**LECTURES CLOSE FOR THE SEASON**

Teachers of City Schools Express Appreciation of Help From Pittsburgh Educators

When Dr. Gardner C. Bassett, of the University of Pittsburgh, gave his lecture last night at the Technical high school on "Eugenics" he brought to a close one of the most interesting courses ever given before the teachers of the Harrisburg schools, with Dr. Fleming A. C. Perrin, also of Pittsburgh University, a co-lecturer.

Dr. Bassett says that unless there is some legislation to control or prevent the marrying of mental defectives, by the year 2018 there will be no superman nor yet a normal man, according to the present standard. The present means of legislation on the subject were discussed and their causes of failure commented on, while suggestions were made for better laws. Following the lecture addresses were made by J. J. Erehm, chief supervisor of the Harrisburg school district; Professor E. E. Dunkleberger, of Oberlin, and Dr. F. E. Downes. Afterward there was an informal reception held, with Dr. and Mrs. Bassett, Dr. and Mrs. Perrin, Mrs. Frederick E. Downes, Mrs. Mabel Cronise Jones, Dr. and Mrs. Samuel Z. Shope in the receiving line. Dr. Charles B. Fager, Jr., and Dr. Downes were masters of ceremonies.

The teachers of the city expressed their appreciation of the help given them in these lectures of practical value in the schoolroom and they also thanked Dr. and Mrs. Shope for their kindness in entertaining the lecturers and their wives at a luncheon yesterday at the Senate, a visit to the Capitol and the outdoor schools and automobile rides over the city park system as part of their appreciation of the great work both Dr. Bassett and Dr. Perrin are doing.

**INDUSTRIAL CLUB ACTIVELY WORKS**

Reports of Interest Heard at Meeting Show What Can Be Done With Effort

The Industrial committee of the Y. W. C. A. heard most interesting and valuable reports at its meeting yesterday afternoon from the girls' clubs of industrial centers of the city.

Mrs. Mabel Cronise Jones the chairman of the committee presided and Miss Florence Carroll was appointed delegation leader of Camp Neopwin at Canton, this summer with full charge of all delegates from this district.

For the first time an "Industrial Banquet" will be held, Monday evening, May 15, for all of the industrial club girls. Extensive preparations have been made for this event with attractive menu cards, decorated by members of the club under the direction of Miss Suzanne Westbrook and special decorations for the rooms and table with Miss Marian Leib, chairman of the committee.

One of the finest reports presented yesterday was that of Mrs. Bertram W. Saul in charge of the "Home Making Club." Mrs. Saul's class took for lessons the complete furnishing of a house of five rooms on \$500, excluding wedding presents and not a thing to start on but the cash.

Beginning with the kitchen first, because on this depends the life of the household the girls took a Saturday afternoon holiday to search the stores for furnishings and "made good." In this most important room they found that the necessities included \$86.34, purchasing a vacuum cleaner if there was electricity to use, and if not, a hand vacuum and carpet sweeper, as well as gas range. Everything needed for the dining room, living room and three bed rooms was comfortably arranged for as well as the kitchen and a balance of \$58.51 left over for the bank. This club is of inestimable value to girls, who find the work fascinating and practical.

**Velada Espanola Enjoyed by a Large Audience**

The Velada Espanola held last evening by Spanish students of the Harrisburg Conservatory of Music and the Y. W. C. A. was a pronounced success and much praise is given the teacher, Mrs. Melvin A. Menges, for her thorough work in the classes. The program received well-merited applause, even though the audience could not at all times understand what the performer intended saying.

The beauty of Spanish music was brought out in both instrumental and vocal numbers. So far most of the studying has been with a view to travel or as an art, but last evening special attention was drawn to the advantages in commerce given by a knowledge of Spanish. The United States government expects great opportunities to open in South America at the close of the great war, and three of these students are already preparing to take positions there.

At the close of the program tropical fruit punch and cocoanut dulces were served.

**VOTES OF WOMEN**

Do women realize that they already vote in the most effective way an important question?

Every time a woman buys an article it is a vote, backed by money, for that article, a sincere approval of its merits.

So women have been voting on the question of health. When they buy from and woman's ailments their vote has been overwhelming for Lydia E. Pinkham's Vegetable Compound, which they have bought and used with satisfaction.

**Students Celebrate the Arrival of Fine Trophy**

At a meeting in chapel this afternoon the students of Central High School celebrated the arrival of the basketball trophy, which became theirs when Central defeated the Reading players at Lancaster. For some time the trophy has been delayed in Reading for the purpose of engraving the name of the winner on it.

But at last it is here safe and sound and the Central students are joyous to become the possessors of such a beautiful and significant trophy.

The trophy is a large cup with the words, "Won by Harrisburg High School," engraved on the back and Central High students are very proud of it.

Songs and cheers were given for the team and school.

The hint is abroad that Central is soon to have a fine large trophy case. Do you not think it is necessary?

**Relief in Pulmonary or Throat Troubles**

depends largely on the sufferer's ability to uphold a weakened system, and thus hasten a return of normal body functions.

In this effort much depends on fresh air—night and day—and rest and good food. The patient should refrain from work that overtaxes, and all sanitary precautions should be taken. These commonsense measures do not always achieve the desired results unless aided by proper medication.

It is here that Eckman's Alternative has evidenced its worth, for in many cases it has effected lasting benefit. And often such troubles seem to yield to it.

In no case is its use attended with possible harm, since it contains no poisonous or habit-forming drugs. Ask your druggist.
