Transcontinental Flight For Rich Prizes Planned

New York, May 15.—A transcontinental aeroplane competition, for which prizes amounting to \$100,000 probably will be offered, has been decided upon by the Aero Club of America. The plan, which has for its object it was stated, the development of the aerial defense of the country, was signed by Ralph Pulitzer, of this city, who has donated a trophy for annual competition.

In a letter to the club Mr. Pulitzer declared that "it seems the irony of fate that the country of Langley, the Wrights, Curtiss and other pioneers who may be said to have given the world wings, lags last where it ought to be first."

The route for the transcontinental flight and the date will be announced later.

HOSE CO. MUST REMOVE REFUSE

Reilly Firemen Ordered to Clean Up Rubbish Left by Carnival Co.

Request will be made by the city school authorities to the Reilly Hose company that the refuse and paper left at Third and Reilly streets, by the carnival company located there last week, must be removed. The carnival company exhibited here for the benefit of the firemen and upon leaving the city, left vast paper lying loose which blew over many of the streets in the West End.

The Rev. George F. Schaum, pastor of the Harris Street United Evangelical Church, facing one of the plots, occupied by the carnival, was foremost in registering protests to the school board, owners of the property, because of the untidiness. The order to have a clean-up made at once was sent out shortly afterward. Other church organizations in the neighborhood also protested, and complaints were made of the noise made in loading and unloading of the carnival equipment. Mr. Schaum also served notice that an account of the objectionable character of the carnival he would protest against other performances of the kind.

REAL ESTATE LEADS STATE IN BUILDING GAINS

Harrisburg Operations in April Show Record Increase; Fourth in U. S.

Only three other cities in the United States showed a greater percentage of increase in building operations for April, 1916, as compared to the same month a year ago, than did Harrisburg, according to statistics compiled by the American Contractor.

Figures from 105 of the principal municipalities of the country are submitted and of this number Wichita, Kan. leads with a gain of 972 per cent. Holyoke, Mass., is second with 743 per cent, and Nashville, Tenn. follows with 674 while Harrisburg is next with a clear gain of 291 per cent.

These figures are considered especially significant among builders and contractors in view of the fact that in thirty-seven cities there were considerable percentages of decrease in operations. For instance New York shows a clear decrease of five per cent. New Orleans 29 per cent, Wilkes-Barre 42, Scranton 61, Troy, N. Y., 10, Topeka, Kan., 42, San Antonio, Tex., 53.

While Harrisburg, of course, leads all the cities in Pennsylvania a few of them show pretty good gains. Allentown gained 153 per cent, Altoona 24, Erie 32, Huntingdon 171, Philadelphia 80, Pittsburgh 28 and Reading 61.

Harrisburg's annual "Spring Clean-Up" began early this morning when every available wagon and cart of the Pennsylvania Reduction Company, was sent to Allison Hill to begin the collection of all the refuse and rubbish which accumulated during the winter months.

To-morrow the men will return to the Hill district and complete the work, starting on the southern and central districts on Wednesday and Thursday. The last two days of the week will be divided in the West End territory. Next Monday the men will return again to the Hill and go over the same route as this week.

Last year a record collection of refuse was reported and Dr. J. M. J. Raunick, city health officer, looks for a bigger total of wagonloads of rubbish hauled this year.

At the close of the "clean-up" week campaign a new schedule will be tried out according to announcement of Dr. Raunick who has been aiding the Reduction company in making regular collections of ashes and garbage.
