RAILROAD NEWS

SAFETY EXHIBITS TO BE SEEN HERE

Plans Under Way to Have Government Special Stop Here For Several Days

The safety first train of the United States government scheduled for a tour of the east and west will probably make a stop in Harrisburg for two or three days. The train, which will carry photographs and exhibits of safety devices recently shown at Washington, D. C., will go west early next month.

The train, consisting of twelve all-steel cars and fitted up for a traveling exposition, will leave Washington, D. C., on or about May 1. It will be run under the direction of the Interstate Commerce Commission and other departments. Lectures will be given in every city. The train goes first to Philadelphia, where it is scheduled to remain a week.

Local railroad officials have not received an itinerary for this special train, but will make every effort to have it stop in Harrisburg on the trip west. If the plans mapped out are successful, the big exhibit will be parked on the north siding east of the Market street subway.

Stop, Look and Listen Is Not Enough Says Judge

Topeka, Kan., April 24.—Listening for noise of an approaching train is not sufficient precaution for drivers of motor cars who approach railroad crossings where oncoming trains cannot be seen, according to a decision of the Kansas Supreme Court handed down in an appeal of a damage suit brought by Dr. W. A. Webe against the Atchison, Topeka and Santa Fe Railway.

The court said that the driver must bring his car to a stop, get out, walk to the track and look to see if a train is approaching. If he does not do this, he cannot collect damages for injuries to himself and his car.

Western Lumbermen Seek Reduction of Rates East

Washington, D. C., April 24.—Downward revision of freight rates on saws, doors and other lumber products from the Pacific coasts to eastern Canada, New England, New York, New Jersey, Pennsylvania, Maryland, Delaware, Virginia and West Virginia has been sought to-day from the Interstate Commerce Commission by manufacturers in California, Oregon, Washington and British Columbia.

The petitioners complain that rates were advanced last October from 1 to 22 per cent, and seek to recover the excess already paid.

RAILROAD NOTES

Charles Lee, a flagman employed on the Baltimore division of the Pennsylvania railroad, is off duty on account of illness.

Freight is again being stored at Denholm and Lewistown Junction, on the Middle division of the Pennsylvania railroad.

For the first time since January 1, slow freight trains for several nights and opened again last night at midnight.

Neither the Pennsylvania Railroad nor Philadelphia and Reading Railway handled a car for the Baldwin Locomotive Works yesterday. This was unusual, as the daily shipments on each road is twenty cars.

A. E. Gutschall, second track signalman at Lewistown Junction, is off duty on account of illness.

Work on the new freight transfer station of the Pennsylvania Railroad at Altoona is progressing rapidly. When completed work on the enlargement of the passenger station at that place will be taken up.

During the week of April 15 motive power department employees of the Middle division of the number of fifteen were disciplined for rule infractions.

Readjustment of the entire schedule of freight rates from the east to the intermountain country, covering one-third of the United States east of Denver, was again taken up to-day by the Interstate Commerce Commission.

Lehigh Valley's freight service on the Great Lakes was actively started yesterday with the departure of boats of the Lehigh Valley Transportation Company from the ports of Buffalo, Chicago and Milwaukee.

NARROW ESCAPE FOR BRAKEMAN

D. K. Detweiler, aged 45 years, of Enola, employed as a brakeman on the Philadelphia division of the Pennsylvania Railroad, had a narrow escape this morning when he fell from his train at White Marsh, N. J. He came close to the wheels, his clothing touching the brake rigging, but received only contusions of the face and knee.

GEN. SUPERINTENDENT HERE

George W. Creighton, general superintendent of the Eastern division of the Pennsylvania Railroad, of Altoona, went to Philadelphia this morning.

Standing of the Crews

HARRISBURG SIDE
Philadelphia Division — 108 crew to go first after 4 p. m.: 116, 102, 114, 118, 120, 107, 136, 113, 124, 123, 105, 124, 126, 122, 121, 125, 117, 109, 115.

Bowman's

Home Needs Occupy The Attention of After-Easter Buyers

Your Utensils
Will just fit into the
Napanee Dutch Kitchenette

There are many utensils and materials, such as the mixing bowl, the double boiler, baking powder, soda, etc., that you need almost every minute you are in the kitchen, if you are cooking. The Napanee keeps all these things handy, in such an attractive way that kitchen work is made a delight.

Here's a great advantage about the Napanee Cabinet—it lets you keep your house in your own way. The makers have made a scientific study of real kitchens—they have found out just what every housewife has to have, in order to prepare the meals, and the Napanee Cabinet has been divided up just enough to let each house wife arrange these things conveniently her own way.

There are 29 improvements in Napanee Cabinets — points that make them preferable — such as non-warping table top, glass sugar bin, ventilated bread and cake closet, the extra thick chopping block, adjustable flour bin, etc.

\$1.00 Makes You a Member of Our Napanee Club And Delivers One To Your Home

consequence, the reports add, General Brussloff was bitterly reproached and General Ivanoff was recalled to the southwestern front headquarters.

Von Der Goltz Slain by Assassins, Is Report

Paris, April 24.—Reports from Swiss and Italian sources say that Field Marshal Von der Goltz was assassinated immediately after the news of the fall of Trebizond reached Constantinople, and when he was about to board a train for Berlin.

On April 19 the Berlin papers announced that the old marshal was coming to the capital, but said nothing about his being ill.

Another story says that upon seeing the Russians were about to decisively defeat the Turks before Trebizond, Von der Goltz placed himself with all his staff at the head of the Ottoman force and charged to certain death.

Yet another version of his death said it was due to the rigors of the thirty-mile retreat on horseback after the rout of the Turks before Trebizond.

HUMMEL WITH STROUSE & CO.

Omar L. Hummel, formerly in business at Hummelstown and recently associated with leading business establishments in Harrisburg has accepted a position as salesman with the William Strouse & Co. clothing store.

In Co-operation With the Campaign For

A MORE BEAUTIFUL HARRISBURG

now being conducted by the TELEGRAPH, we will agree to accept this COUPON as worth to apply on each running foot of Window or Porch boxes in excess of two feet. Coupons may be presented at "The Berryhill" on Locust Street at Second or at the Nursery on the Jonestown Road.

The Berryhill Nursery Co.

COLORED NURSERY TO BE ABANDONED

[Continued from First Page]

including meats, etc., which can be had upon application from the county almshouse. We are not charging that anyone is taking anything from the county, but an only partially showing what it costs the county.

"The colored nursery was not organized by the present Poor Board; it was established by the present board's predecessors, and the same staff of employees who conducted it then has been retained. This includes Mrs. Lizzie Christopher, the matron, and her husband, who live at the place. We have been unable to remove the present force, the force employed by the old board, because there has been almost a continuous quarantine for measles, whooping cough or diphtheria.

"Take average bills that have been presented," continued Clerk Bayles. "For instance, here are the first twenty-four days of March: A telephone bill of \$3.25; bread, \$7.14; milk, \$19; coal, \$24.80; medicine, \$80.05; rent, \$30; nursing, \$100; domestic service, \$6.50; matron, \$20; laundry, \$19; a total of more than \$300.

"It is true we had considered the abandonment of the nursery home on May 10 because it is too costly for the county to maintain. These children can be placed in other institutions, such as the Children's Industrial Home, Day Nursery, and so on.

"How many children are cared for now at the nursery?" Mr. Bayles was asked.

"On January 8 Mrs. Elsie V. Middleton, of the State Board of Public Charities, reported to us that there were eighteen. Since then two more have been sent in and seven have been removed," replied the clerk.

"As to the death of several of the children," went on the poor clerk, "how can that be blamed upon the Poor Board? The physician was in-"

WAR VETERAN DIES

Special to the Telegraph

Sporting Hill, Pa., April 24.—Aaron Fasig, aged 82, a veteran of the Civil War, died yesterday from infirmities of age. He was a member of the Evangelical church and is survived by his wife, four children and three sisters. He was attached to the Cavalry of the Twentieth Regiment.

How to Heal Skin-Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ring-worm, rashes and similar itching, burning skin troubles.

At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These are not at all expensive. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again. Sample, free, Dept. Poor Board? The physician was in-
