. The styles are full of an irresistible charm that will appeal to women who seek individuality in their apparel.

Dives, Pomeroy & Stewart, Second Floor.

mentality of that organization that it met with so much success.

Jubilee Meeting

To-day's meeting was in the nature of a jubilee. The members were in high spirits over the opinion of Judge Kunkel sustaining the bequest of the Fleming residence in North Front street to the Civic Club and the session was one of the largest and most enthusiastic in years. The feature of the afternoon was the annual report

of Mrs. William Henderson, who as president has been in the forefront of the club's many activities during the past year. Mrs. Henderson dwelt at some length on the work of the club along lines of child labor and good citizenship and noted that the club would encourage the bringing to Harrisburg next Fall of the exhibit which lately attracted so much attention in Philadelphia, setting forth the causes of feeble mindedness and means of prevention.

President's Report

The report is in part as follows: "Judge Kunkel's decision that the Civic Club legally owns 'Overlook,' the beautiful property bequeathed to it by Mrs. William Fleming, was

Common Sense Will Stop Horrible Rheumatism

The famous Opie, a great English painter, was once asked what he mixed his paints with. "Brains," he replied. Rheumatism cannot live long in a body that is cared for by a head full of brains. Brains or common sense is an avowed enemy to rheumatism. The poisons with which every rheumatic body is filled, arise in the kidneys, or stomach or blood. This poison goes into the blood. It is stronger than the ordinary force of the blood. It lodges in the muscles and joints. It gathers around nerves and presses upon them. It inflames the flesh. Pain comes and remains until the cause of the trouble, the acids and poisons, are driven out of the blood.

will not reach down to the throne room of the trouble. What nature wants is more power to the blood. Many forms of rheumatism are caused by secret deplorable diseases. Nature surely uses common sense and tells the man to get rid of this bad blood. Here is a chance for you to use your common sense. How? Get a bottle of S. S. S., the greatest blood purifier ever known. During 60 years it has cured thousands of cases of rheumatism and will cure you. It is purely vegetable and goes into the blood like rich food goes into it. It throws off all impurities and makes good, pure red blood. If you desire special medical advice, write our Medical Department, Room 19, Swift Specific Company, Atlanta, Ga.

In Co-operation With the Campaign For A MORE BEAUTIFUL HARRISBURG

now being conducted by the TELEGRAPH, we will agree to accept this COUPON as worth to apply to a running window or porch box in excess of two feet. Coupons may be presented at "The Berryhill" on Prospect Street at Second and at the Nursery on the Jonestown Road.

The Berryhill Nursery Co.

tions we endorsed the Baby-Saving campaign held in Harrisburg, March 15 to 18; Mrs. James I. Chamberlin, chairman of the committee, arranged on Monday last, in mine of the industrial establishments, by members of the Civic Club. Literature pertaining to care of babies was distributed. They were asked by the Rotary Club and Chamber of Commerce to place them in having Allen D. Albert of Minneapolis, lecture at the Technical high school on March 22, the subject, "The Forces That Make Cities."

"The Civic Club then as on a former occasion when John Ihlder was here last Spring, went on record as favoring the code of building laws, and as resitting the present housing conditions.

Feeble-Minded Exhibit

"A letter from the committee on provision for the feeble-minded, we have promised to assist them in any way we can, and will help that organization bring to Harrisburg next Fall, their exhibit showing the growth of feeble-mindedness.

"Of great interest to the Civic Club was the republishing last September, during the municipal celebration of Mrs. Robert C. Neal's paper, written for the League of Good Citizenship fifteen years ago, 'Wake Up Harrisburg.'"

"During the year we have lost by death three members: Mrs. Gilbert H. McCauley, Mrs. Stewart Koser and Miss Weir. We have a membership of 304, active 270 and honorary 34.

Municipal Department

Miss Ra-hel Pollock, chairman of the municipal department reports: "The municipal department met with a great loss in the death of Mrs. A. S. Koser who had been the faithful secretary for many years. The greatest work of the department was having the curfew law passed and the fly contests. The committee for the curfew had worked hard for two years, they were Mrs. A. L. Martin, chairman; Mrs. George A. Gorgas, Miss Fannie Eby and Mrs. Robert Irons.

"The first contest for June and July in which there were 314 1/2 pints of flies brought in by the children. The prize was paid for these flies. With one prize of \$5, one \$2.50 and one for \$1. The same prizes were duplicated by Mr. Strouse, of the Globe Clothing store.

"The second contest was for August and September and 717 pints of flies were bought for which five cents a pint were paid and five prizes given. Total number of records were two contests 1021 1/2 or over sixteen bushels, cost \$70.40. Ten stores used Civic Club traps but these flies were not paid for.

"The committee on smoke nuisance reports strong opposition by all the companies making smoke. There must be a city law compelling the companies to do everything possible to prevent smoke.

"The Civic Club has been asked by Dr. Raunick through this department to use their influence to have the city provide an ambulance, and a sanitary hospital.

Educational Department

The educational department, Mrs. H. L. Hosford, chairman, reports: "Through the efforts of the educational department the Susquehanna open-air school at Fifth and Seneca streets was open during the summer for the benefit of the tubercular children from both open-air schools in the city. All the work being under the supervision of the Civic Club.

League of Good Citizenship

"This work is carried on in 16 schools. Five new members took up this work. The League of Good Citizenship with the aid of many members and outsiders, provided entertainment for each of the open-air schools. The Susquehanna school was presented with a turkey dinner. About 40 children at the Lochiel school were given a turkey dinner. Fifteen records were also donated to this school; 20 records to the warm school and 30 records to the Y. W. C. A. for use in their industrial work. The matter of presenting a piano to the Lochiel school has been taken up. The continuation of the open-air school during this summer has been taken up with the school board and approved. The same arrangement was made for the summer. A much larger garden plot has been secured as a result of a request to the school board, and the out-door department will co-operate with the educational department in the garden work. Work will be carried on much more extensively than was possible last year. We are greatly indebted to City Commissioner Lynch for having the ground opened for the garden. The officers elected for the coming year are Mrs. H. G. Keffer, chairman, and Mrs. M. G. Hilbert, vice-chairman.

Out-Door Department

"The out-door department, Miss Buehler, chairman, reported: At the Patriotic office, Saturday morning, May 1, 656 children applied for seeds, all of them were supplied and the back-yard garden was started. The work was divided into nine districts, each in charge of a committee, and three inspections were made in the course of the summer. The severe storms of the winter made havoc of the little gardens, and some gave up, but a surprising number repaired damages and continued to the end. Eighteen prizes were given, ranging from \$5 to \$1.

"After the contest the competition was well under way the Telegraph offered \$100 in prizes for various kinds of gardens through the Civic Club. Thanks to the generosity and public spirit of the Telegraph many corners of the town were brighter, and many people are learning how much can be done to beautify the town with very small outlay of money.

"The work of the summer and next year looms up before us, the Civic Club stands for much that is worth while in this community and we must mean to put it to it, the municipal department will have to make a new nuisance to look after as well as the interest we hope to create in ambulance and sanitary hospital.

The educational department is special work in out-door schools and among foreign and defective children. The out-door department will continue to make Harrisburg a healthier and more beautiful place to live in. We owe many people than the newspapers, the School Board, the City Council and the Chamber of Commerce, they have all helped to make this Civic Club of Harrisburg what it ought to be, let us as the club's members adopt this creed borrowed from far-off California:

"Keep us, God, from pettiness, let us be large in thought and deed. Let us be done with fault finding, and leave off self-seeking. May we put away all pretense, and meet each other face to face, without selfish prejudice. May we not be hasty in judgment, and always generous. Impress us with a sense of re-

PROMPT ACQUIESCENCE CAN PREVENT BREAK

[Continued From First Page.]

cision. It was reiterated that the Sussex case would form only a link in the chain of evidence the United States will present to Germany to show that her promises have not been fulfilled.

"The document was characterized by officials of the Sussex case in tone and they believe that only a prompt acquiescence by Germany in the position taken by the United States can prevent a break in diplomatic relations.

Unofficial dispatches from Berlin stating that the German government is ready to meet the United States on the steps to be taken and the President is now finishing the phrasing of the proposed communication. He intends to include in the indictment of Germany's submarine campaign attacks on neutral vessels not carrying Americans. That will be done on the broad grounds of humanity and for the reason that many of these neutral vessels were going to or from the United States.

The State Department to-day received a cable from Ambassador Gerard at Berlin which it was said authoritatively was devoted entirely to editorial expressions from the German newspapers.

State Department officials declared the ambassador had not yet submitted a report that the conversation he was reported in press dispatches last week to have had with officials of the foreign office.

Declares Austria-Hungary Will Continue Friendly if Break With Germany Comes

London, April 17. — The Budapest correspondent of the Morning Post sends the following: "The negotiations between the United States and Germany are being eagerly followed in Austria-Hungary. Count Tisza, the Hungarian premier, has been very outspoken in his policy likely to lead to a rupture with the United States. The question was discussed during the past week by the Austria and Hungarian delegates who met at Budapest to continue the Ausgleich negotiations and a decision was reached to take certain definite steps in Berlin. 'Moreover, it is stated, should a break occur Austria-Hungary will take no cognizance of it and will endeavor to continue friendly relations with the United States.'

American Aboard Russ Bark Hit by Shrapnel

Washington, April 17.—One of two Americans aboard the Russian bark Imperator from Gulfport, Miss., for France, was wounded when the vessel was fired upon without warning by an Austrian submarine off the Canary Islands, according to official advices to the State Department to-day.

The American injured was Gustav Olson, whose father is brigadier general of the Warrenton, Oregon. The other American who was aboard was Anner Swinson.

The State Department's information came from the American consul at Barcelona, Spain. He said the ship was fired upon without warning on April 11. Three shots were fired, one taking effect. The vessel was set adrift by the submarine, Olson was reported to be in a hospital at Barcelona, suffering from shrapnel wounds.

WELSH MOUNTAINS AFIRE

Lancaster, Pa., April 17.—Disastrous forest fires which broke out on the Welsh Mountains yesterday still raged to-day despite efforts of a large number of farmers and mountaineers to stop them. Such fires at this time of year are unusual and it is not known how they started. A wide area of valuable timber has been destroyed and building are menaced.

BIG WORK AHEAD FOR WEST SHORE FIREMEN'S UNION

Plans Considered to Broaden Scope of Work to Take in Public Improvements

Plans for broadening the scope of work of the West Shore Firemen's Union are now being considered by Ira E. Shaull, of West Fairview, the president, and it may be possible that at the next meeting the name of the organization will be changed so as to include both the Firemen's Union and Municipal League or Civic League.

Mr. Shaull is a hearty advocate of improvement along the West Shore and was one of the men who gave the movement suggested by the Telegraph some time ago a great boost. While West Shore folks were talking of the advantages of a municipal improvement organization in their territory, members of the fire companies in all of the West Shore towns got together and organized a Firemen's Union. Mr. Shaull said at the time that he was desirous of having the union take up improvement questions of all kinds, but that he believes in the name of the organization would be formed. However, such an organization was not forthcoming, and inasmuch as many questions based on public improvements have come before the union, Mr. Shaull now advocates the changing of the constitution and by-laws of the union so that the scope of work can be enlarged. The president of the union also recommends that the name of the organization include some reference to improvements.

The Firemen's Union is composed of some of the most prominent men in 'cross-river towns, and although they are many boosters in the section who are not members of any fire company, the proposed change in the constitution will give a voice in helping to encourage improvement.

Mr. Shaull has decided to recommend the incorporation of improvement work with the work usually done by a firemen's union because he does not believe two big organizations, such as both would need to, could work successfully in the territory. He is of the opinion that the organization, which would be helpful to both the firemen and improvements, could accomplish much good.

The Firemen's Union has already discussed street conditions, water, dangerous car stops and similar questions.

Tree Planting in City Considered Important

William Penn in his concessions to the settlers of Pennsylvania specified that every purchaser of land should leave one acre of trees for every five acres cleared. Ex-Governor Pennypacker in his thumbnail history of Pennsylvania says this was the beginning of the forestry movement in America.

In view of the need of tree planting at the present time, it would seem that Harrisburg might well give attention to the next Arbor Day in the general planting of trees in this city.

TWENTY FIRMS LOSE IN FIRE

Cleveland, Ohio, April 17. — Fire early to-day badly damaged the six-story Wilshire building in West Superior street. The fire started in the basement in a stock of wallpaper and the flames reached to the fourth floor. Twenty firms occupying the structure are losers to a total of \$100,000.

CHILD DIES

Labin Avender Clarke Boyles, infant son of Mr. and Mrs. H. E. Boyles died Sunday evening at his parents' home, 310 Hamilton street. Funeral services will be held at the home Wednesday afternoon at 2 o'clock. The Rev. Edwin Rupp, pastor of the Otterbein United Brethren Church, officiating. Burial will be made at the East Harrisburg Cemetery.

MORE STRENGTH FOR FEEBLE OLD PEOPLE

If all the old people in Harrisburg realized what Vinol will do for them, we would not be able to get enough of it to supply the demand. We quote from a recent letter received from Mrs. A. E. Carson of Kingston, N. Y.

She says:—"I am 69 years of age, and had been ailing for a long time with indigestion. I got run-down, was weak, dizzy and could not sleep at night. I consulted two doctors who said I had hardening of the arteries and at my age could not expect to be strong again. My daughter would give me no peace until I tried Vinol, as it had done so much for her. I have taken five bottles and my health and strength have come back, so I am able to do all the housework for my family of four, and I am recommending Vinol to all my friends."

The reason Vinol is so beneficial to old people is because it contains the very elements needed to replace declining strength with renewed vigor. viz: the medicinal elements of iron, cod livers without oil, peptonate of iron, beef peptone, and a mild tonic wine.

George A. Gorgas, Druggist; Kennedy's Medicine Store, 321 Market street; C. F. Kramer, Third and Broad streets; Kitzmiller's Pharmacy, 1225 Derry street, Harrisburg, Pa.

P. S.—In your own town, wherever you live, there is a Vinol Drug Store. Look for the sign.—Advertisement.

BEST TIME TO GAIN NEW FLESH

Those Who Are Thin and Pale Should Take Father John's Medicine Now

Experts agree that this is the best season of the year to build up the strength and weight that has been lost during the winter. Father John's Medicine is best for this purpose because it is made of pure and wholesome food elements which strengthen and build up those who are weak and run down and are easily taken into the system. No alcohol or dangerous drugs.—Advertisement.
