

# Indigestion May Be Due to Constipation

## Neglect of Important Function May Seriously Impair The Health

There are many people who believe they suffer from indigestion when their discomfort really is due to a constipated condition.

Bloat, with its attendant mental depression, sick-headache, the belching of sour stomach gases, etc., are frequently due to inaction of the bowels. Relieve the congestion and the trouble usually disappears. The use of cathartics and purgatives should be avoided, however; these shock the system unnecessarily and, at best, their effect is but temporary. A mild laxative is far preferable.

The compound of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores for fifty cents a bottle, is highly recommended. Mr. Benj. Bassin, 360 Madison St., Gary, Ind., thinks Dr. Caldwell's Syrup Pepsin a wonderful medicine; for four years he had a severe case of indigestion and constipation before trying Dr. Caldwell's Syrup Pepsin, which he is glad to recommend to all who suffer with stomach and bowel trouble.

BENJ. BASSIN

A bottle of Dr. Caldwell's Syrup Pepsin should be in every home for use when occasion arises. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

## Rich Farmer Confesses to Slaying Seeress With Ax

Special to the Telegraph  
Frankfort, Ind., May 5.—Giles W. Trask, wealthy farmer and elevator owner, confessed to-day, the police say, that he killed Mrs. Alice A. Evans, a fortune teller known as "Madam Rand."

According to the alleged confession, Trask said the woman had been blackmailing him and he went to her home last night to make a settlement. An altercation followed and he struck her with an ax, according to the confession. Trask, who is married, is 45 years old. The murdered woman was 56. Mrs. Evans was found in a dying condition in front of her home last night.

nual convention of the Central Pennsylvania Funeral Directors' Association here yesterday. The members pledged themselves to maintain the old prices, notwithstanding increasing most of materials.

## EVANGELIST SENT TO JAIL

Special to the Telegraph  
Towanda, Pa., May 5.—Judge Maxwell sentenced Ernest Vincent, the evangelist, who recently stole a bicycle, to thirty days in the county jail yesterday. Vincent, who has been conducting religious meetings, pleaded for another chance. He said that his first drink in two years robbed him of his senses and made him commit the larceny.

## VETERAN FISHERMAN DIES AT 88

Special to the Telegraph  
Reading, Pa., May 5.—Devoted to outdoor life, especially fishing and pedestrianism, almost up to the last week of his life, William Green, 88, the "grand old man" of Berks county anglers, died here last night.

## NO INCREASE IN COST OF DYING

Special to the Telegraph  
Altoona, Pa., May 5.—The high cost of dying is not to be further increased. This was definitely settled at the an-

# 100,000 GUESTS EXPECTED AT BIG SHRINE MEETING

## Buffalo Preparing For Annual Convention of the Imperial Council of Nobles

Buffalo, May 3.—The work of getting ready for the annual session of the imperial council of nobles of the Mystic Shrine has progressed to a stage where officers of Ismailia temple of this city which is to act as host are assured that not only will the gathering be one of great magnitude but also its stated events will be moved with smoothness and precision. George K. Staples of this city, general chairman of the convention, committee, predicted today that upwards of 100,000 visitors will be attracted by the convention. Most of these will be nobles and their wives and families, coming from the 139 temples of this country, Canada and Mexico.

Everything in connection with the Shrine annual meeting looms big in figures. The attendance will bring a multitude of people together. The uniformed patrols with their bands will make a creditable army, nearly 5,000 uniformed men and almost as many bandsmen. The sums that will be spent by visiting delegations on their special train equipment, traveling expenses and other outlays will run into the millions. Buffalo will disburse a \$100,000 entertainment fund. One San Francisco temple is spending \$75,000 on a special train journey. The Chicago temple will lease the largest passenger steamer on the Great Lakes for the trip to Buffalo, quarters while here and the return trip. The boat and supplies is to cost it \$10,000. Other temples from various parts of North America have equally elaborate plans for the 1916 pilgrimage.

Camels as Mascots  
Many patrols will bring mascots with them. One from the desert region of the southwest will have a flock of camels. That from El Paso, Tex., will bring 100 burros. If the Shriners from El Paso cannot be prevailed upon to do so they will ride the burros in the big parade of the session, in which, it is estimated, anywhere from 20,000 to 50,000 Shriners will participate. A Calgary temple has secured a buffalo from one of the few remaining herds, which happens to be owned in that locality. It will be presented to the Buffalo zoo when the convention is over. Representatives from the Shrine temple at Honolulu will bring some animal typical of the Hawaiian islands. They have written that it will be one suitable for the ceremonial sessions of Ismailia temple of Buffalo and will be donated to it, but that it isn't a goat.

All Hotel Space Leased  
The imperial council session will be held July 11, 12 and 13. Most of the hotel space in Buffalo and at Niagara Falls, which is a suburb conveniently reached, has been leased by agents for visiting temples. General Chairman Staples and Potentate John T. Clark of the Buffalo Shrine, however, have found that there is always room for one more and are continuing to book accommodations for visitors. Every effort is being made by the arrangement committee to give visitors suitable entertainment. For the patrols the 65th Regiment armory has been secured and here the patrol members will be quartered just as if they were troops billeted on the city. A caterer will use the armory kitchen in preparing meals. The armory will be equipped with all the facilities of an immense hotel. This preparatory work has been attended to by Capt. H. J. Sackett of Ismailia temple and he has sent to other patrol commanders assurances that their organizations will be well cared for. This includes an elaborate entertainment program as well as quartering. The big event of this program is to be a patrol banquet at which 5,000 men will be guests.

To Visit Training Camp.  
For all Shriners, it is the hope of the Buffalo hosts, arrangements will be made for a visit to the Canadian military training camp at Niagara on the lake. This camp is within easy reach of Buffalo. Negotiations with the Canadian military authorities for a suspension of the rigid rules against visitors entering camp now are under way. It also is expected that the Niagara Falls power companies which of late have been chary of admitting visitors to their underground works will make provision for the Shriners to inspect these great hydro-electric power houses during the imperial council session.

The great mass of visitors will come to Buffalo on special trains. Many of these will be parked in the city for habitation purposes if travelers on them prefer sleeping car quarters to hotels. An advantageous parking location has been secured by action of the city, near the pumping station with a fine view of Lake Erie. It is expected nearly 10,000 persons will be accommodated on the parked trains.

By Train and Auto.  
From the east, New England, New York city, Philadelphia and eastern New York a great automobile tour to the convention is being organized. In this automobile parties from the sections named will converge at Syracuse so as to form a procession of vehicles across the state and into Buffalo. It is assured that upwards of 2,500 automobiles will be in this tour, making it the greatest automobile event of its kind in the country's history.

J. Putnam Stevens, imperial potentate of the Shrine, returned a few days ago to his home in Portland, Me., from a three months' tour through the United States and to the Hawaiian islands, on which he visited many temples. He reported on his return that the imperial council session of his summer gives every indication of being the greatest gathering ever held by any fraternal organization in the world.

Solving Unemployment Problems.  
As regards unemployment there should be a national bureau of employment under the direction of the department of commerce, this bureau to be in control of bureaus in the several States, the State bureaus to direct employment bureaus in the various cities. There should also be workingmen's hotels where men out of work could go at nominal cost, with provisions, to be worked out by the government, for enabling men looking for work to travel at reduced fare on railroads, the same as is done in Germany. There should be State and city farms for the derelicts of society, those unfortunates which constitute our "down and out" class. There should be city, State and national movements like roadways, irrigation projects, canals and waterways and the like to give men employment in times of depression or when there is a surplus problem if the work is under the control of the government and in the hands of experts.—C. E. Knoepfel, in the Engineering Magazine for May.

## S-T-R-A-W-S They're Here, Men!

Featuring some what larger shapes for this season.

Novelties are abundantly clever—in Alpine, telescope and pinched crowns; also the popular yacht shapes.

Milan, sennit, peanut, Jap and pineapple straws.

## Appointed Chairman of Publicity and Delegate

FRANK B. BOSCH  
President Robert P. Hooper of the Pennsylvania Motor Federation has appointed Frank B. Bosch as chairman of the publicity committee for the motor clubs of the State, and also selected Mr. Bosch as delegate from this district to the national convention of the American Automobile Association. The national convention meets in Washington, D. C., on the nineteenth of this month.

As chairman of the publicity committee Mr. Bosch also becomes a member of the executive board of the State federation and all dissemination of news of interest to the members of the motor clubs of the State will be under his jurisdiction. Mr. Bosch has for years been one of the most active members of the Motor Club of Harrisburg, of which he is the president, and this recognition by the State federation is honor justly deserved.

## FARM LOAN BILL PASSES SENATE

Vote Stood 58 to 5 After Effort to Amend Measure Had Failed

Special to the Telegraph  
Washington, May 5.—The Hollis farm loan bill, embodying the Administration plan for establishing a system of rural credits, passed the Senate last night by a vote of 58 to 5.

Senators Brandegee, Lodge, Oliver, Page and Wadsworth, all Republicans, voted against the measure.

The bill, after almost two weeks of debate, passed the Senate practically as reported by the banking committee. The Senate bill provides for a non-partisan farm loan board, to consist of the Secretary of the Treasury and four others, having general control of a farm loan system of twelve or more land banks and of farm loan associa-

tions through which loans actually would be made.

Each land bank would have a capital stock of at least \$500,000, to be subscribed by the government if not taken by the public. The farm loan associations would be co-operative, made up of ten or more farmers, who would obtain a charter from their district land bank. A farmer desiring to become a borrower would be required to take stock in the loan association equal to 5 per cent. of his loan.

All profits would go to the loan associations in dividends and thus to the borrowers who are shareholders in them.

The principal fight on the bill was directed at the sections exempting the banks and their mortgages from taxation and permitting employees to be chosen without regard to the civil service. Both were defeated by party votes.

## Spring Pictures Are Interesting
