WONDER CLOTHES \$10

BECAUSE of the high cost of woollens and other materials it costs us more to make WONDER Clothes now than at any time during our years of clothes-building.

A WONDER Suit or Top Coat is a bigger bargain to-day than ever before, because you save not only the middleman's profit of \$5 to \$8, but also a part of our usual profit. This we must sacrifice for the present to maintain our high standard of quality at our widely advertised price.

We will profit in the end, for no man who buys WONDER Clothes now will ever forget that he received the same big value for his money as we have always given, even at a time when any manufacturer would be justified in giving less. Prove this out—and remember the WONDER guarantee—your money back if you say so.
