Two Carlisle Hospitals Merged Under One Control

Carlisle, Pa., April 25.-To-day the trustees of the Carlisle Hospital for-mally took over the direction of the mally took over the direction of the Todd Hospital, here, preparatory to merging that institution with the new Carlisle Hospital, which will be opened for use in about one month. The Todd Hospital, the gift of the late Mrs. Todd Hospital, the sevent seven the sole hospital here for a number or years. It will maintain its separate identity in that a wing of the new building will be known as the Todd Memorial Wing. Miss Edith Yeingst, formerly at the Harrisburg Hospital, was to-day in-stalled as supervising nurse and will be at the head of the larger hospital when it is opened.

ACCIDENTS AT MILLERSBURG

ACCIDENTS AT MILLERSBURG Special to the Telegraph Millersburg, Pa., April 25.—Henry, the 5-year-old son of Dr. and Mrs. D. F. Hottenstein, fractured his left arm in two places on Friday, the result of failing down a flight of stairs at his home in Union street. The boy was taken to the Harrisburg Hospital, where the x-ray was applied to prop-erly set the broken bones. Abort Frank, a young man em-ployed by Mr. Shaeffer, the ice dealer, tell out of the icehouse Saturday and toroke his left arm below the elbow. His home is at Elizabethville.

PERUNA in Tablet Form Is Real Life Insurance. You may carry this old reliable medicine with you, and at the first symptom of a and at the first symptom of a cold or of indigestion you have the remedy at hand. Taken in time, these things are not serious. But a few hours delay congests the membranes that line the breathing and diges-tive apparatus, and this conges-tion stagnates the blood that should be renewed by breathing and assimilation. Then there is acute catarrh. Meglect is acute catarrh. Neglect is and you have chronic catarrh—a most troublesome disease if local and a positive menace to life when systemić. Peruna prevents such condi-tions when taken in time; relieves them even after they become chronic, and re-stores the mucous membranes to health.

MAY NOT APPEAL PAVING PROBLEM City Reserved Right to Go Higher in Front St. Assess-

ment Matter, However

While the city reserved the right to appeal from the lower court's decision on the North Front street paving as-sessment case should the decision go against it, it is considered doubtful in against it, it is considered doubtful in municipal circles whether the munici-pality will exercise the right and carry the matter to the higher courts. Whether or not further cition will be taken, however, hasn't been definitely decided. President Judge Kunkel decided that the property owned in the section be-tween Maclay and Division are liable for only one-half of the cost of the as-sessment and that the city cannot charge for the western half because it abuts on park "nonassessable" prop-erty.

abuts on park "nonassessable" prop-erty. Only three of the owners carried the matter into court, but the decision holds good, of course, for all of them. The city some time ago appropriated \$55,000 to care for these assessments should the municibality lose. Property owners living in Whitehall street won a similar case more than a year ago because the northern half of the street abutted on Reservoir Fark, also "non-assessable" property.

FIRST QUARTER OF 1916 IS A BIG ONE IN BUILDING WORLD

With the exception of 1909 and 1913, the first quarter of 1916 was heavier in building operations in the United States than in ten years, according to Bradstreet's. The figures are based on the permits issued in 149 of the leading municipalities of the country. During the quarter ending March 31, 1916, the total amounted to \$195,175,225. Other initial quarters follow: 1915, \$162,295,-673: 1914, \$187,916,992; 1913, \$201,888,-616: 1912, \$179,596,164: 1911, \$171,868,-315; 1910, \$186,381,001; 1909, \$193,825,-889.

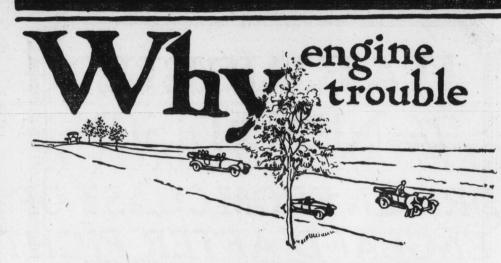

TODAY'S BUILDING PERMITS TOTAL WELL ABOVE \$28,000

To-day's building permits totaled \$28,65. They included the followins: Henderson Gilbert, addition to 1600 North Second street, \$2,000: Charles H. McCord, two three-story bricks, 2424-26 North Sixth street, \$8,000: Edward M. Arnold, addition to 1927 Swatara, \$300; William A. McIhenny, six modern dwellings, Regina near Seventeenth street, \$18,000; Morris A. Garner and Christopher A. Chubb, garages in the rear, respectively, of 522 and 2323 North Sixth street at costs of \$159 and \$175.

Frankly, there may be steenteen factors contributing at one-time or another to "engine trouble." But it's always a safe bet that the greatest offender in the whole militaristic mob is Poor Lubrication. There's one sure way to banish lubrication-troubles: Atlantic Motor Oils.

Here are oils that have done as much toward banishing engine-trouble via better lubrication as Atlantic Gasoline—the accepted standard— has toward increasing power, mileage and gen-eral car-happiness.

Atlantic Polarine is commander of the crew of four principal motor oils, being the correct lubricant for 8 out of 10 cars. In all alternative cases, Atlantic "Light," Atlantic "Medium," or Atlantic "Heavy" is the one to use. Ask your garageman which. In actual tests, it has been definitely demonstrated that a *properly lubricated* motor will yield as much as five additional miles to the gallon of gasoline.

Use the combination: Atlantic Gasoline for fuel, Atlantic Motor Oils for lubrication. The oldest and largest manufacturers of lubri-cating oils in the world recommend this com-bination to you without reservation. They ought to know whereof they speak — and they do.

Read up on this subject. We have published a handsome and comprehensive book about lubrication. It is free. Ask your garage for it. If they cannot supply you, drop us a postal and the book will be sent you without charge.
