INNOVATION AT INDIAN SCHOOL

"Model Cottage," Duplicate of Reservation Home, Managed by Girl Students

Special to the Telegraph. Carlisle, Pa., April 26.—An important innovation in the work of the Indian school here was the establishment of a little bungalow in the center of the campus which bears the title of the "Model Home Cottage." The cottage is used in connection with the vocational course now in vogue at the institution. The plan includes the placing of four girls in the cottage each month with a matron in charge. The girls do all the work connected with running the home, which is so constructed and laid out that it is practically a duplicate of the real conditions found in any reservation home. The cottage includes five rooms living room, kitchen and three bedrooms. The girls have to plan the meals, cook them, and are supposed to keep within a certain allowance. Visitors can be entertained, but the allowance cannot be exceeded. The outing system, by means of which students are placed in reputable homes, is growing in popularity and applications for students under the system during the coming summer exceeds the supply.

News Items of Interest in Central Pennsylvania

Tamques.—Richard Stanley, chief of a band of gypsies camping one mile north of town, was committed to jail to answer a charge of theft, preferred by five farmers. The gypsies were reported to have stolen seventy-five horse blankets and other stolen articles. Hazleton.—A labor famine exists in the Hazleton coal fields, where mine managers report 50 per cent. of the men missing, due to the demand for men in the big munitions plants of the East. Hazleton.—Two days' illness interrupted forty-two years' record of unbroken service here for the Lehigh Valley Coal Company, held by James H. Chase, a mining engineer. Kutztown.—The Foundry and Machine Company has booked orders for over \$1,000,000 worth of work and has been running day and night for eighteen months. Ashland.—William Kull, of Ashland, is in the hospital, badly injured, as the result of being thrown from a skidding motorcycle at Hamburg. This is his fifth injury while riding a motorcycle. Nesquehoning.—The huge drainage tunnel between here and Coalport, a distance of three miles, constructed by the Lehigh Coal and Navigation Company, is completed, and drains all the water in this vicinity into the Lehigh river. Hazleton.—The Harwood Electric Company, which operates a big power plant here, supplying twenty-five towns of the hard coal fields, will extend its lines to Sunbury and Frackville.

Making Plans For Halifax Convention of P. O. S. of A.

Halifax, Pa., April 26.—At a meeting of Washington Camp, No. 576, Patriotic Order Sons of America, last evening, the following were named as a committee to make plans for the big county convention of the order which will be held here on Saturday, June 17: H. Stewart Potter, Delmar K. Stull, Harry Reisch, Walter E. Rutter, John C. Miller, P. C. Fox and S. L. Brubaker. State officers will be present and there will be a big street parade.

Crop Prospects For Grain Good All Over State

According to the prognosticators of the State Department of Agriculture there are prospects for a fine grain crop, but for poor gatherings of fruit in Pennsylvania this year. Both wheat and rye were sown late last year on account of the wet ground and the grain has passed through a winter, escaping the Hessian Fly to a great extent. From the reports from all sections of the State it would appear that both the wheat and rye crop will be about ninety-five per cent. of the average yield. Last year at this time the indications pointed to a wheat crop of about 83 per cent. of the average and a rye crop of about 91 per cent. of the average.

MAPLE SUGAR HAS POOR PROSPECT

State Reports Show That the Production Will Not Be Up to the Average This Year

The maple sugar production in Pennsylvania will be considerably reduced this season according to reports received from the maple sugar centers by the Department of Agriculture. The statements made on the first of April indicated that the cold weather of March had seriously affected the run of the sap and tappings had been made in very few counties where the run was found to be slow. In Somerset county, where the chief maple sugar industries are centered, the reports stated that the output would be very small while there would be an abundance of everything else. Wayne county reports said that the maple sugar crop was practically ruined, while Erie, Tioga and Crawford counties reported a light crop. The cold weather and the lack of warm days during March has made the flow of sap very slow. Successful maple sugar tapping requires warm days to bring the flow of sap up and cold nights to stop the flow. The days and nights have been equally cold and the few warm spells were marked with only slight changes in the temperature between day and night. A decided change in the prospects may come with warmer weather. There is annually produced in the State about 1,250,000 pounds of maple sugar and about 400,000 gallons of syrup is made. The principal maple sugar producing counties are Bedford, Bradford, Crawford, Erie, Fayette, McKean, Potter, Somerset, Sullivan, Susquehanna, Tioga, Warren and Wayne.

ROOSEVELT NAME IN LOCAL COURTS

Lancasterians Ask For Mandamus to State Definite Instructions For Delegates

Application was made to the Dauphin county court to-day by John F. Smith and D. G. Martin, of Lancaster, candidates for Republican national delegates in the Lancaster county district, for a mandamus upon the Secretary of the Commonwealth to require him to certify to the county commissioners of Lancaster county for the Republican primary ballot their declaration that they will support Theodore Roosevelt for the Republican presidential nomination. This proceeding will bring before the court the question whether they have the right to file a declaration of that character instead of the declaration that they will support the popular choice for President which has been adopted by the department in certifying. The court made the order returnable on Friday, April 28. There are a number of contests of petitions scheduled for that day and it may not be heard until late in the day. To Name Guardians.—May 15 was fixed to-day by the Dauphin county court for hearing the applications of Mary and John Kelly, aged 72 and 74 years, respectively, for guardians to handle their incomes. Open Water Meter Bids.—Bids for furnishing the water department with a year's supply of five-eighths, three-quarter, inch, inch and a quarter, inch and a half and two-inch size water meters were opened shortly after 3 o'clock by City Commissioner H. F. Bowman, superintendent of public safety, but the tabulation of the proposals will not be completed for a day or two.

OVER 1,500,000 TREES SHIPPED

Mont Alto Nursery Has Made a Record in Getting Out Seedlings For Public

Shipments of trees from the nursery of the Department of Forestry at Mont Alto are almost completed, and will total over a million and a half trees. The seedlings shipped this year are the best that have ever been sent out from the nursery, and the nursery records for cost of production have been cut in half. Two-year-old white pines were grown and shipped for \$1.16 per thousand, and two-year Scotch pines for eighty cents per thousand. After shipments are completed, there will be left in the nursery for next year 1,250,000 two-year trees, and 2,250,000 one-year trees. The greater number of the seedlings shipped, and of those remaining in the nursery are white pine. Irvin C. Elder, of Chambersburg, will reforest nine acres of waste land with trees furnished by the Mont Alto nursery.

Frantz and Charles Rissinger, was enjoyed by all. Refreshments were served by Mr. and Mrs. Charles Winand, Mr. and Mrs. Daniel Rissinger, Misses Helen, Mary and Helen Rissinger, Harry Winand, Norman M. D. Frantz, Melvin and Charles Rissinger.

GOVERNOR PLANS AT STANDSTILL

Brumbaugh Will Speak in Blair County Saturday; Itinerary Incomplete

Brumbaugh campaign plans were at a standstill to-day because the Governor had not yet completed the revision of the itinerary proposed for him which he said he intended to look over while on the train. The headquarters staff was waiting to hear from Boston where the Governor is to speak tonight before the Merchants' Club and meanwhile the men who will be identified with the tour and with other details of the Governor's campaign were marking time. It is understood that the Governor found the itinerary which had been announced rather strenuous for him in his present physical condition and desired to make some changes. He arranged to wire to this city such changes as he saw fit to make. While on the trip the Governor will also outline his proposed speeches. Word has been received here that the Governor will speak in Blair county on Saturday, but it is uncertain whether he will go to the railroaders' meeting in Pittsburgh on Sunday night. Many inquiries are being made here regarding the tour and it is expected that there will be a number of volunteers to go with the Governor. William Draper Lewis to-day filed a request to withdraw his pledge from the Washington delegate-at-large ticket, but it is doubtful whether he will be able to do so as the official list is about made up. PARTY LINE SCRAP ENDS IN ONE HELD FOR COURT R. J. Carpenter, who, it is alleged, slandered a woman over a party line last Friday, and then punched William C. Hoke when the latter reprimanded him, was held for court yesterday by Alderman Hilton, charged with assault and battery. This is the second disturbance that has arisen in the last few weeks due to altercations over party telephone lines.

TO CHANGE PRICE OF NEWSPAPERS?

Publishers All Over State See That 2-Cent Paper Is Inevitable

Philadelphia, April 26.—The annual meeting of the Pennsylvania Associated Dailies to-day adopted a resolution that if there is no great reduction in the cost of producing newspapers, the price of the papers will have to be raised to 2 cents a copy. The meeting was attended by publishers from all parts of the state and was held in connection with the annual meeting of the Pennsylvania Editorial Association and the annual gathering of the Pennsylvania Weeklies. After the morning sessions were over a largely attended luncheon was held at which Major-General Leonard Wood was the principal speaker. E. J. Stackpole, of the Harrisburg Telegraph, president of the Associated Dailies, presided at the morning session of that organization. Addresses were made on practical questions relating to the publication and distribution of newspapers. J. H. Zerby, of the Potomac Republic, spoke on the probable necessity of increasing the price of newspapers. The resolution adopted stated that the cost of manufacturing newspapers in all departments has so increased that it is impossible to publish and sell a daily newspaper for 1 cent without a loss. The resolution further stated that the publishers of daily newspapers through the state publicly give notice that unless there be immediately a great material reduction in the present prices of mechanics' material, labor and white paper, the time has arrived to change the price of the 1-cent newspaper to 2 cents. Mr. Stackpole was re-elected president of the Associated Dailies. George J. Campbell, Pittsburgh Legal Journal, was elected vice-president; W. L. Taylor, York Dispatch, second vice-president; Wilmer Crow, Harrisburg, secretary and manager; W. L. Binder, Pottstown News, treasurer.

Registrars Had Good Chance to Contract Spring Fever Today

Most all the registrars who sat in polling places through the day to-day to record such prospective voters who had removed from one district to another, or who had neglected to register last Fall, had a very easy time of it. The registration reported as unusually light all over the city, even for a Spring registry day. The polling places will be open for the purpose from 7 until 10 o'clock to-night. Seventy commissioners' clerks were busy folks to-day answering registration inquiries and filing the last of the petitions for county and city commitments. Here are the late nominating petitions filed yesterday: City Committee — Republicans, Richard Chellev and Alexander McCann, Jr., second precinct, First ward; Eldridge W. Cowden, J. E. Gough, first precinct, First ward; James Moses, second precinct, Seventh ward; Joseph Baumgardner, sixth precinct, Second ward; Harry Burrs, second precinct, Sixth ward; A. Leslie Marshall, first precinct, Seventh ward; William B. Spottedwood, third precinct, Seventh ward; Harry B. Shaner and W. Gordon Ford, fourth precinct, Seventh ward; John C. Riegle and A. W. Hoyerer, sixth precinct, Ninth ward; Walter L. Wallace and D. W. Wilbert, third precinct, Tenth ward; Democratic, Harry McClure, first precinct, Twelfth ward; J. Frank Kautz, fourth precinct, Tenth ward; C. D. Kramer, second precinct, Sixth ward; George W. McWilliams, second precinct, Fourth ward.

Three American Concerns Prepare to Reopen Their Mines in Northern Mexico

By Associated Press. El Paso, Texas, April 26.—As an indication of their confidence that serious trouble will be avoided between the United States and Mexico, three important American concerns made preparations to-day to reopen their plants in Northern Mexico. The Alvarado Company, operating near Parral; the Compania Agricola, with a plant at La Boquilla, and the National Mines and Smelter Company, with headquarters at Magistral, has arranged to send forty mine operators into Mexico next Monday. These men have been given permission by the de facto government to carry guns and ammunition to protect themselves against the roving bands of bandits who still infest Chihuahua. The confidence shown by the mining companies is not, however, based entirely on the protection which the de facto government can give them, according to one of their executives. This man said that he believed that the American troops are going to remain in Mexico until the situation again becomes normal and that he and his colleagues were relying on the expectation that they could call on United States soldiers for help in the event of serious trouble.

PURCHASES HABERDASHERY

An announcement was made to-day that the haberdashery and mens' furnishing business conducted by J. N. Kinnard, 1116 North Third street, has been purchased by Augustus Wildman. The purchase price was not given, but Augustus Wildman, Jr., is now in charge of it.

PENROSE SMILES WHILE IN TOWN

Appears to Be in a Very Good Humor; Goes West With Snyder and Focht

United States Senator Boies Penrose came to town late last night with a smile and wore it when he sallied out over the Harrisburg bridge in his big red automobile this morning on his way to Pittsburgh. The Senator spent the night here and met a number of friends at breakfast and expected to meet more along the road to Pittsburgh, where he will make his opening speech to-morrow night. "You seem to be looking very well and to be very well pleased about something. Why the smiles?" was asked of the Senator last night. "Oh, I'm just smiling. This is the time to smile," responded the Senator. This morning when interrogated as to the continuance of the smile the Senator said: "I do not see any occasion for me to smile." The Senator got into town in his car about 10:30 last night and most of the men who had planned to visit him gave up trying to see him. Probably half a dozen men called on him after he had gone to his room in the Senate, Ex-Senator William Hertzler, of Port Royal, spent some time with him. The Juniata county leader was smiling like the Senator. He would not tell why, either. The Penrose plans for to-day contemplated stops at Chambersburg, McConnellsburg, Bedford and Greensburg to meet leaders and arrival in Pittsburgh late to-night. Senator Charles A. Snyder, candidate for the Republican nomination for Auditor General, and Congressman B. K. Focht, of Lewisburg, joined the Senator here and went over the mountains with him. The Schuylkill Senator had a smile, too. Senator Penrose declined to make any statement here and when someone tried to "jolly" him by asking whether he had found any Brumbaugh sentiment in the state on his trip to this city he responded that he had not gotten far enough into the state as yet.

Brothers Occupy Same Room at the Hospital

Daniel Miller, aged 25, of Shippenburg, after undergoing an operation for appendicitis to-day at the Harrisburg Hospital, was removed to the room occupied by his brother, William Miller, of Shippenburg, who was admitted to the institution last week. When William heard that his brother had been brought here for an operation he asked that Daniel be brought to his room. Both are expected to recover.

CHASED MAN WITH HATCHET

Jerry Bird, who last Saturday night chased "Bily" Seiders down Ash street with a hatchet, was arraigned by Alderman Bolton yesterday and held under ball for court, charged with assault. Bird did not catch Seiders.

REMOVE QUARTER FROM THROAT OF 4-YEAR-OLD

Physicians at the Harrisburg Hospital by using a bronchoscope removed the quarter which lodged in the throat of Katie Maljival, aged 4, 232 Frederick street, Steelton. The youngster was brought in yesterday and the coin located by an x-ray examination.

SCALDED BY STEAM

Henry Knuppel, aged 26 years, employed as a machinist at the Rely street shops of the Pennsylvania Railroad, was badly scalded on the face this morning when a steam pipe burst. He was treated at the Harrisburg Hospital. Knuppel told the hospital surgeons that he was anxious to return to Germany, his native country, where he has three brothers in the army.

Tea, Coffee and Children It would be difficult for any parent to find a physician of modern education who would contend that coffee and tea are not harmful, especially to growing children. The fact remains, however, that many parents give these beverages to their little folks and allow their use in older children at a time when physical and mental development is the most rapid. The drug, caffeine, in coffee and tea retards growth and interferes with school progress. Disturbances of eyesight, headaches, nervousness, irritability, indigestion and other ills appear in many, seemingly without cause, and the damage often occurs at the most impressionable period of life. No parent should permit the use of coffee and tea in the growing young; for the men and women of to-morrow will be what the parent of to-day makes the children by wise upbringing. Children as well as adults need an invigorating, warm drink, and in a growing number of homes it has been found that the most wholesome table beverage is INSTANT POSTUM This pure food-drink, made of prime wheat and a bit of wholesome molasses is readily prepared at the table, a cup at a time. A level teaspoonful of Instant Postum in a cup of hot water, with cream and sugar added, makes an attractive, healthful drink, and its pleasant flavour wins children and usually the parents. "There's a Reason" Grocers everywhere sell Instant Postum
