The company desired to be permitted to file with the Secretary of State the consent of a majority of the stockholders to the dissolution and also be allowed to begin the publication of notices of the proposed dissolution in order to facilitate the company's sale.

RAILROAD NEWS TRAINMEN START DETROIT MEETING

To Discuss Eight-hour Question; Cleveland Plan Up Again

By Associated Press
Detroit, Mich., May 15.—The proposed eight-hour day for engineers, firemen and other members of train crews was expected to be the most important question discussed at the national convention of the Brotherhood of Railroad Trainmen, which opened here to-day. The convention will probably not adjourn until June 1. The Ladies' Auxiliary also convened.

Many speakers are to discuss phases of the trainmen's fight for shorter hours and less overtime. It has been claimed by members of the brotherhood that the work now accomplished could be done in eight hours by increasing the speed of transportation service from the present rate of ten miles to a 12 1/2 rate. Railroad officials have declared the plan too costly to adopt.
