TO MAKE THE HAIR SOFT, Lustrous and Beautiful

"I'd certainly give anything if I could only get some life and lustre into my hair, declares every woman whose appearance is marred by ugly, lifeless, scraggy locks. And yet if she will only follow a few simple suggestions she too may soon be envied for her beautiful hair.

Just try these simple directions today: Get from your druggist a bottle of Parisian Sage, pour a little into the hollow of the hand and, wet the hair roots thoroughly with it. Rub it well into the scalp until dry, and a soft tingling glow is felt over the entire scalp. Do this regularly for a few days and you will certainly be astonished and your friends also at the remarkable transformation this simple treatment will make in your appearance.

Parisian Sage put the radiance of sunshine into my dull looking hair, making it soft, lustrous and beautiful," says one delighted user. It is important that you get the genuine Parisian Sage. This is warranted to contain no dangerous chemicals, is inexpensive and pleasant to use. H. C. Kennedy sells lots of it and will supply you, giving a guarantee of perfect satisfaction or money refunded.

CUT OUT MEATS IF KIDNEYS ARE TROUBLING YOU

Uric Acid in meat excites Kidneys and Irritates the Bladder.

Noted Authority says we must flush Kidneys with Salts if Back hurts.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Advertisement.

Suffered For Years

There are many people who will be interested in the experience of Mrs. Julia Byard, Fort Benton, Mont. She writes:

"I suffered for years with gall-stones. A friend wrote me about Fruita and Traxo. I started taking it and am completely cured now and feel better than I have felt for twenty years."

Mrs. Byard's testimony is similar to that of many who have given this remedy a chance to help them. Fruita is a powerful lubricant for the intestinal organs, softening the hardened particles that cause so much suffering and expelling the congested waste in an easy, natural way. A single dose is usually sufficient to clearly indicate its efficacy. Traxo is a splendid tonic-antiferretic that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion, and removes bile from the general circulation.

Fruita and Traxo are prepared in the Platts Laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Harrisburg they can be obtained at Gorgas, the Druggist.
