SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the leart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uremic poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "Anuric"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion without charge—absolutely free. This "Anuric" of Doctor Pierce's is found to be 37 times more active than lithia, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Golden Medical Discovery for blood and stomach.

WORRY, DESPONDENCY.

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, dizzy spells, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's Anuric Tablets.

RAILROAD RUMBLES

"WOPSEY" LINE HAS BROAD GAUGE

Ready For Business; First Trial Trip

Special to the Telegraph

Altoona, April 20.—The Altoona Northern Railroad, better known as the "Wopsey," running from Altoona to Juniata, Wopsenononock and Dougherty, was opened yesterday as a standard gauge line. The reconstruction of this road from a narrow gauge has been in progress for four years. Officials of the road, with Pennsylvania Railroad officials made a trial trip from Altoona to Daugherty yesterday.

The road is swieen miles in length and takes in the Park system and summer resort sections in Blair county.

Recent Railroad Orders

Include Passenger Cars

Recent railroad equipment orders include thirty-seven locomotives, 2250 freight cars, twenty-nine passenger cars and 30,000 tons of steel rails. Many equipment orders of a large size are pending and may be closed at any time. This is particularly true in the steel rail market as the railroad companies, large and small, are anxious to anticipate their needs for 1917 by placing orders before May 1 and so escape the advance of \$5 a ton to be made effective on that day.

Railroad men in Harrisburg and vicinity have been requested through Mayor E. S. Meals to aid in the search for James Potter, of Providence, R. I. He was a former yardmaster, is 42 years of age, and has been missing the horse of a length from home for one week. He left telling his friends that he was going to Pennsylvania.

Mayor Meals received a letter yesterday from John A. Murray, superintendent of police, at Providence, telling of Potter's disappearance and expressing a belief that the missing man may be in the vicinity of Harrisburg. He is when the left whomen is a providence, the light from home for one week. He left telling his friends that he was going to Pennsylvania.

Mayor Meals received a letter yesterday from John A. Murray, superintendent of police, at Providence, telling of Potter's disappearance and expressing a being five feet niches described as being five feet niches described as being five feet niches, the missing man may have met with the providence, telling of p

RAILROAD MAN

Famous Mountain Road Is Now Former Yardmaster at Providence May Be in This City; Asks Mayor's Aid

The annual banquet of the Women's Auxiliary, No. 434, Brotherhood of Locomotive Engineers, held last night in Fackler's Hall, was a big success. With the exception of the speakers, the program announced yesterday was carried out. Ira J. Mosey made the address of welcome, and J. Sweigert responded. Addresses were made by Mayor E. S. Meals, William Strouse, P. G. Diener, M. A. Laucks and H. G. Chamberlin, A chicken and waffle supper followed the entertainment program.

Veteran Yardmaster Asks Permission to Join Honor Roll

L. J. Koch, joint yardmaster for the Central and Middle divisions at Lewistown Junction, well known in Harrisburg, will be retired in the near future by his own request. He is now off duty because of the serious illness of his daughter. He has requested an extension of his leave of absence until such a time that he will reach the age for voluntary retirement. Mr. Koch began his services in Harrisburg in 1866 as a telegraph operator. He has filled the position of dispatcher and yardmaster for the past 30 years.

Railroad Notes

The last of the 150 all-steel cabin cars ordered by the Pennsylvania Railroad last October, will be turned out of the shops at Altoona on or about May 1.

W. Brooke Moore, passenger train-master of the Middle Division, of the Pennsy, will furnish a number of steel cars to take care of the Stonemen's ex-cursion to Pittsburgh next week.

The Great Northern Railroad has purchased 20,000,000 feet of lumber for the construction of new snow sheds in the Cascade Mountains.

W. M. Shue, a Baltimore Division brakeman, who has been ill, has re-ported for duty. The wreck yesterday on the Balti-more Division, of the Pennsylvania Railroad, which held up trains on the main line, was at Midvale, Md. Five cars were derailed, blocking three tracks.

Samuel Porcher, purchasing agent for the Pennsylvania Railroad, with head-quarters at Philadelphia, is visiting terminal points along the main line.

For the first two weeks in April the total car movement --st eight points on the main line of the Pennsy was 469,096. This is an increase of 116,388 cars for the same period last month. The high wind of Monday tore the roofs from five cars at Lewistown Junction.

alkali, which is very injurious, as dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified cocoanut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.
