Today's Aid to Beauty

An especially fine shampoo for this weather, one that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be made at trifling expense by simply dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.

Two men of the church agreed to give \$1 for every \$5 from the audience to the amount of \$25 each. This made the total receipts of the evening \$127.80 including the challenge. The collection is to be used for a church debt.
