there are still inquiries being made there are still inquiries being made at the department of the Secretary of the Commonwealth about printing of the ballots. Apparently many of the county authorities are appalled by the size of the ballots this year and as the counties have to pay the expense of primaries now there is much interest shown in exactly what the State law requires. All changes in ballots are now up to the county commissioners, the State having completed certifying everything.

Considerable interest is being shown about the State Department of Agriculture has been issued with the report of the meetings of the State Board of Agriculture has been issued with the report of the meetings of the State Board of Agriculture has been issued.—The 1914 report of the meetings of the State Board of Agriculture has been issued with the report of the meetings of the State Board of Agriculture has been issued.—The 1915.
