NEARBY COUNTIES GETTING FISHES

Several Varieties Have Been "Planted" by Attaches of State Commission

Thousands of yellow perch, catfish and sunfish and of tadpoles are being distributed in the streams of Cumberland and other counties in this section of the State by attaches of the State Department of Fisheries and men in charge of the hatcheries.

The shipments are the usual Spring output of the State's hatcheries and the reports received by Commissioner N. R. Buller are to the effect that the fish were in good condition when received and when planted. Excellent reports have also been received by Mr. Buller on the trout set out last Fall.

In addition to Cumberland county the fish are being "planted" in York, Huntingdon, Blair, Tioga, Lycoming, Bedford and Clearfield counties, whence have come numerous requests for fish from sportsmen.

Word reached the department today that the department's supply of pike perch eggs are ready to ship. They will be sent to the Wayne hatchery.

Appointed Policeman.—F. G. Heikel was yesterday appointed a special policeman for the Standard Steel Company for Millin county.

Named as Notary.—Miss Amy Gresser, of Columbia, has been appointed as notary public.

Expected to-morrow.—Governor Brumbaugh and Secretary Ball are expected home from Boston to-morrow.

Boards Meeting.—The Compensation and Industrial Boards are holding their regular sessions in Philadelphia for consideration of Eastern Pennsylvania cases to-day.

Will Halt Dumping.—The State Fisheries, Attorney General's and Water Supply Departments are arranging for joint action against persons who dump refuse into the canal and harbor basins at Erie. The State has spent thousands of dollars in development of the harbor.

Appraisal of Rates.—The borough of Sheardon has completed its appraisal of rates for the Standard Public Service Commission of the rates charged by the Schuylkill Railways Company in that town.

Lebanon Dedication.—May 10 was yesterday selected by the State Army Board as the date for dedication of the new Lebanon armory. Additions to the new battery armory at Pittsburgh were also made.

Want Joint Service.—W. J. Rainey, coke producer of Uniontown, has asked the Public Service Commission to take up the question of interchangeable service between the Bell and independent telephone systems at Uniontown.

New Roster Out.—The new roster of the National Guard has been completed by the Adjutant General's Department. It brings the list down to April 1, giving the locations of organizations and the retired list.

Apples Stored.—Cold storage warehouses reported on April 1 to the Department of Agriculture that they held 58,000 barrels and 27,000 boxes of apples.

Scarlet Here.—James Scarlet, counsel for the Railroad Trainmen in the full crew cases, was here yesterday.

Twenty-seven Approved.—The State Water Supply Commission approved plans for twenty-seven bridges yesterday. Of this number Johnstown and Meadville city bridges and county bridges in Huntingdon, Blair, Bradford, Lycoming and Butler counties were given State sanction.

Governor Returns.—Governor Brumbaugh is expected here to-morrow to-night. He will leave Boston to-day.

Attending Meetings.—State Librarian Montgomery and Commissioner Jackson are in Philadelphia attending meetings of State commissions to-day.

Getting Results.—The campaign of the State Department of Health to arouse officials of borough boards of health to the dangers of unrestricted spitting and to secure enactment of ordinances is under way. Many officials have taken up the matter vigorously.

Business Poor For Brewers.—The Adams Brewing Company of Ashland, has filed notice of decrease of stock from \$75,000 to \$30,000. The decrease is due to depreciation of property and decrease in business, says the Adams company.

Big Increases.—The Union Collieries Company, of Pittsburgh, has filed notice of increase of stock from \$5,000 to \$1,000,000.

Trustees Named.—The following were to-day appointed members of the Board of Trustees to administer the Mothers' Assistance Fund for Indiana county: Mrs. M. Ella Elkin, Mrs. S. J. Telford, Mrs. S. W. Rose, and Mrs. Clyde Seenor, all of Indiana; Mrs. Helen McKeague Finthwait, of Cherrytree; Mrs. Ida Kowal, of Blairville, and Mrs. Harry Mauk, Rochester Mills.

Wellsboro Man Picked.—Farnham C. Shroy, of Wellsboro, was appointed a trustee of Blossburg State Hospital to-day.

LEBANON CITY HIT BY COMPANY

Charged That Municipality Is Violating State Law in Annexed District

Complaint that the city of Lebanon is furnished water in a district recently annexed to the municipality without having a certificate of public convenience from the Public Service Commission was filed to-day by the Lebanon Valley Consolidated Water Company. The action, which is the first of the kind ever filed in case of annexed territory, declares that the water company, which furnishes water in districts surrounding Lebanon, has suffered invasion by the city which laid mains into the annexed district, where it is in competition with the company. The district, it is held, can not be entered by the city for the purpose of furnishing water without State sanction.

In an opinion rendered to-day by commissioner Rilling the Public Service Commission requires the Lebanon Valley railroad to construct a subway to eliminate a grade crossing in Mahanoy City. The complaint was filed by the Mahanoy Businessmen's Association. The opinion holds that the subway can be built at small cost and that the commission must approve the plans.

The Public Service commission has held under advisement all of the protests filed against issuance of certificates to jitney lines which were heard at Wilkes-Barre. The complaints filed from Wilkes-Barre, Pittsburgh, Newcastle and other places will be heard later on. On Monday six applications for certificates for jitneys will be heard.

OPPOSED TO COMPROMISE

Pottsville, Pa., April 27.—Interviews secured with miners at St. Clair, Minersville, New Philadelphia and other mining towns in the Schuylkill district, show a determination to back up the demands made almost everywhere by the operators will not have a single advocate at the convention to be held here next week, according to these indications.

CEASE WORK AT SHAMOKIN
Shamokin, Pa., April 27.—Owing to the failure of the coal operators' committee to recommend sufficient of the United Mine Workers' demands, a number of miners refused to work at collieries in this region. It is thought here that unless the coal companies agree to favorable terms of the United Mine Workers that the latter's tri-district convention at Pottsville next Tuesday will vote for a general strike.

OHIO MINERS WALK OUT
By Associated Press
Wheeling, W. Va., April 27.—Failure to accept the division of a three cent increase between the leaders and operators has caused the closing of 14 large mines in Eastern Ohio and the idleness of 3,000 miners. Pending settlement of the dispute at a joint scale conference in Cleveland the miners were ordered back to work but they refused.

FINAL VOTE IS BEING TAKEN

[Continued From First Page]

Pottsville, Pa., May 2, when a vote may be taken whether to declare a strike in the anthracite mining district.

Sub-committees of the joint conference committee which discussed the miners' demands here for several weeks are ready to report to the full membership that they have failed to agree.

White Offers Hope
Some hope of an agreement eventually was seen to-day in an announcement by John P. White, president of the United Mine Workers, that they would waive their demand for the adoption of the "check-off" system. This was one of the requests under the head of "full recognition of the union" and was denounced by the operators as "un-American." To this Mr. White replied that if it were un-American to use the "check-off" for the operators to use it for the collection of the rents of miners' homes and for the payment of powder and mining tools used by the miners.

HERE'S A CHEW THAT IS A CHEW

"American Navy" is Rich in Quality and Fruity in Flavor

TASTIEST TOBACCO MADE

Do you chew tobacco? If you don't you're missing a lot of wholesome enjoyment and healthful satisfaction. If you do, what form of tobacco do you use? A plug is the only chew that perfectly retains all the natural juices of the leaf.

American Navy is a high-grade "scrap" chew in plug form. It's made of the same type of leaf as "scrap," but the leaves used are whole instead of "cuttings."

And being pressed close, the sweet, mellow, fruity flavor of the leaf runs evenly through every last juicy chew of the American Navy plug.

American Navy represents the highest form of plug tobacco production—the very best chew that can be made from rich, ripe tobacco leaf—the last word in tobacco satisfaction.

American Navy is so carefully and painstakingly made that not one drop of the leaf's rich, natural juice escapes from the plug.

American Navy is the money's worth chew—and more! In 5c and 10c cuts. Try it.

A Little Blossom To Delight the Home

When it is known that in the near future the home is to be blessed with a new arrival the first thought should be Mothers' Friend.

This is a new and gentle remedy applied over the stomach muscles. It makes them relax and the nerves expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

The directions are simple. Get it at any drug store. It is applied by the expectant mother herself. It penetrates rapidly and affords quick and splendid relief in a most gratifying manner and reflects a physical benefit to the nervous disposition of the baby. Don't fail to get a bottle of "Mother's Friend" today and then write Bradford's Regulator Co., 419 Lamar Bldg., Atlanta, Ga., for a free literature book brimful of information for expectant mothers. It is a delight to read it.

CUNNINGHAM IS MOURNED IN CITY

Unusual Tribute of Flag at Half Mast For the Head of Highway Department

The State Highway Department will be closed all day to-morrow out of respect to the memory of State Highway Commissioner Robert J. Cunningham, whose funeral will be held from his late residence, 653 Bank street, Sewickley, at 2:30 o'clock to-morrow afternoon.

A floral tribute from the employees of the central office of the State Highway Department was sent to Mr. Cunningham's late residence to-day. The assistant engineers in charge of districts throughout the State also have sent a floral offering. First Deputy State Highway Commissioner Joseph W. Hunter, Second Deputy State Highway Commissioner George H. Biles, Chief Engineer W. D. Uhler, Auditor W. R. Main, Chief Clerk Howard W. Fry and Statistician W. R. D. Hall will represent the State Highway Department at the funeral to-morrow.

J. W. Hunter in Charge
Joseph W. Hunter, First Deputy State Highway Commissioner, automatically becomes the acting commissioner under the circumstances.

The flag on the State Capitol was placed at half staff by Superintendent of Public Grounds and Buildings Rambo immediately on receipt of the news of Mr. Cunningham's death.

The Governor's office was notified and a long-distance call was put in for Governor Brumbaugh at Boston to notify him of the commissioner's death.

Chief Engineer W. D. Uhler, in speaking of the death of Commissioner Cunningham, said: "The State of Pennsylvania has sustained a serious loss. Commissioner Cunningham, in the length of time that he held office, had placed the State Highway Department on a sound and economic business basis and had established it firmly in the regard of the people. To all of us in the department who came in contact with him he became a close personal friend whose untimely taking off we mourn."

First Deputy State Highway Commissioner Hunter said: "The death of Commissioner Cunningham is the most serious blow that could have befallen the State Highway Department and is a distinct loss to the Commonwealth. His work as State Highway Commissioner was such as to increase the esteem in which he was held throughout the State."
