BOWMAN'S—Main Floor.

FINE FOR RHEUMATISM!

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use MUSTEROLE once you experience the relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on.

How to Look Years Less Than Your Age

The most aged face will look years younger after the use of ordinary mercurized wax for from ten days to two weeks. This remarkable substance, because of its peculiar absorptive power, actually removes the thin veil of faded or withered outer cuticle a little at a time. Gradually the fresher, more youthful skin underneath is revealed. This absorption process being a purely hygienic one, an entirely natural complexion is acquired—quite different from the artificial complexion, which appears anything but girlish, though often bearing painful evidence of childlessness. An ounce of mercurized wax, obtainable at any drug store, is sufficient to rejuvenate any complexion. It is put on like cold cream at bedtime, and removed mornings with warm water.

SCORES THE BRITISH GOVERNMENT FOR RIOTS

[Continued From First Page]

seized the post office cut the wires and cables to England. Knew of Drills The authorities, he continued, had been aware that large numbers of armed Sinn Feiners had been drilled and constantly for some months, that they possessed explosives in considerable quantities and were well provided with money. These things, he declared, had been brought to the notice of the government by influential persons with the urgent request that action be taken.

The present position of Ireland he asserted, in conclusion, was one of the greatest dangers. Filling Station Blown Up Lord Lansdowne, who replied, explained how the Dutch trading vessel which brought arms to Ireland had been sunk by her crew when they were detected by the British patrol. Viscount Middleton further asserted that Baron Wimborne, the lord lieutenant of Ireland went to Belfast on Monday while a large number of officers had been allowed on that day to attend a race meeting in the neighborhood of Dublin. Some of these officers were seized on their return to duty. The viscount was unable to conceive any government so blind as to permit a state of things to continue.

Castle Attacked Lord Lansdowne in reply said he believed this outrage was doomed to an ignominious failure, but he was not disposed to minimize the serious inconvenience likely to be occasioned by it. He said that on Monday, April 24, the rebels made a half-hearted attack on the Dutch castle but the attack was not pressed. Then they occupied St. Stephen's Green, held up troops which were returning from the barracks, fired on them from the roofs of buildings, seized the post office, city hall, the four courts and the Western Road and Amiens Road Railway stations and telegraphic communication was interrupted.

Still Hold Buildings The rebels, Lord Lansdowne said, were driven from Stephen's Green with a number of casualties. Yesterday they still occupied certain buildings and houses in Sackville and other streets.

Dealing with the situation to-day Lord Lansdowne said the commanding officer reported there was a complete cordon of troops around the center of Dublin on the north side of the river and two more battalions were arriving this afternoon from England. The situation, he declared, was undoubtedly well in hand and he

Rockefeller's Millions Could Not Buy Eczema Remedy

Says Nurse Nahn After Cure With D. D. D. "Ten years I suffered with eczema—three years of that time I could not appear in public. My entire body was covered with the disease. I could not eat, I could not sleep. I could not live. I have at last found the great Prescription D. D. D. My body is clean, smooth. If there were one bottle only of D. D. D. in the world and I had it, Mr. Rockefeller's millions could not buy the golden fluid."—Nurse Myrtle Nahn, address of hospital on application. Druggists are glad to recommend this soothing, cooling liquid, 25c, 50c and \$1.00. Come to us and we will tell you more about this remarkable remedy. Your money back unless the first bottle relieves you. D. D. D. Soap keeps your skin healthy. Ask at Gorgas, the druggist, 16 N. Third St., P. R. Station; J. Nelson Clark, druggist.

had no doubt of the ability of the government to suppress the movement by most drastic measures. Although the situation in the provinces was not wholly satisfactory, the information received was not sufficient to justify grave apprehension. There had been a small rising at Ardee and Louth and a rather more serious one in Swords and Tusk, close to Dublin. No Reception For Casement Telegrams, he said, are now coming in more rapidly. They showed that Liberty Hall was partially destroyed and occupied by the military. Referring to the attempted German landing in Ireland, Lord Lansdowne said he did not know what Sir Roger Casement was led to expect in the way of assistance for his landing, but he added, "I have been unable to find that extensive preparations were made for Casement's reception or distribution of the material with which his ship was supposed to be laden."

Replying to a suggestion from Lord Salisbury that the government had disregarded warnings of what was on foot in Ireland, Lord Lansdowne said if he were supplied with the particulars of some of the warnings he would investigate the matter.

ANOTHER STRIKE COMPLETES TIEUP

[Continued From First Page]

very few strikers were on the streets with the exception of the picket lines. The number of guards at the electric plant was increased and it was said that 100 additional railroad officers were on the way from the east. Seven commissary cars were placed on a side track at the works. It was announced to-day that the strike is to be managed by general committee elected from each of the plants affected and from this committee will be chosen an executive committee. Strike leaders said the number of idle men and women had now reached 23,000.

230,000 Now Out The plants affected are the Westinghouse Electric and Manufacturing Company at East Pittsburgh, the Westinghouse Machine Company, East Pittsburgh; the Westinghouse Airbrake Company, at Wilmerding; the Union Switch and Signal Company, at Swissvale, and the Pittsburgh Meter Company, in East Pittsburgh. With today's addition the list of persons now on strike throughout the Pittsburgh district approximates 120,000. Of this number 54,000 are employees of the allied Westinghouse interests and the Pittsburgh Coal Company. The remainder are scattered among industrial plants in Allegheny county.

Pittsburgh Employers Form Organization to Make District Open

By Associated Press Pittsburgh, April 27. — It became known to-day that steps were taken last night through the organization of the employers' association of Pittsburgh to try to make the district an open labor market and to handle all that 199 additional labor. More than 100 manufacturing and other concerns, including some of the largest in Western Pennsylvania, were represented at the meetings, which was held behind closed doors. An official statement declares that the objects of the association are: To secure for employers and employees the freedom of contract in the matter of employment irrespective of this or kindred associations; to oppose restriction of output, sympathetic strikes and boycotts; to discountenance conditions which are not just and which will not allow a workman to earn a wage proportionate to his productive capacity; to prevent interference with those seeking employ-

ment; to avert industrial disturbances; to harmonize differences between employers and employees so that justice may be done to both, and to uphold the law.

The organization, it was stated, was a reply to the announcement yesterday that organizers of the American Federation of Labor would be ordered here to reinforce the organizers who have been active in the Turtle Creek Valley strike.

Judge's Bald Pate Test For Hair Tonic

Special to the Telegraph San Francisco, Cal.—If Madame George can grow hair on Police Judge Oppenheim's bald head she has promised her freedom. Judge Oppenheim's head is rather a sacred object to speak about inside or outside of his courtroom, so long as laws on contempt of court exist. But this much may be said safely: It has brains on

the inside and little hair on the outside.

Madame George was before him charged with violating the State drug act because of hair tonic which she sold along with some promises to grow hair with it.

"The tonic is all right," said she. "I can raise hair on any head."

"On mine?" asked the court, plaintively.

"Sure," said Madame.

"We'll continue the case and see," said the court.

Rockefeller Adds 7 Cents to Girl's Savings Account

Special to the Telegraph New York.—Little Cecilia Goldman, 5 years old, of the Bronx, has a bank account. It was added to by John D. Rockefeller. Cecilia and her parents, Mr. and Mrs. Hyman Goldman, were crossing the Rockefeller golf links at

Lakewood, when a golf ball struck Mrs. Goldman, but she was not injured.

"My good sady, I am glad you are not hurt," said Mr. Rockefeller, as he walked briskly to the woman's side.

Turning to the child, he said:

"I am glad to know you, little lady. Have you a bank at home?"

Cecilia said she had. Mr. Rockefeller thrust his hand into his pocket.

He drew it forth and handed the little girl seven pennies.

Too Much Militarism to Suit This Officer's Wife

Special to the Telegraph Kansas City.—Mrs. Emma Stankovich was granted a divorce by default by Judge Buckner to-day from Milan M. Stankovich, an architect in the Shubert building. Stankovich is a former captain of the Serbian army. "He was so used to army life that he would always order me around," Mrs.

Stankovich testified. "He seemed to believe I was his orderly and I feared a term in the guardhouse if I didn't humor his every whim."

Mrs. Stankovich received \$500 alimony and her maiden name of Huber.
