Healthy Old Age Brings Happiness

Simple Remedy Promotes Health By Overcoming Tendency to Constipation.

Advancing years impair the action of the vital organs. Old age should be the period of greatest happiness, but good health is necessary. Constipation should not be tolerated—it is often the direct cause of ill health. Headache, belching, biliousness, bloat, drowsiness after eating and other symptoms of constipation can be readily relieved by the use of a simple laxative compound sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. Mr. J. H. Bristol, 1412 Geddes Ave., Ann Arbor, Mich., who is 83 years old, says "Dr. Caldwell's Syrup Pepsin is the best remedy be ever used for constipation and I always have a bottle of it in the house to use when I feel the need of it; it never disappoints."

Dr. Caldwell's Syrup Pepsin is a mild laxative preparation, positive in its effect, acting easily and naturally without griping or other pain or dis-

Historical Commission Coming Here to Select Tablet Site at Fort Hunter

Philadelphia, April 28.—At a meet-Philadelphia, April 28.—At a meeting of the Pennsylvania State Historical Commission here to-day it was decided that the commission would co-operate with the city of Chester in restoring and preserving the City Hall there. This building, built in 1724, has been in continuous use ever since. The commission also authorized Dr. George P. Donchee, of Coudersport, secretary of the commission, an authority on Indian affairs, to represent the State of Pennsylvania in an expe-

Indian relics. The other members of the expedition will be Dr. Warren H. Moorehead and Alanson Skinner.

On Monday the commission will go to Harrisburg to select a suitable tablet for erection on the site of Fort Hunter, a frontier fort that stood near what is now Harrisburg. A stone will also be erected about May 26 in Scranton to mark the site of the old apple tree under which the first city council met.

The Premier --With the True-to-Life Tone

¶That unpleasant, scratchy, mechanical noise so pronounced in even the most expensive Talking Machines is notably absent in the Premier.

¶Take the tone-chamber for instance. It's made of well-seasoned wood—just like a violin. That explains the trueto-life tone and absence of scratchy noises. Moreover, it's tones are more pronounced, yet gently mellowed.

Hear the Premier-come in, let us play it for you-you'll more clearly understand the "made-like-a-violin" feature.

Mechanically Perfect

¶Outside control which means outside start, stop, tone modi-fier, and turntable speed — all these without lifting the lid.

¶Motor guaranteed-and we'll replace any defective part, free. ¶Silent winding — while playing — a most desirable feature. ¶Automatic stop — 100 per

"Do you think Villa is dead?"
"I do not," was the quick reply.
"But I am positive he is wounded and suffers for lack of medical attention and therefore has small chance to be personally active again in any campaign."

General Obregon laughed when asked about the report of friction between the first chief and himself.

"There never has been any friction between General Carranza and myself and there is less reason now than ever for any friction."

The protective presence 'q North-rem Mexico of forty thousand Carranza troops will be the most potent argument of General Alvaro Obregon in his effort to convince Generals Hugh L. Scott and Frederick Funston that the American expeditionary forces should be withdrawn from Mexican soli.

Mexican officials here believe General Obregon will assure the American expeditionary forces should be withdrawn from Mexican soli.

Added to this, they say, he will repeat the declaration he made at Chihuahua City that the chiefs of the constitutionalist cause are in perfect harmony and amply able to control all bands of bandits still at large.
