The Globe Says.

We've Never Shown Such Remarkable Clothes As We Show This Season

The Wonderful Advancement in the Making of Men's Garments Is Most Forcibly Expressed in THE GLOBE Suits For Men and Young Men

The man who wears GLOBE CLOTHES wears the best clothes in the land. Best designing, best materials, best tailoring, best values—it's the combination of all these that has placed this "Big, Live, Progressive Store" first in the minds of clothing buyers—and kept it there.

America's greatest Ready-To-Put-On clothes

Fashion Park Clothes

have no competition. Other makes may in a few instances, be as matchless in quality, but they do not possess that "something" (sometimes called class) that atmosphere—that personality you are sure of in FASHION PARK garments, sold exclusively by THE GLOBE.

Our immense stocks make it easy for any man, regardless of his age, height or build, to select the exact garment best suited to his requirements, at

\$20 \$25 \$30 \$35

Better Than Ever—"Globe Famous Fifteens"

We do not say that "Globe Famous Fifteens" are the best clothes made, but we do believe they are the best that can be produced to sell at \$15, and fully equal in style, fit, fabrics and workmanship to much of the unnamed, unlabeled clothing that many stores ask you to pay as high as \$20. The Globe Guarantee of complete and lasting satisfaction goes with every suit.

\$15

New Shirts—

Hundreds of bright new styles to choose from—stripes—plaids and plain effects—madras, percales, silk and linen and pure silks, at \$1.00 to \$5.00.

New Neckwear—

Rich and lustrous—an assemblage of beautiful patterns exceeding every previous showing—top notch values at 50c to \$2.00.

Lightweight Underwear—

We're ready with the greatest line-up of light weight underwear we've ever shown. See the new athletic style union suit with the drawer supporter attached. Here you'll find every style and make, at, per suit, \$1.00 to \$2.50.

Tomorrow Is Straw Hat Day

The season for "Straws" opens officially to-morrow and we're ready for the rush of men who want to be sure of correct style and lasting quality. Every 1916 style is here in Sennits, Split Straws, Fancy Braids, Bangkoks and Panamas—

\$2 to \$5

Hundreds of Boys Started to Collect the Famous Baseball Stars Photographs We Are Giving FREE in Our Boys' Department

That this town is alive with hundreds of real, red-blooded baseball fans was proven by the way the boys responded to our FREE offer and by their delight in receiving these splendid photographs of the popular players, snapped while they were in action on the field. To-morrow we will give a photograph of the famous Eddie Collins of the Chicago White Sox, and 19 other stars, ABSOLUTELY FREE WITH ANY PURCHASE IN OUR BOYS' CLOTHING, HAT AND FURNISHINGS DEPARTMENT.

And Remember THE GLOBE Gives a Reliable WATCH FREE With Every Boy's Suit From \$5.00 and Upward

Not an ordinary Watch, but the kind of a timepiece that any boy will be proud to carry. THE GLOBE Boys' Clothes are guaranteed just the same as our Men's Clothes, to give lasting satisfaction.

U. S. NEEDS 204 MORE WARSHIPS TO OUTDO KAISER

Cost to Provide Second Place Navy Is Placed at \$652,530,306

Washington, May 5.—The building of 204 fighting ships, including six

dreadnaughts, ten battle cruisers and 21 scout cruisers and the expenditure of \$7,000,000 for aircraft will be required to place the United States in a superior position to that of Germany, which now ranks second among naval powers. The entire cost for ships and personnel to elevate the United States from fourth place to second, it is estimated by the General Board in its report sent to Representative Thomas S. Butler and by him presented to the Naval Affairs Committee of the House, would reach \$652,530,306.

After experts had gone over the report with the Naval Affairs Committee it was shown that this estimate could safely be reduced to \$150,000,000 and still put the United States in second place. The superior guns on American ships are principally of

12 and 14 inches, whereas Germany's do not, in most cases, exceed 11 inches. The report likewise estimated that we could begin the building of a second place navy and complete it within three years if this Congress should authorize the money.

Comparison of Strength.

The following table shows the strength of United States compared with Germany:

Table comparing US and German naval strength: Dreadnaughts, Pre-dreadnaughts, Battle cruisers, Scout cruisers, Destroyers, Torpedoboots, Submarines, etc.

\$51—\$204,335,310. Twenty-one scout cruisers, each \$5,571,900—\$117,009,900. Eighty destroyers, each \$1,325,314—\$106,025,120. Nine fleet submarines, each \$1,685,523—\$15,169,707. Seventy-eight coast submarines, each \$656,302—\$51,191,556. For necessary aircraft—\$7,000,000. Total, \$604,012,179.

For ships building, but not completed until 1917, \$48,518,127. Total additional required for United States to rank second in naval strength on war basis, \$652,530,306.

Increase of Enlistments

The entire personnel of the navy, it is estimated, would have to be increased from 51,500 enlisted men to 127,792, while the officers would have to be increased from 3,551 to 8,265. This increase does not include chaplains, naval constructors, civil engineers and midshipmen.

JITNEY RULES TO BE MADE BY STATE

General Regulation Likely to Come From Public Service Commission Soon

GOVERNOR LEAVES

Will Be Away Until Monday; Marysville Gets Permit From Dr. Dixon

It is likely that within a few days some general regulation for issuance of certificates of public convenience and requirements thereunder in regard to jitney operators will be put out by the Public Service Commission. The subject has been given careful study by the commissioners, who have been making observations in Wilkes-Barre and other places where the jitneys have been very much to the front and the law is now being looked up.

It is probable that the regulation will call for display of certificates and recognition of the man who applies for a certificate, although the details have not been worked out. Experience will also be considered.

The commission last evening approved applications for certificates from several jitney owners in Blair, Mifflin, Cambria, Allegheny and other counties. These will be subject to the regulation when issued.

Marysville Permit.—A permit has been issued to Marysville by Commissioner of Health Dixon for construction of its system of sanitary sewers and sewage treatment.

Forty Charters.—This week has been a lively one for issuance of State charters. In the neighborhood of forty have been approved by the Governor.

Governor Leaves.—Governor Brumbaugh left today for Pittsburgh to return on Tuesday. The Governor's plans call for visits to Erie and Meadville on Monday and Lebanon and Reading on Wednesday, Norristown and Philadelphia on Thursday and the anthracite regions on Friday and Saturday.

Award Made.—The contract was awarded at the State Highway Department for "Class C" bituminous material for use by the Maintenance Division during the present season. Bids for this were opened on Monday.

The contract for the first, third and fourth districts was awarded to the Barrett Manufacturing Company, of Philadelphia, at the following prices: First District, .0749 per gallon; Third District, .075 per gallon; Fourth District, .075 per gallon. The contract for the Second District was awarded to the United Gas Improvement Company, of Philadelphia, at .076 per gallon. In each instance the contract was awarded to the low bidder.

Superintendent of Schools.—I. J. Russell, principal of Towanda schools, was yesterday appointed superintendent of schools of Bradford county to fill a vacancy which occurred.

Broke Quarantine; Arrested.—Milton Baker, who lives in Beaver township, Columbia county, broke measles quarantine, going from his house to a hotel, where the disease also existed. Now the hotel is closed and he is under arrest.

School Payments.—The sum of \$144,550.33 has been paid to 75 school districts since April 1. During April 33 districts received \$67,000 in round numbers and since April 30 forty have been paid \$75,000. About thirty districts remain to be paid, the amount due being \$50,000. This illustrates the manner in which the State financial authorities have been forced to act because of low revenues.

Cost of the strike service of the Guard will come out of the half million appropriation for the purpose of meeting emergencies.

Opinions Given.—Auditor General Powell was informed in an opinion given by Deputy Attorney General Hargest that he had no authority to grant more than one extension of the time for filing corporation reports for State taxation. The decision was in case of a northwestern company which had been given an extension of thirty days. The penalty for failure to file after the extension had been granted will be enforced. Opinions were also given that the premium on the bond for the superintendent of construction of the new building at Spring City Hospital must be paid from the funds of the Department of Public Grounds and Buildings, and that prisoners sentenced prior to June 20, 1909, did not come under the parole act of May 10, 1909.

Major Cole Here.—Major Thomas O. Cole, of the First artillery, was a visitor to the Capitol yesterday.

Governor Invited.—Governor Brumbaugh has been invited to attend the conference of the Governors at Salt Lake on June 27.

Increase Filed.—The Theodore Presser Company, of Philadelphia, has filed notice of increase of stock from \$500,000 to \$750,000.

penditure of a vast amount of money for preparedness, are beginning to see things in a new light. The Administration bill calls for only four capital ships, and the entire program within five years would not place the United States third, even if the countries at war should not continue their naval building program.

Because of the deficit in the treasury the Democrats are opposed to expending more than \$75,000,000 this year. The Republicans hope by the presentation of these figures to force the program to six capital ships this year, two dreadnaughts and four battle cruisers, making the naval appropriation \$100,000,000.

AMERICAN VOTES ONLY, T. R. WANTS

Roosevelt Refuses to Modify Criticism to Gain German Support if Nominated

New York, May 5.—Theodore Roosevelt, should he be a candidate for President, would want the votes of Americans only.

He made this plain in a letter, to a German who wrote to the Colonel suggesting that he "tone down" some of his statements about Belgium, so that he might command the votes of Germans. The Colonel refused to do any "toning down."

His letter, addressed to F. H. Schwan, of Cleveland, follows:

"I thank you for your kind letter. You say you want Irishmen and Germans to vote for me. If I ran I should want all Americans to vote for me, and don't care whether they were born in Ireland or in Germany, or in England or in France or whether their ancestors came over in the Mayflower."

"But I emphatically would not want any human being to vote for me as an Irishman or as a German or as a Frenchman or as an Englishman any more than I would want him to vote for me as a Jew or a Catholic or a Protestant. I am 'strictly' United States and nothing else, and that is all any man ought to be in this country."

"I welcome the support of every good American, no matter where he was
