Large Black & White Hats

The best style that interprets this charming combination is the large tailored sailor.

It is to be a season of sailors, and while black-and-white effects lead, there are other shades including greys, brown, blues, purple, all black, all white and red.

There are large white sailors with soft black velvet crowns. The sailors, as a rule, are simply trimmed with flat wings, ornaments, narrow ribbon, silk bands and a sprig of flowers here and there.

There are dozens and dozens of these smart sailors at \$6.50.

A Season of Wonderful Sport Hats

Wonderful because they are so different, so strikingly new, so conspicuously stylish and so easy to wear.

There are large sport hats entirely covered with bright striped fabric—there are plaid covered sport hats—there are wenshow straw sport hats that are soft and pliable in cool Summer tones—there are soft hemp sport hats with satin bands—there are small sport hats and large sport hats—sport hats of black lisse straw, in new sailor effects with slightly contoured brims—seagrass sport hats with bright Roman striped bands and last, but not least, fine panamas.

Prices, \$3.95, \$4.95, \$5.95, \$6.50, \$6.95 and \$7.50.
