Must Erect New Grandstand; Work Starts at Once; Players Report Today

York, Pa., May 3 .- That the York baseball club of the Pennsylvania state League is assured of a playing leld, was announced last evening af-ter the meeting of the York County Agricultural Association. All the fair directors were in favor of baseball in this city, but they rejected the York tlub's proposition for the use of the ground inside of the race course. The fair managers in return made a counter proposition by offering the field at the end of Richard avenue, used by the former Tri-State League clubs and at a nominal rental fee. This information was conveyed to George W. Heckert, the York club's representative, by his brother, Secretary Henry Heckert of the fair association. George Heckert announced last night that this effer would be accepted.

This will necessitate the building of a grandstand by the baseball people and the fair managers have granted the York club the use of their bleachers. Work on building the grandstand will be started just as soon as the deal is closed to-day. at the end of Richard avenue, used by

Lemoyne Firemen Refuse to Accept Gift of Hose

Lemoyne, Pa., May 3. — Borough council last evening received a communication from the fire company demanding the immediate removal of the hose which was placed in the firehouse as a gift from council several months ago. For some reason the company refuses to accept the material and in an open letter last evening made its final demand for the removal. The hose will be removed at once.

There is a general hustle all over Pennsylvania in preparation for the annual Pennsylvania scholastic track meet to be held in Harrisburg May 20. meet to be held in Harrisburg May 20. The silver trophies are on exhibition at Bogar's store, Market Square, and have been attracting much attention.

If every seat Houtz, Hilton, Thomas, Rapp, Walis sold for the fight to-night at Chest- lower and Rote. Praises were accorded Captain Rote and Manager Wallower.

Plans have been completed at Central high school for the annual interclass meet. It will be held on Academy field Friday afternoon, starting at 2 o'clock. The class representatives will be picked this afternoon. Unusual interest is manifested in this meet because of the number of promising young athletes who entered the school last Fall.

The meeting of the Pennsylvania State League at Reading to-morrow afternoon promises to be one long, lively session. Since the last meeting held at Lebanon President William R. Douglass has been busy and there will be a number of applications for admission. The Lawson aggregation thus far has been successful in holding up negotiations in some cities, but it is understood everything will be ironed out to-morrow. There has been some talk of a compromise between the two organizations, but this is emphatically denied by President Douglass.

The selection of a new coach at Harrisburg Academy is a further indication that this institution intends to be prominent in all athletics in the future. The Harrisburg Academy athletes have been doing good work and throughout each year in all branches of sports made good. In baseball the Academy team is putting up a good game; the track athletes are showing fast form, and the trap shooters will shortly come to the front in a contest with Tech that promises much interest.
