declared herself for Princeton. Suppose Yale, Harvard or Pennsylvania should likewise give the young lady a complimentary vote. Then what!

"Suki." the new play in which Ann Murdockis to be seen in New York within a fortnight, has been successfully launched by the Frohman office, and is scoring a decided hit. Paul Gordon, wha has the leading juvenile role, is one of the youngest and most promising of the new generation of romantic actors. "Suki" plays at the Orpheum to-morrow evening.

Mabel Taliaferro, the Metro leading lady, has a dressingroom which she calls "Jupiter. Funny situations such as the following inevitably arise. One day Mabel's mother, on her way to see her daughter, inquired of the door-keeper the way to Miss Taliaferro's room. "Go to Jupiter" was the response. "You little imp; I'll report you for impudence," stormed the irate mother, sweeping onward in a rage.

As the finale to the filming of "Sultana," which Balboa has just completed, a big six-passenger touring car was sent over the cliffs at Point Firmin recently. It dropped 250 feet and broke up in mid-air most spectacularly as a result of the gasoline tank's explosion.

Ferne Rogers, concert and musical comedy prima donna, is the proud possessor of a camp in the woods of Maine where she is to repair for rest and preparation for her forthcoming season. Miss Rogers divides her time between concert and musical comedy, her last engagement being in the title role of Victor Herbert's "The Princess Pat."

Ann Murdock in "Suki" The seat sale for the performance at the Orpheum to-morrow evening of Charles Frohman's production of "Suki" opened yesterday. "Suki" will bring us the clever young star, Ann Murdock, with Tom Wise and an all-star cast of players. The many unique personages with whom the author, Harry James

PLAYS AND PLAYERS

Marguerite Clark, the diminutive little star of the Famous-Players Paramount, is the "reel" favorite of the Senior class at Princeton University, Not to be outdone in courtesy, when Miss Clark heard that she had been voted that class' favorite actress, she declared herself for Princeton. Suppose Yale, Harvard or Pennsylvania should likewise give the young lady a complimentary vote. Then what!
