

MOTHER OF FOUR CHILDREN How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

Lincoln, Illinois.—"I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June and from then until the 1st of September I felt like a new baby was born. I got along much better than I had before. My baby was a girl and weighed 14 pounds at birth, and I recovered very rapidly which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before by other children and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor."—Mrs. F. F. CLOYD, 1355 North Guick Ave., Decatur, Ill.

Expectant mothers should profit by Mrs. Cloyd's experience, and trust to Lydia E. Pinkham's Vegetable Compound. Free confidential advice had by addressing Lydia E. Pinkham Medicine Co., Lynn, Mass.

OFF TO CONVENTION The Rev. Dr. A. S. Fasiak, of Carle, district superintendent of the Methodist Episcopal Church in this district, left today for Saratoga Springs, N. Y., to attend the General Conference which opens next Monday. This conference, which is the governing body of the Methodist Church, meets every four years, and delegates from all over the world are present. The conference, this year, will extend through the entire month of May. Several new bishops will be elected.

MONKEYS WEAR GLASSES AND RUIN THEIR EYES

Hospital Experiment of World-wide Interest

BALTIMORE, MD.—At Johns Hopkins Hospital, they are putting glasses on monkeys for the purpose of upsetting their vision. This will cause a severe eye strain, and impaired vision, which in turn affects the thyroid glands, and is expected to produce such diseases as nervousness, insomnia, melancholia, irritability, headache, goitre, palpitation of the heart, protruding eyeballs, and mild forms of tubercular affections. You must admit that if glasses on monkeys do not fit such conditions, they will do the same on human beings.

Eyeglasses in many cases are unnecessary and even dangerous. Many think because they see well with their glasses, that they fit, but this is not always true. Many glasses have ruined the eyes of thousands of people, for at times nearly every wearer of glasses wears glasses which do not fit. In the United States alone there are over 300,000 blind people, thousands of whom can trace their misfortune to neglect, as neglect has caused more blindness than any other one thing. You value your eyesight above everything, therefore you should know something about your eyes, and what to do to strengthen and preserve them.

Leading druggists are now authorized to distribute free to those interested, a valuable book pertaining to eyes and eye saving entitled, "How to Get Rid of Eye Troubles." This book should be in every home. It tells of a highly efficacious home remedy, which has enabled many to strengthen their eyesight 50 per cent. in one week's time, and by doing they are able to discard their glasses. Through the use of many others have avoided the necessity of resorting to these windows. If you are a wearer of glasses, and you are weak of them; if your eyesight is weak and you wish to strengthen it, if you would like to get the remedy, go to any drug store and get 5 grain optona tablets. Put one tablet in a quarter glass of water, allow to thoroughly dissolve, and with this refreshing solution, bathe the eyes from three to four times daily.

Everyone, whether they wear glasses or not, will be greatly helped through this method of eye saving. Since this formula has been published, since this remedy of this city, has been kept busy filling it, you follow this method, your eyes will get the strength right from the start. It sharpens vision even in old eyes, and its use will tone and strengthen the eye muscles and nerves so they quickly become healthy and strong. If you would overcome bloodshot eyes and red eyes, if you would have good eyesight, and eyes free from blurring, inflammation, smarting, itching, burning, and itching due to eyestrain from overworked eyes, try this solution at once. Don't put it off until tomorrow, as they are dangerous, and the sooner you take care of your eyes, the better it will be for you. Advertisement.

REAL ESTATE

Expect Early Decision From Local Courts on "Hardscrabble" Matter

Because of the innumerable legal delays, the fact that the affected property owners are in one or less of quandary as to what they shall do as to present and future residence and the general desire for an early settlement as expressed by city officialdom and "Hardscrabble" folks, the prevailing opinion in legal circles is that the Dauphin county courts will hand down an opinion on the "Hardscrabble" condemnation exceptions in the near future. The question was finally argued yesterday and a mass of information was verbally furnished the court which the attorney's briefs covered every point that could be made. So far as the legal end of the trouble is concerned yesterday's argument permits the question to rest with the courts. Appeals from the damages allowed, if taken at all, would in the course of usual legal procedure have been made an issue in a civil action before a Common Pleas jury. This would follow after bonds had been filed.

TO-DAY'S REALTY TRANSFERS To-day's realty transfers included the following: J. Moran et al to State, 436-38 South street, \$3300; F. L. Knouff to Ed. W. Kepper, 324-26 South Fifth street, \$2500; Julia Dundoff to L. Arasnasoff, Steelton, \$3050; Caroline K. Haldeman to John Winger, Susquehanna township, \$2 Charles H. Prince to Harrisburg Lumber Company, Seventeenth street and Brookwood; Ida Plaug to W. S. Harris, Crescent street, and H. D. Guy to A. C. Miller, 2225 Jefferson street, \$1 each.

Army Maneuvers Show Feasibility of Attack at Either End of Panama

Panama, April 28.—The army maneuvers in the Canal Zone, undertaken on an extensive scale to work out problems connected with the defense of the Pacific entrance to the canal, have reached an interesting stage. The Blue Army, commanded by Colonel Charles G. Morton, which yesterday reached Chorrera on the march to defend the canal, came in contact this morning with the Orange Army, under Colonel John S. Mallory, which is attacking the canal after theoretically having effected a landing near the village of New Gorgona. A contact was made between the opposing cavalry outposts, which suggests that the main action between the opposing forces will probably occur within two days. This engagement, it seems likely, will involve possession of the Capira pass, through which the attacking force must come, thus making possession of the pass the main objective of each army. According to Brigadier General Clarence E. Bowers, commander of the Canal Zone, the maneuvers already demonstrated the feasibility of a hostile attack over land from either Chame Bay or near Aguadulce.

MRS. DONALD McLEAN ILL. Baltimore, Md., April 28.—The condition of Mrs. Donald McLean, former president-general of the Daughters of the American Revolution, who is critically ill at a hospital here, was reported as being unchanged to-day.

Sir Roger Casement Hopes He Will Be Hanged With Silk Cord Instead of Rope

London, April 28.—Sir Roger Casement, who confidently expects to be hanged, remarked calmly to his keeper he hoped they would hang him with a silk cord. In an ordinary hempen rope, he thought, would not be in keeping with a man of his dignity.

Sir Roger's attitude since his arrest reflects what one of the guards who has taken turns watching over him characterizes as "inordinate vanity." Sir Roger, this officer said, shows concern in everything he says. He has a strut, the guard said, like an actor and a glib, confident manner. He assumes the air of a martyr, and has confided to his keepers that if he dies he expects a monument to be erected him by his admirers. Casement's whole attitude since his arrest suggested that of a man who believed himself to be not merely the prophet and apostle of the Irish revolution, but also the leader whose active direction of the rising was necessary to its success.

From what Sir Roger says, it is plain he expected the Germans to start with fleet operations, Zepplin raids and all other means possible to keep Britain so engaged that the Irish revolt could be put through to success.

To Determine if Crime Has Been Committed by Irish-American Papers

New York, April 28.—An investigation was begun to-day at the office of the United States District Attorney to determine whether a crime had been committed by persons responsible for attacks on President Wilson and the national administration that have appeared in Irish-American papers published here since the outbreak of the revolution in Dublin. Copies of these editorials will be examined by the district attorney, by one of the assistant district attorneys who has been prominent in the investigation of alien conspiracies.

The attention of the federal authorities was first attracted by an editorial statement that information which led to the sinking of the German ship which attempted to land arms and ammunition on Irish soil came from a member of the Washington administration "on the orders of President Wilson." This declaration has been authoritatively denied in Washington.

Plans Long Ready Colonel Patrick J. Wallace, commander of a Connemara brigade of the Irish Volunteers, who is now in New York, is authority for the statement that the present situation in Ireland was not fostered in Germany nor in America.

"The plans of the Irish Volunteers," he said, "have been ready ever since the first talk of conscription was heard in Ireland. At the time of the revolt there were 3,000 fully armed and fully trained volunteers in Dublin. Out through the country there were 600. With the neutral bodies there are to-day 200,000 Irish Volunteers who, when the test comes, will take the field against the British."

An opposite view is expressed by the Marquis of Aberdeen, for nine years viceroy of Ireland. Lord Aberdeen, who is now in New York, said that while he did not underestimate the seriousness of the situation he was nevertheless convinced that the outbreak would be of short duration.

Lansing Denies U. S. Posted British on Irish Uprising

Washington, D. C., April 28.—Secretary Lansing yesterday made an unqualified denial of published reports that the United States had given any information whatever to the British government which aided in the apprehension of Sir Roger Casement on his unsuccessful expedition to Ireland.

THE NEW STORE OF WM. STROUSE It's the Quality in the New Store's Clothes That Sends Your Enthusiasm, Way Above Par

In buying clothes, price indicates nothing—Men buy Adler-Rochester clothes not because they cost less, but because of their better style, the finer tailoring—and their excellent quality. There's a vast difference between Adler-Rochester Ready-to-Wear Clothes and "Ready-Made" clothes, for, in the first place, Adler-Rochester Clothes are hand-tailored throughout—every stitch, every buttonhole is handmade by skilled tailors. Every seam, from the trouser leg bottom to the top of the snug-fitting collar is hand-sewed—not by cheap labor, but by well-paid tailors of experienced years.

Editorial THE advertising policy of The New Store is to give to the people correct information on all subjects pertaining to our merchandise—to truthfully state prices and values at all times. Every advertisement is written under my personal supervision and every published word carries with it my personal endorsement.

PRICES ARE \$20.00 to \$35.00

Those snappy, beautifully styled clothes you see the other fellows wear are

"WESCO FIFTEENS"

For The New Store has already made a reputation—that of having the finest \$15 Suits to be found anywhere.

OUR DEPARTMENT FOR BOYS has proved a delight to the mothers who have brought the youngsters in for their Spring outfits. Being on the first floor, and well sun-lighted—clothes may be selected with much greater comfort and satisfaction. Everything for the boys is here, from stockings to suits, and With Every Suit a Handsome Watch

The New Store of WM. STROUSE

SIGNERS NEEDN'T BE REGISTERED?

President Judge Kunkel Says Court Can't Be Expected to Reconstruct Act

In the course of the Dauphin county court's hearings of contests of non-naturalized citizens, the court today decided that the court could not be expected to reconstruct the whole primary act, but only to pass upon such questions as might arise where the act was held not to be clear. In the objections to the Republican position of Thomas G. Baker, candidate for Congressional nomination of the thirty-first district it was contended that some of the signers were not registered. Judge Kunkel asked if the law did not contemplate that citizenship should be the test of a man's right to sign and whether too much prominence was not being given to the registration feature. Considerable testimony was taken regarding registration.

Argument was heard on the mandamus proceeding to compel the secretary of the commonwealth to issue the Lancaster county commissioners that John F. Smith and D. G. Martin, candidates for registration in the Ninth district, agreed to support Theodore Roosevelt for president. The State officials held to the provisions of the act in certifying and refused to insert the name of Roosevelt. It was contended by Deputy Attorney General Keller, for the State officials, that the act specified forms which had to be followed and that a candidate for delegate, the committee should be placed in the space provided on the ballot and not after the name of a candidate for delegate. The committee for the candidates asserted that the form proposed was substantially as outlined in the act.

Constitutions Put Out by Moore's Bureau

The first of a series of publications prepared in the State Legislative Reference Bureau since its adjournment of the last Legislature was issued to-day by Director James N. Moore. It is an edition of the constitutions of 1776, 1790, 1838 and 1873, each annotated with the changes made by the last constitution showing what legislation is expressly forbidden. The publication was in response to numerous requests and a series of cross-reference notes has been added to the sections of each of the constitutions showing the corresponding provisions in the others. These notes are for the tracing of the origin and development of any particular section. The constitution of the United States is included the work will be of the greatest value as something like it has been needed for years.

HAND CRUSHED George B. Wenrich, aged 15, sustained a badly crushed right hand yesterday, when it was caught in a job printing press at the Telegraph Printing Company's job department. Physicians at the Harrisburg Hospital do not believe it will be necessary to amputate the hand.

Special Committee of General Army Staff Will Reorganize Aviation Arm

Washington, April 28.—The special committee of the general staff to investigate army aviation affairs looking towards proposed reorganization was announced to-day by the War Department.

Major P. D. Lochridge, of the War College, is chairman and other members are Colonel Chas. W. Kennedy, Major John McA. Palmer and Captain Dan T. Moore. A consulting member will be appointed by Brigadier General Scriven, chief signal officer. Secretary Baker authorized Major General Scott chief of staff, to appoint the special committee after the War Department's investigation of the aviation service resulting from the court martial of Lieutenant Colonel Goodie. The committee will especially consider Secretary Baker's suggestion that aviation be made a co-ordinate branch of the army organization, instead of a subordinate arm of the signal corps.

Governor Home in Good Shape From Trip

Governor and Mrs. Martin G. Brumbaugh returned to Harrisburg this afternoon from Boston where the Governor made two speeches and the trip very well, immediately began work on business which had accumulated since he left the city. The Governor plans to leave to-morrow morning shortly before 8 o'clock on his tour of Blair county. Much of the trip will be taken in an automobile. The Governor will be in Pittsburgh on Sunday. He will be here on Monday on his way to Eastern and vicinity. The remainder of the tour will be outlined later.

Scientists Discuss Basis of Peace and Safeguards

Philadelphia, April 28.—International relations in their various phases are under discussion at the twentieth annual meeting of the American Academy of Political and Social Science, which opened here to-day and close to-morrow night. The first session was devoted to discussion of the basis of a durable peace and the safeguards against future international conflicts. Several of the speakers advocated the plan proposed by the League to Enforce Peace, of which ex-President Taft is president. Economic pressure against violators of international law was also suggested. Dr. John H. MacCracken, president of Lafayette College, said that the first step to bring about durable peace is to convince men of the ridiculousness of war.

POWELL'S CLERKS HELP CAMPAIGN

Circulate Paper For Contributions to Make Him National Delegate-at-Large

Attaches of the Auditor General's Department established a precedent and gave Capitol Hill a jolt late yesterday afternoon when a paper was circulated among the force under Auditor General Powell for subscriptions for the Powell campaign for national delegate-at-large. It was one of the very few times that subscriptions have ever been taken up in aid of a primary or delegate campaign on Capitol Hill and for a time everyone refused to talk about it, although some of them "came up" quite liberally. It was said that Mr. Powell had gone to Pittsburgh yesterday and that the paper was started out some hours after his departure.

There were rumors of "assessments" and other things, but this morning it was stated that it was a voluntary move among the clerks and the following copy of the subscription paper was given out: "Inasmuch as our chief, the Hon. A. W. Powell, has become a candidate for election as a delegate-at-large to the national Republican convention, we, the undersigned employees of the Auditor General's Department, wish to declare and to exhibit in a practical way our hearty approval of his candidacy.

"We know him to be a genuine American whose vote and counsel would at this time be of especial value to his country and his party; a broad, fair and far-seeing student of public events, and one whose name has become to the people of Pennsylvania, an inspiration to confidence. In this knowledge we deem it our duty as Pennsylvanians proud of our State and jealous of its interests and good name, and as Americans loyal to American ideals, to give him our earnest and substantial support.

"Therefore, voluntarily, of our own free will, without his knowledge and without suggestion from any source, we contribute towards the expenses of his campaign the amounts set down opposite our names in the list hereto appended, making our cheques payable to Paul S. Ache, as treasurer, and delivering them to C. E. Willock for transmission to Mr. Ache. We do this to contribute to party funds in campaigns. We have appreciated and do appreciate his consideration in this respect, and now desire to repay it, in some measure, by taking the action herein stated.

Republic Rubber Plant Employing 1,800 Closed

Youngstown, Ohio, April 28.—The Republic Rubber Company's plant here, employing 1,800 men, was closed to-day. The plant was shut down for inventory, but the prevailing opinion is that the action was influenced by demands made this week by machinists for an eight-hour day with ten hours pay, closed shop and double time for holidays, Sundays and overtime.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podoophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santalaxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers. They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue. They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santalax Remedies Co., 302 Madison Ave., Covington, Ky.

REV. JOSHIA STRONG DIES

New York, April 28.—The Rev. Josiah Strong, president since 1902 of the American Institute for Social Service, president of the Social Center Association of America, former president of the American Foreign and Christian Union, an editor and author, died in a hospital here to-day.

Superior Quality Coal

We are reaching that period of Spring when fires will just "drag along" until warm weather comes. It takes good, clean coal to keep alive such a fire without frequent feeding. Here, again, Kelley's Coal proves its superior burning quality because of its richness in carbon and its freedom from slate and dirt.

For best results at any time of the year burn Kelley's Coal.
