juniors, Geiger; seniors, Michael, Graybill

<text> Increase in Business
 That the boating season of 1916 promises to be a record breaker in Harristory's history is indicated by the more than ordinarily elaboratoric preparations for handling the in-treased number of water aport en-thusiasts that are being made by boat livery nen and owners of pavilions.
 The selection of the first of the second of the first in creased number of water aport en-thusiasts that are being made by boat livery nen and owners of pavilions.
 The selection of the first of the second of the first in creased number of water aport en-thusiasts that are being made by boat livery nen and owners of pavilions.
 The selection of the first of the second of the first is busy overhaulting, repairing and for increased business. One of the biggest improvements perhaps, will be struction and will be large enough and solid enough to withstand the strain of uncreased business. One of the biggest improvements hereings will be the new 'runway'' for cances oppo-site the main entrance to the pavil-struction and will be large enough and solid enough to withstand the strain of the new type of 'channel' pro-peller powy the boats was recently pur-through wr. Dintaman. The second the strain of the rever the six inches of water.
 At the Berrier Soin and and a number of foats along the river shores, there is increased and range and anomer the large enough the keed in such a way as to permit the shores, there is increased and range and a number of foats along the river shores, there is increased and range and a number of foats along the river shores, there is increased and range and a number of foats along the river shores, there is increased and range and a number of foats along the river and a number of foats along the river shores, there is increased and range and a number of foats along the river shores, there is increased and range and anomer of the trave in six inches of water.
