

We are the ones. Our store is the place. Hear Edison's New Art

The NEW EDISON

more distinctive than a Strad

The actual re-creation of all forms of music—the mere mechanical and only approximate reproduction, which is characteristic of all talking machines, (all other devices for the reproduction of sound).

Already there are on sale over 1,000 different selections, (examples of this new art), and other new selections are issued weekly by the Edison Laboratories.

Albert Spalding

America's greatest violinist, proving by actual comparison that all of his brilliant technique, all of the poetry of his interpretations and all of the rich tone of his priceless violin are faithfully re-created by Edison's new art.

Spalding is one of the many artists who have made similar tests of Edison's new art with identical results.

Hear Edison's re-creation of Spalding's masterly bowing, then hear Spalding himself.

Come to us and hear Edison's actual re-creation of the work of the world's greatest artists. No obligation

Every Cold Should Be Considered Serious
So say the best medical authorities. Unless promptly checked, often they lead to chronic bronchial and pulmonary troubles which may prove fatal. If your cough or cold has not responded to treatment—and remember, medicine should not be solely relied on—timely use of Eckman's Alternative may give you relief. For more than twenty years it has been benefiting sufferers from these ailments. It is indicated wherever the system demands lime, for it contains calcium chlorid so combined as to be readily assimilated by the average person. Safe to try—because it contains no harmful or alarming drugs of any sort whatsoever. At your druggist's. Eckman Laboratories, Philadelphia. Advertisement.

The Influence of Sports Is Widely Invested In Coats, Skirts and Millinery

"And color makes for life, activity, cheerfulness, even if it dazzles sometimes." —is the way a local newspaper editorial puts it in essaying on "Color in the Gowns."

Designers have certainly outdone themselves in combining, contrasting and blending colors and shades. Sometimes you are right in believing an attempt was made to assassinate color harmony.

But all is a part of the general scheme of odd color—more color—brighter color.

THE COATS

There never was a brighter green than in Jersey Silk Sport Coats — and other shades fully as bright. White and plaid chinchillas; white and colored corduroy; angora in rose and maise; plaids and checks—are some of the models, \$5.98 to \$25

THE SKIRTS

Bold stripes and plaids, in taffetas, originally meant for blouses are daring, but carry the desired smartness. Then cross stripes in rajah woolen plaids and mixtures make up the showing — \$5.98 to \$12.50.

THE HATS

Bright colors and odd designs might tell the story if you could picture two-inch blocks; painted trimmings; appliqued dots and figures; funny stripes and the indescribable shapes. "Wenchow" is the name of a popular mesh hat.

At the very outset of a season in which Embroideries are promised the utmost in popularity comes this

POSLAM QUICKLY SHOWS EFFECT

With Poslam Soap Is First In Treatment of Eczema.

There is nothing just like Poslam for the treatment of itching skin. It works quickly. Its healing power is wholly unusual. Intense and active. After application at night inflamed complexions are cleared, undue redness is removed and improvement should be seen in Rashes, Pimples and other eruptions of the skin. Poslam so successfully heals Eczema, stubborn and violent, that it has set a newer, higher standard in the treatment of this malady. Poslam Soap aids the work of Poslam. It is as pure, antiseptic and non-irritating as a soap can be. Preferable for daily use toilet and bath, with or apart from treatment with Poslam. For sample, send 4c stamps to Emergency Laboratories, 32 West 25th St., New York City. Sold by all druggists. —Advertisement.

STATE TO BUILD MORE HIGHWAYS

Advertises For Bids on Construction Work in Three Counties

The State Highway Department has advertised for bids for the construction of State Highways in Delaware, Chester and Montgomery counties. One of these pieces of construction will be in Whitmarsh township, Montgomery county, a distance of 4,390 feet of bituminous concrete. Another is in Nether Providence township, Delaware county, a distance of 4,250 feet of vitrified block pavement. The balance of the pieces of construction asked for is on the Old Baltimore Pike or State Highway Route 131. This is the section of highway for the construction of which public spirited citizens in Chester

and Delaware counties contributed \$70,000 to the State. Four sections of this road are advertised for at this time. The section from Anvil to Kennett Square was let last year and is now under construction. The total length advertised for is approximately 11 1/2 miles extending through Ashton, Concord and Birmingham townships, in Delaware county and Pennsylvania, Kennett, London Grove and Penn townships in Chester county. On three of these four sections alternate bids are asked for reinforced cement concrete or bituminous and reinforced concrete construction. The bids will be opened May 15. These highways will be constructed under the new specifications of the State Highway Department.
