Coal Will Be Higher Next Winter

Everything points to higher coal prices next winter. There were no summer reductions this season on account of unsettled conditions, and now that concessions have been granted the miners at a cost of millions to the operators, the necessity of advancing coal prices is imperative.

Even pea coal is likely to advance on a sliding scale basis. We advise our customers to BUY COAL NOW for next winter. We are prepared to fill all orders at present prices.

SCOTT RETURNS FROM MEETINGS

[Continued From First Page] and plans were made for a meeting with General Scott later. The War Department to-day had a report from General Pershing saying the new concentration of troops ordered by Gen. Funston after the El Paso conference, was being conducted satisfactorily. This was interpreted as meaning the supply lines were being shortened. There were no indications to-day that the National Guard of any other States would be called out soon to strengthen the border patrol.

Suspicion Is Aroused by Series of Incendiary Fires at Posts Along Border

Special to the Telegraph El Paso, Texas, May 15. — Army posts and stations along the border are on their guard against incendiaries to-day as a result of two fires last night at Fort Bliss, where flames of unknown origin destroyed a storehouse three cavalry stables, three houses and some tents. Army officers express the opinion that an investigation will disclose the fires could not be of spontaneous or accidental origin. It was said that there was no attempt on the ammunition house. The storehouse, where the first fire occurred, contained some machine guns. Two other fires of recent occurrence have been of suspicious nature. At the field base, at Columbus, N. M., about \$700 worth of hay was destroyed. Two weeks ago the El Paso Country Club, not far from Fort Bliss, was burned to the ground with a loss of \$25,000.

President Resists Pressure From Members of Cabinet to Intervene in Mexico

Special to the Telegraph Washington, May 15. — President Wilson is said to be resisting strong pressure from members of his own Cabinet in support of armed intervention in Mexico. One or two of the members are said to be actively supporting intervention. Other members of the Cabinet are said to be using the argument of politics in favor of intervention. The President, however, is reported as absolutely fixed in his determination not to resort to such a move unless the Carranza forces in Mexico turn against the American troops, or attempt any attack on American towns along the border.

ALFALFA SHOULD BE OBSERVED

State Expert Talks About the Importance of Putting in Some Mixtures

"I am persuaded that many of the farmers who are trying alfalfa this year will find it profitable to sow a mixture of equal parts timothy and alfalfa seed," says J. T. Campbell, soil and farm crop expert of the Pennsylvania Department of Agriculture, in this week's bulletin. "The timothy will form a protection to the alfalfa, which will do much to prevent its being frozen out. Splendid success has been obtained from sowing the above mixture at the rate of twelve quarts per acre on especially prepared land about August 15. In preparing the ground it is wise to grow a crop of 60-day oats, or a crop of rye and as soon as the grain is removed, the ground is plowed and thoroughly fitted by compacting the soil and making a fine seedbed on the top. No half-way preparation will succeed here. The work must be done right. "We are using this alfalfa and timothy mixture in a shorter rotation. The timothy makes a lot of fine roots near the surface while the alfalfa roots deeply which forms an ideal combination for soil improvement. On the soils of northwestern Pennsylvania, timothy is one of the most valuable plants if used wisely."

Rotarians Hear That War Has Hit Business Hard

Rotarians at lunch at the Senate Hotel to-day heard from every member present the effects of the war on their various lines of business. In almost every case the conflict had caused sharp rises in prices and increase in trade. D. L. M. Raker was chairman and the speaker was R. M. McNeal, former Dauphin county superintendent of schools, now in the service of the State.

AUTOS COLLIDE

Only one person was badly injured in several auto accidents in the city and vicinity over the week-end. George Keiser, of Carlisle, was driving a car up Front street yesterday when he collided with another car. Keiser sustained a badly lacerated hand. He was treated at the Harrisburg hospital. Late Saturday night two machines driven by W. R. Wengert, of Pittston, and John Dougherty, of Pittston, collided at Third and North streets, but none of the passengers was injured.

CASEMENT GOES ON TRIAL FOR TREASON

campaign among the Irish prisoners in Germany with the purpose of seducing them from their allegiance. Bailey, he said, had been seduced in this manner and had made a statement explaining Caseiment's action in detail. The attorney general said Bailey had those prisoners who joined a brigade against the German government from various prisons in Germany and placed in a large camp at Limburg. There they heard addresses by Caseiment, who tried to influence their minds against the British government and persuade them to break their oaths of allegiance and support him in his projected expedition to Ireland.

CASEMENT'S PLANS

The attorney general said Caseiment described himself as the organizer of the Irish volunteers and impressed upon the Irish prisoners in Germany that everything was to be gained for Ireland by Germany's winning the war. Those prisoners who joined a brigade he was attempting to form were promised by Caseiment, the attorney general asserted, that they would be sent to Berlin as guests of the German government. In the event that Germany won a sea battle, he would land the brigade in Ireland to defend the country against England; if Germany lost the war, he would give each man £10 to £20 and free passage to America.

"This is the plan conceived in 1915," said the attorney general "by the Irish in 1911 was begging Sir Edward Grey to convey his deep appreciation to the king of the honor of knighthood which had just been conferred on him.

Met With Little Success

In his story of the manner in which the Irish volunteers raised an Irish brigade among prisoners in Germany to fight against England, the attorney general said the prisoner had met with little success. Such men as he won over were few, provided with green uniforms and received rewards. When the attorney general declared that one of the Irish prisoners had struck Caseiment in the face on being asked to join the brigade, Caseiment smiled disdainfully and pulled at his beard in evident amusement.

Asquith on Way to Belfast; Armed Irishmen May Be Enlisted in British Army

Dublin, May 15.—via London.—Premier Asquith who has been in Dublin for several days departed this morning for Belfast to confer with prominent men in the North. The view widely prevails that Mr. Asquith will propose to incorporate the Nationalist and Unionist forces of armed volunteers into the auxiliary troops of the Imperial army and thus avoid the admittedly perilous problem of disarming everybody in Ireland not belonging to the recognized military organizations. At the same time, the opinion grows apace in favor of a real Irish executive council, formed of Irishmen entirely conversant with the people and their aspirations and needs.

Declares Rural Children Underweight Because of Diet; Use Too Much Coffee

Indianapolis, May 15.—To-day was an unusually busy one for the delegates to the National Conference of Charities and Corrections. Besides the usual sectional meetings there were two general sessions of the conference and two extra events in the tea party which Charles W. Fairbanks gave for the delegates on the lawn at home and an address by Mrs. Margaret Sanger of New York at a special meeting this afternoon on "Birth Control." That the rural school children are not as well developed physically as city children was brought out in the paper read by Dr. Tallafiero Clark of the United States Public Health Service at a meeting this morning. The country boys and girls are underweight and under height, he said, largely because of diet. Fifty-seven per cent of rural school children use coffee and only fifteen per cent, milk, he said. Consolidation of rural schools and efficient health supervision is urgently needed, according to Dr. Clark.

HORSESHOERS ELECT

Officers of the Pennsylvania Division of the Master Horseshoers' National Protective Association were elected on Saturday just before the close of the annual convention of the delegates. Those selected follow: Charles A. Umlauf, Johnstown, president; William Niemeyer, city, vice-president; F. Beckel, Philadelphia, secretary-treasurer.

has refused to discuss the charges and has defied his accusers to do their worst, styling the charges slanders. His candidacy has been declared by the Senator to be not in good faith and the political activities of his Attorney General and some of his public service commissioners have also been pointed out. In return Senator Penrose has been accused of bossism and various matters raised against him in the campaign of 1914 when he was elected Senator by direct vote.

Newspaper Views

The only two direct claims regarding the result of the Republican contest made by newspapers to-day are by the Philadelphia Public Ledger and the Pittsburgh Gazette-Times. The Ledger made a poll of the counties and says there will be a tight vote and Penrose victory. The Pittsburgh paper says "the indications point to victory in this county for State candidates supported by the Republican State organization" and adds that the Brumbaugh campaign has been a failure in Allegheny.

Unquestionably Senator Penrose and the voters will get a big vote for national delegate-at-large on an uninstructed basis, but there are also signs that Governor Brumbaugh will receive a larger vote than his opponents believe. He will get many complimentary votes which will not extend to his own delegates. It should also be borne in mind that there are twelve delegates and alternates at large to be elected and that the first three names are of Brumbaugh men. With over two dozen names to pick from and no real vote to boot, some surprises are likely.

Delegates-at-Large

Although the Democrats have a contest over national delegate-at-large, it is only a sideshow, because the Republicans are furnishing the big fight in the first year of election of such representatives to a state-wide election. The Republican list of delegate-at-large candidates is as follows, twelve in all: William H. Baker, secretary of the Senate and a Harrisburger. They are on opposite sides.

- Delegates-at-Large: William H. Baker, Harrisburg; Martin G. Brumbaugh, Germantown; Della Brumbaugh, Pittsburgh; William J. Burke, Pittsburgh; Charles M. Clement, Sunbury; James Elverson, Jr., Philadelphia; David L. Gillespie, Pittsburgh; Albin Hanson, Rosemont; W. Freeland Kendrick, Philadelphia; Bradley W. Lewis, Tunkhannock; C. W. Linn, Harrisburg; George T. Oliver, Pittsburgh; Boies Penrose, Philadelphia; Archibald W. Powell, Glassport; John M. Reynolds, Bedford; John E. Rice, Harrisburg; George R. Scull, Somerset; Henry W. Shoemaker, McElhattan; Thomas B. Smith, Philadelphia; John W. Wanmaker, Philadelphia; George T. Weingartner, New Castle.

All of the parties in the State will elect state committees to-morrow. These committees will meet here about June 1 for organization. The Penrose people contend that the State committee will elect the national committeeman for the Republicans, but the Brumbaugh people contend that the national delegates will elect, and thereby hope to throw the matter into the national convention. The Penrose people say that they have two-thirds of the Republican State committee clinched.

The Democrats are fighting over control of the State committee because if the reorganizers win they will re-elect State Chairman Roland S. Morris. The Democratic national committeeman will be elected at the polls, A. Mitchell Palmer, the incumbent, being opposed by Congressman Michael Liebel, Jr., of Erie. This campaign has exceeded in unkind words even that in the Republican party.

The State Ticket Justice E. A. Walling, of the Supreme Court, comes before the people for nomination for the full term and if, under the nonpartisan act, he bests Charles Palmer, a Chester lawyer, he will be unopposed at the general election for the next year's term. Philander C. Knox is unopposed Republican candidate for Senator with Democrats fighting between Ellis L. Orvis, of Bellefonte, and Eugene C. Bonnell, of Philadelphia, for the empty honor of being defeated by him. Harmon M. Kephart, chief clerk of the Senate and a resident of Connelisville, is clearly in the lead for the State Treasurer nomination of the Republicans. J. V. Clark, also Washington candidate, not having many supporters. Senator Charles A. Snyder, of Erie, is backed by the Penrose people and a strong organization. Ambler is now backed by the Brumbaugh forces, which backed and filled on him for a time. The Democrats have fights for their nominations as usual.

The four present Congressmen-at-large are candidates for renomination with factional splits. Congressman Kreider, of Erie, and another prominent Central district men are candidates for renomination.

Beideman Unopposed Senator E. E. Beideman, president pro tem of the State Senate, is unopposed for Republican renomination, but there are reports that partisans of the Rev. Dr. W. N. Yates, unopposed Washington party candidate, propose to use stickers to get his name on the Republican and Democratic ballots for Senator. Dr. Yates filed petitions to run for the latter two nominations, but they were attacked in court and withdrawn. Alderman George D. Herbert is the Senator's unopposed Democratic opponent.

In the city legislative district there are eight candidates in the field of which Edward Dapp is an avowed local option candidate. He is also committed to labor reforms and increased firemen's funds and is opposed to the proposed licenses for fishermen. Other candidates are James Evans, Thomas P. Moran, Albert Miller, Ira J. Mosey, George A. Werner, J. W. Swartz and Augustus Wildman. In the county W. J. Ballor, colored; David J. Bechtold, Steelton; J. A. Hoffman, Elizabethtown; J. B. Martin, Middletown; A. I. E. Ullsh, Upper Paxton township, are the Republican candidates. On the Democratic side in the city the candidates are A. Ramsey, C. B. Shanno and George A. Werner, and in the county, J. T. Buser, Enhaut; J. B. Martin, Middletown, and J. J. Mates, Williamstown. There are no contests in the Washington party for the Legislature.

An End To The Curse Of Wearing Worthless Trusses

No More Rupture Troubles 60 Days Trial To Prove It

You Don't Have to Risk A Penny Here is something absolutely guaranteed to keep your rupture from coming out. And you can try it sixty days—make a thorough prove-it-to-you test—without having to risk a penny. If it doesn't hold—if it doesn't keep your rupture from bothering you in any way—then it won't cost you a single cent. The Only Thing Good Enough To Stand Such A Test You know as well as we that you can't tell anything about a truss or anything else for rupture merely by trying it on. That's the worst of going to a drugstore or local truss fitter. A truss or so-called "appliances" may seem alright when you first put it on, and afterwards prove utterly worthless. The only way in the world you can make sure of exactly what you're getting is by a 60 days' trial—a thorough day-after-day test. And our guaranteed rupture holder—the famous Cluthe—is the only thing of any kind whatever for rupture that you can get on sixty days' trial, the only thing good enough to stand such a long and thorough test. Something Nothing Else Does The Cluthe is so utterly different from anything else for rupture that it has received eighteen separate patents. It provides the only way ever discovered for overcoming the weakness which is the real cause of rupture. Just how it does that—entirely automatically—is, as explained in the free book. Will Save You From Operation The Cluthe has so thoroughly proved its merits that physicians in all parts of the world and surgeons in the U. S. Army and Navy now recommend it instead of advising operation. It has brought complete recovery in hundreds of cases after operation has proved a failure.

We know the Vares well enough to know that when they gave their word a week or ten days ago that they wanted all Jews to vote for Sobel, and encouraged them to take the stand, they meant every word of it. "After this war is over millions of Jews will come to this country. We want their friends in Congress, not men who will vote for any measure to restrict Jewish immigration. Such a man can expect no support from Jews of any stripe."

Coal Prices Are Withdrawn

that were issued by the coal mining companies on May 10th.

The figures originally given showed an increase of about 30c per ton over former price lists.

It is expected, by all the coal trade, that the new prices, when issued, will be higher than the ones given out about one week ago—and the next day withdrawn.

Recent figures in coal trade papers give a possible advance of 55c per ton on Pea Coal, 40c per ton on Stove size, 20c on Chestnut and 15c on Egg Coal.

We are not in position to give our customers definite information as to future coal prices. However, from all indications it would seem the wise thing would be to fill your bins while a supply may be obtained at present prices.
