PROTECTION FROM CONTAGION

Owing to its antiseptic properties, 20 Mule Team Powdered Boric cannot be too highly recommended for liberal use in the care of the person wherever and whenever exposed to any contagious disease. It may be applied as a powder or with water as a solution. It may be used with absolute freedom and safety in all the natural cavities of the body; physicians almost always prescribe it as an eye wash, mouth wash, etc., and wherever introduced the antiseptic action is certain, but there is no danger from its use as there is with some other disinfectants. Insist upon having the original package of 20 Mule Team Powdered Boric and then you know that you have the real article full strength. All leading druggists.—Advertisement.

DISTRIBUTING BRANCH OPENS

Big Manufacturer Picks Harrisburg in Competition With Many Cities

Recognizing the advantages of Harrisburg as a distributing center, the O. F. Schmid Chemical Company, of Jackson, Mich., a large manufacturer of pharmaceutical preparations, has opened a branch distributing agency at 230 North Court street, formerly occupied by the old State Printer.

Through Miller Bros. & Co., the Schmid people have secured a lease on the entire lower floor of the old printery building, now owned by Harvey Hursh. Already a large stock of drugs and all kinds of pharmaceutical preparations has been placed in the big room. Orders from the company's traveling salesmen from the eastern territory will be sent into the local office, from which shipments will be made. The present stock stored at the local branch is valued at \$10,000.

In charge of the new distributing station are J. A. Kilpatrick, manager, and E. W. McLearn, assistant manager. The Schmid company is among the country's largest manufacturing druggists and operates a factory at Jackson which covers a half block and is four stories high. Branches are maintained in Chicago, Detroit and Cincinnati.

When the Schmid company decided to open an eastern distributing place New York, Philadelphia, York, Lancaster and Reading were considered. Harrisburg was finally selected on account of its railroad facilities and other advantages which make it unsurpassed as a Real point for covering the entire east.

Adler Obtains Option on Market Street Property

Charles Adler, real estate and insurance broker, 1002 North Third street, has secured an option on the building at 502-504 Market street from Miss Fannie Eby. It is Mr. Adler's intention to make extensive improvements to the building to make it suitable for a large wholesale or department store, although he is also considering remodeling the building to make a large store room on the first and apartments on the upper floors. The property has a frontage in Market street of thirty-five feet and runs back ninety-five feet to Strawberry alley. The building is a four-story brick structure and is at present unoccupied. It was formerly used as a markethouse, and prior to that was used as a cigar store, barber shop and large billiard room.
