A Young Man Wants Man-nish Clothes, But Stylish

And in this season of an all-prevailing sport tendency, he wants to affect the tight fitting clothes that are so popular among young men.

The "Vanitie" is a distinctly young man's suit, designed to give high-waisted, slight, youthful lines to the figure.

Particular young men are especially delighted with the new "Vanities" shown in

Kirschbaum Clothes

They are made for the tall, slender man, and the average man. We doubt if there are tailors who would have the patience or skill to put more good sewing into these suits, typical of all Kirschbaum Clothes. You are pretty sure to find just the material that you want, and there is absolutely no question about the fit.

As Easter Draws Nearer The Call For Readiness Sounds Louder

Even With Easter So Near, Our Suit Department Is Prepared to Take Care of Milady's Needs

No need to fear that if you purchase a suit now it will be delayed until after Easter. Our efficient alteration department is at its best with sufficient help to guarantee prompt delivery.

And Right Now, As Never Before, Bowman's Offer Most Fashionable Suits

Tailored models, semi-dress tailors, silks, silk and serge and gabardine combinations, fancy envelope checks, fancily trimmed and plain tailored suits.

Predominating styles, as shown in this splendid collection tend to effect the cut-in waist line, with jackets that flare becomingly at the hips and skirts, some quite plain, gathered at the waist or upon yokes, others with a unique cascade effect.

Some of the more recent arrivals show a decided tendency to return to the plain tailored suits, with, of course, the modifications of the present season.
