ECZEMA ALL OVER CHILD'S FACE

Hands and Head. Appeared in Form of Rash. Head Covered With Scales. Itched and Burned.

HEALED BY CUTICURA SOAP AND OINTMENT

"The first notice we had of my child's eczema was on his cheeks, and it continued to spread all over his face, hands, and head. It appeared in the form of a rash which made him cross and fretful and very sleepless. It stopped the growth of his hair as his head was covered with scales. His face and hands were so affected that they itched and burned.
"We sent for a sample of Cuticura Soap and Ointment which afforded almost immediate relief, so we bought more, and by the end of three weeks the child was healed." (Signed) Mrs. Harry Krouse, 323 South 2nd St., Steelton, Pa., July 1, 1916.

Special to the Telegraph

Mechanicsburg, Pa., May 10.—According to the plans of the School Board, Mechanicsburg will have a park and place of recreation in the future, if the privilege is not abused. A portion of the campus at the high school, which is large and beautified with trees, will be given over for this purpose. It is the intention to provide benches through the generosity of citizens and furnish a park for band concerts during the summer months. The school board elected John E. Fenton, the present teacher of science, who has been teaching for the past month, to the same position for the ensuing year.
