YORK WINNER IN FIRST HOME GAME

Pitchers Go Bad When White Roses Start Bombardment in Fourth Inning

Harrisburg's State League squad got into the Philadelphia Athletics' stride yesterday, losing the opening game in this city to Lew Ritter's York team; score, 12 to 5. George Cockill's pitching staff went to the bad. "Buck" Ramsey, the iron man, has not struck his kait and was unable to save the day for the locals.

Steward, a youngster, had little from the start. His teammates took care of him until the fourth inning, when the blow-up came. York had lucky breaks in hitting, driving out the ball for extra counts when bases were filled. Harrisburg hit the ball, too, but pinch swatters were not in evidence, and fourteen men were left on bases.

Both Teams Speedy
Both teams showed speed and ability. Team work was lacking at times and the outfielders showed poor judgment in covering their territory for long drives. "Lefty" Wertz had Harrisburg guessing for two innings. He was bumped hard, but had better fielding back of him. There was much in the opening game that was disappointing to local fans, but they realized that it was the first game at home and it was a little too early for kicks. Lancaster will be the attraction to-day and to-morrow and next week Harrisburg takes the road for a series of games. This was ladies' day and at this afternoon's game the fair sex was very much in

Planing Mill Team Is Given Hard Jolt by Clerks

The Planing Mill received a jolt at the hands of the Clerks in the Lucknow Shop League at noon yesterday, losing their first game of the season, score 7 to 1. The Mill team was somewhat crippled by the absence of Catcher Hippensteel and Outfielder Brown. Murphy pitched good ball and with better support the score would have been less, as he only allowed five hits from which seven runs were scored by the Clerks. Hunt Garverich, pitched air-tight ball for the Clerks, allowing only one hit and striking out four men. He was ably assisted by the hitting of Leedy and Smith, the former in two trips to the plate, pooled on a single and a double, both aiding largely in the scoring. Geary's hitting and fielding of Hoover and Gough featured for the Planing Mill.

WELLY'S CORNER

George Cockill's pennant chasers made a bad start yesterday. The only excuse offered by the local manager was that his pitchers are not in shape. The fourth inning was disastrous. Both teams hit the ball. Fans were not slow in handing out their knocks without considering that the team has played together only twice. The same kickers excused the Athletics for their defeat the other day by Detroit.

Baseball fans who know the game are of the opinion that the Pennsylvania State League will be furnishing some fast baseball by June 1. Of course there will be changes in all line-ups. Protection papers will be here this week, and it will then be possible to sign up surplus major league players.

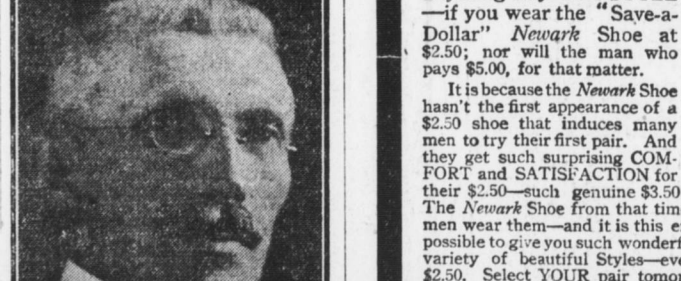

Fred A. Godcharles, Deputy Secretary of the Commonwealth, is blamed for yesterday's downfall for Harrisburg. He is said to be a Jonah for young pitchers. He was a spectator at the game in Philadelphia the other day when the Athletics were snowed under by Detroit. In that contest thirty batters were passed. Last week he witnessed two games in Central Pennsylvania towns, and yesterday attended the opening game at Island Park. He told his friends last night that he will go every day to see Harrisburg play and outdo the jinx.

Leo Groome, president and owner of the Harrisburg club, held a conference with Manager George Cockill last night and soon after wires were busy. It is twirled that Harrisburg needs. They will be on hand in short order. If there are any to be had, Manager Cockill will get them. The team will get going after another week of morning practice.

FOR REPRESENTATIVE IN THE LEGISLATURE

Augustus Wildman

I favor an amendment of the law appropriating one per cent. of the foreign insurance fund, so that it shall provide for two per cent. for the relief of firemen.
I also favor an act, making it obligatory upon the part of the State, to expend all moneys collected for automobile licenses, to improve and maintain the highways.
I am unalterably opposed to the taxing of fishermen.
I will thank you for your vote and influence.

BETTER TOBACCO MADE THEM FAMOUS

WONDERFULLY GREAT CIGARETTES

Why do we use better tobacco without raising the price?

Because we knew the smokers in America were ready and waiting for a higher grade 5 Cent cigarette.

We knew our facilities for manufacturing fine cigarettes gave us an advantage over other manufacturers.

The result is ZIRA—the cigarette for which thousands of smokers have forsaken more expensive brands.

The Mildest cigarette.
